In this new novel, set in contemporary Dublin, Roddy Doyle returns to Paula Spencer ("One of Doyle's finest creations" – Toronto Star), the beloved heroine of the bestselling The Woman Who Walked into Doors, with spectacular results. Paula Spencer begins on the eve of Paula's forty-eighth birthday. She hasn't had a drink for four months and five days. Having outlived an abusive husband and father, Paula and her four children are now struggling to live their adult lives, with two of the kids balancing their own addictions. Knowing how close she always is to the edge, Paula rebuilds her life slowly, taking pride in the things she accomplishes, helped sometimes by the lists she makes to plan for the future. As she goes about her daily routine working as a cleaning woman, and cooking for her two children at home, she re-establishes connections with her two sisters, her mother and grandchildren, expanding her world. She discovers the latest music, the Internet and text-messaging, treats herself to Italian coffees, and gradually ventures beyond her house, where she's always felt most comfortable. As Paula thinks of herself, "She's a new-old woman, learning how to live." Doyle has movingly depicted a woman, both strong and fragile, who is fighting back and finally equipped to be a mother to her children – but now that they're mostly grown up, is it too late? Doyle's fans and new readers alike will root for Paula to stay clean and find a little healing for herself and her children, amidst the threat that it may all go wrong.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The authors of this book explain the differences between managing by the 3-Ps (Proximity, Position, and Persuasion) and the 3-Cs (Clarity, Consistency, and Connectivity). Leaders who employ the 3-Ps manage with a focus on the individual. Leaders who use the 3-Cs, however, manage by weaving personal leadership techniques with a process of managing the business or organization that has proven extremely effective during the decade since it was introduced. It's a way to lead a company or organization that leaves a legacy of sustained growth and success for those who come after the leader to latch onto and continue. The book is written as a business novel. What is learned on the protagonist's journey is expanded upon in a lesson at the conclusion of each chapter. Readers are then invited to assess their own legacy potential by completing a self-assessment. The management process this book contains is now being employed successfully not only by small and medium size businesses, but also by Fortune 500 companies, successful municipalities, and the United States Army.

An historical novel like none before it, A Star Called Henry marks a new chapter in Booker Prize-winner Roddy Doyle's writing. It is a vastly more ambitious book than any he has previously written. A subversive look behind the legends of Irish republicanism, at its centre a passionate love story, this new novel is a triumphant work of fiction. Born in the slums of Dublin in 1902, his father a one-legged whorehouse bouncer and settler of scores, Henry Smart has to grow up fast. By the time he can walk he's out robbing, begging, charming, often cold, always hungry, but a prince of the streets. At fourteen, already six foot two, Henry's in the General Post Office on Easter Monday 1916, a soldier in the Irish Citizen Army, fighting for freedom. A year later he's ready to die for Ireland again, a rebel, a Fenian, and, soon, a killer. With his father's wooden leg as his weapon, Henry becomes a republican legend – one of Michael Collins' boys, a cop killer, an assassin on a stolen bike, a lover.

They are off to Finland for an adventure holiday, riding dog sleds at a remote lodge. But when their mum is lost in the snowy wastes, the stage is set for a novel in two voices: a frantic story of seeking and finding which shrieks with nail-biting tension. A tale of snow and ice, and of courage and survival, this gripping story from world-class author Roddy Doyle will take your breath away.

"The Long Christmas Dinner - nine decades long - showcases the lives of several generations of the Bayard family, and some of their Christmas dinners. As generations appear, have children, wither, and depart, only the audience appreciates what changes and what remains the same. 'Every last twig is wrapped around with ice. Why should we meditate? How can crystals heal the mind and body? Why is visualization so powerful - and so effective? Alternative therapies, healing modalities, and spiritual practices are often referred to as 'woo-woo,' - but many of these approaches are actually supported by compelling scientific evidence. In this dynamic and thought-provoking book, David R. Hamilton PhD dives deeper into the true nature of consciousness and presents the cutting-edge research behind energy healing, crystals, meditation, and more. You'll discover:

- The science behind some of today's most popular alternative practices - How your thoughts, emotions, and beliefs have healing power - The benefits of nature and a holistic approach to healing - A fascinating link between consciousness and human connection - The relationship between suppressed emotions and disease The ideas behind some of these holistic therapies have been around for millennia - but now we have scientific evidence demonstrating how they can contribute to physical, emotional, and energetic healing too. It's time to embrace the truth: That woo-woo really does work.

The triumphant conclusion to the trilogy that began with A Star Called Henry Watch for Roddy Doyle's new novel, Smile, coming in October of 2017 Henry Smart is back. It is 1946, and Henry has crawled into the desert of Utah's Monument Valley to die. He's stumbled onto a film set though, and ends up in Hollywood collaborating with John Ford on a script based on his life. Eventually, Henry finds himself back in Ireland, where he becomes a custodian, and meets up with a woman who may or may not be his long-lost wife. After being injured in a political bombing in Dublin, the secret of his rebel past comes out, and Henry is a national hero. Or are his troubles just beginning? Raucous, colorful, and epic, The Dead Republic is the magnificent final act in the life of one of Doyle's most unforgettable characters.

Roddy Doyle's last novel, A Star Called Henry, was chosen by the The New York Times Book Review as one of the eleven Best Books of the Year; The Washington Post said it was "not only Doyle's best novel yet; it is a masterpiece, an extraordinarily entertaining epic.!! Now Doyle, author of six bestselling novels, twice nominated for the Booker Prize and once a winner, turns his protagonist Henry Smart's rich observation and linguistic acrobatics loose on America, in an energetic saga full of epic adventures, breathless escapes, and star-crossed love. Publishers Weekly says "Doyle just gets better and better.!! Our Irish hero arrives in New York in 1924 to bury himself in the teeming city and start a new life; having escaped Dublin after the 1916 Rebellion, Henry Smart is on the run from the Republicans for whom he committed murder and mayhem. Lying to the immigration officer, avoiding Irish eyes that might recognise him, hiding the photograph of himself with his wife because it shows a gun across his lap, he throws his passport into the river and tries to forge a new identity. He charms his way into the noisy, though Lower East Side, reads to Puerto Rican cigar makers, hauls bottles for a bootlegger and composes ads on sandwich boards, finally setting up his own business with the intention of making his fortune. But he makes enemies along the way among mobsters such as Johnny No and Fast Olaf. Henry hightails it out of Manhattan with a gun at his back and Fast Olaf's hestler of a half-sister on his arm. This was a time when America was ripe for the picking, however, and a pair of good, strong con artists could have the world at their fingertips. The Depression was sending folks to ride the rails in search of a new life and new hope, and all trains led to Chicago. As Henry's past tries to catch up with him, he takes off on a journey to the great port, where music is everywhere: wild, happy music played by a man with a trumpet called Louis Armstrong. Armstrong needs a white man, and the man he chooses is Henry Smart. The bestselling A Star Called Henry followed Henry Smart from his birth in 1902 until the age of twenty, by which time he had already had a lifetime's worth of adventures in his native Ireland. With these books, Doyle was trying in some ways to write a story like Charles Dickens' David Copperfield, starting at the beginning of his life and following him through many years of adventures. To write the new book, he had to research the vanished world of pre-war America. !! went to Chicago, on the south side, to see if any of the old jazz clubs were still around. I was very keen to see what Henry would have seen as he'd stood outside, under the awnings. But all the jazz clubs that were along State Street, they're all gone; every one of them's gone. There's one that is still standing !! it was, originally, The Sunset Cafe, where Louis Armstrong played, but now it is a hardware store. The Vendome Cinema, where he used to play during the intermissions, is now a parking lot for the local college. That I found upsetting. But on the other hand it was very liberating because in its absence I can invent.!! Music, often American soul or blues, is always important in Roddy Doyle's work, often as escapism for the working-class Dubliners in the Barrytown books. Doyle grew up listening to American music and likes to write while listening to music. For Henry in America, Doyle says, "when he hears this music, he feels he's being baptized. He's new. He feels he's gotten away from Ireland. He is gotten away from the misery of it all and he's listening to this glorious celebration.!! Winner of the Booker Prize | Roddy Doyle's witty, exuberant novel about a young boy trying to make sense of his changing world It is 1968. Patrick Clarke is ten. He loves Geronimo, the Three Stooges, and the smell of his hot water bottle. He can't stand his little brother Sinbad. His best friend is Kevin, and their names are all over Barrytown, written with sticks in wet cement. They play football, lepers, and jumping to the bottom of the sea. But why didn't anyone help him when Charles Leavy had been going to kill him? Why do his ma and da argue so much, but act like everything is fine? Paddy sees everything, but he understands less and less. Hilarious and poignant, Paddy Clarke Ha Ha Ha charts the triumphs, indignities, and bewilderment of a young boy and his world, a place full of warmth, cruelty, confusion and love.

The Black Dog of Depression has descended over the adults of Dublin. Uncles are losing their businesses, dads won t get out of bed, mothers no longer smile at their children. Siblings Raymond and Gloria have had enough and set out one night with one goal in mind: to stop the Black Dog, whatever it takes. In a chase through the streets and parks and beaches of Dublin, the children run after the Black Dog, and soon dozens, then hundreds, then thousands of kids join in their fight. They discover they have one weapon against the Black Dog. The weapon is a word: brilliant. Illustrated throughout by a bright new talent and told through the masterful dialogue for which the acclaimed Roddy Doyle is known, Brilliant is a very special book with a storybook feel.

For his many devoted readers: the first collection of stories from Booker Prize-winning author Roddy Doyle. Roddy Doyle has written stories for Metro Eireann, a magazine by and for immigrants to Ireland. Each of the stories takes a new slant on the immigrant experience, something of increasing relevance and importance in Ireland today. The Deportees now brings those stories together for all of Roddy's devoted readers, ranging from a terrifying ghost story, "The Fram,," in which a Polish nanny grows impatient with her charge's older sisters and decides using a phrase she has just learnt to scare them shitless, to the glorious title story itself, where Jimmy Rabbittle, the man who formed the beloved Commitments, decides it is time to find a new band, and this time no white Irish need apply. Multicultural to a fault, the Deportees specialize not in soul music, but in the songs of Woody Guthrie.
