A heart-racing page-turner that hits the ground running and then accelerates all the way to a colossal showdown "Jack Reacher is the coolest continuing series character now on offer."—Stephen King, in Entertainment Weekly There's deadly trouble in the corn country of Nebraska . . . and Jack Reacher walks right into it. First he falls foul of the Duncans, a local clan that has terrified an entire county into submission. But it's the unsolved case of a missing child, already decades old, that Reacher can't let go. The Duncans want Reacher gone—and it's not just past secrets they're trying to hide. They're awaiting a secret shipment that's already late—and they have the kind of customers no one can afford to annoy. For as dangerous as the Duncans are, they're just the bottom of a criminal food chain stretching halfway around the world. For Reacher, it would have made much more sense to keep on going, to put some distance between himself and the hard-core trouble that's bearing down on him. For Reacher, that was also impossible.

Jack Reacher takes aim at the White House in the sixth novel in Lee Child's New York Times bestselling series. Skilled, cautious, and anonymous, Jack Reacher is perfect for the job: to assassinate the vice president of the United States. Theoretically, of course. A female Secret Service agent wants Reacher to find the holes in her system, and fast—because a covert group already has the vice president in their sights. They've planned well. There's just one thing they didn't plan on: Reacher.

#1 NEW YORK TIMES BESTSELLER • Jack Reacher returns in another fast-moving, action-packed, suspenseful book from Lee Child. You can leave the army, but the army doesn't leave you. Not always. Not completely, notes Jack Reacher—and sure enough, the retired military cop is soon pulled back into service. This time, for the State Department and the CIA. Someone has taken a shot at the president of France in the City of Light. The bullet was American. The distance between the gunman and the target was exceptional. How many snipers can shoot from three-quarters of a mile with total confidence? Very few, but John Kott—an American marksman gone bad—is one of them. And after fifteen years in prison, he's out, unaccounted for, and likely drawing a bead on a G8 summit packed with enough world leaders to tempt any assassin. If anyone can stop Kott, it's the man who beat him before: Reacher. And though he'd rather work alone, Reacher is teamed with Casey Nice, a rookie analyst who keeps her cool with Zoloff. But

they're facing a rough road, full of ruthless mobsters, Serbian thugs, close calls, double-crosses—and no backup if they're caught. All the while Reacher can't stop thinking about the woman he once failed to save. But he won't let that that happen again. Not this time. Not Nice. Reacher never gets too close. But now a killer is making it personal. Praise for Personal "The best one yet."—Stephen King "Reacher is the stuff of myth, a great male fantasy. . . . One of this century's most original, tantalizing pop-fiction heroes . . . Child does a masterly job of bringing his adventure to life with endless surprises and fierce suspense."—The Washington Post "Yet another satisfying page-turner."—Entertainment Weekly "Reacher is always up for a good fight, most entertainingly when he goes mano a mano with a seven-foot, 300-pound monster of a mobster named Little Joey. But it's Reacher the Teacher who wows here."—Marilyn Stasio, The New York Times

#1 NEW YORK TIMES BESTSELLER • THE BLOCKBUSTER JACK REACHER SERIES THAT INSPIRED TWO MAJOR MOTION PICTURES AND THE STREAMING SERIES REACHER
Digging graves had not been part of my plans when I woke up that morning. Reacher goes where he wants, when he wants. That morning he was heading west, walking under the merciless desert sun—until he comes upon a curious scene. A Jeep has crashed into the only tree for miles around. A woman is slumped over the wheel. Dead? No, nothing is what it seems. The woman is Michaela Fenton, an army veteran turned FBI agent trying to find her twin brother, who might be mixed up with some dangerous people. Most of them would rather die than betray their terrifying leader, who has burrowed his influence deep into the nearby border town, a backwater that has seen better days. The mysterious Dendoncker rules from the shadows, out of sight and under the radar, keeping his dealings in the dark. He would know the fate of Fenton's brother. Reacher is good at finding people who don't want to be found, so he offers to help, despite feeling that Fenton is keeping secrets of her own. But a life hangs in the balance. Maybe more than one. But to bring Dendoncker down will be the riskiest job of Reacher's life. Failure is not an option, because in this kind of game, the loser is always better off dead.
