Additionally, all Ascencia study materials offer exclusive tips from healthcare professionals to help readers thrive in their field beyond test day. Ascencia recognizes that healthcare professionals nurture bodies and spirits, and save lives. Ascencia Test Prep's mission is to help healthcare workers grow.

"This book explores the emerging field of risk management and risk analysis of cryptocurrencies, an area that has been generating considerable research. It begins by providing an introduction to digital finance and the concept of cryptocurrencies and blockchain technologies. It then describes in detail the intrinsic risks involved in cryptocurrencies, an area that, to date, has not been fully documented or investigated. Lastly, it discusses the various types of risk, with a focus on design, operational, market and quantitative risks. Providing insights into the analysis and management of cryptocurrencies, and serving as a starting point for a more in-depth risk analysis, this book will appeal to professionals and researchers interested in familiarizing themselves with the risks in cryptocurrencies, including academics, portfolio managers, risk-managers, quants, financial professionals, regulators, economists, asset managers and traders."--Provided by publisher.

A GRIPPING SUPERNATURAL THRILLER - Book 1 of the MORIUM TRILOGY If you had the powers to avenge yourself... would you? Bullied... Years of shame... Lexi and Nathan knew pain. MORIUM is the story of Alexandria and Nathan... and Stacy. Three teenagers who were victims of bullying all through high school. They kept their torment a secret from their family and tried to cope in their own way. They only had each other. Their friendship saw them through the seemingly endless years of suffering. But hope was in sight... they will be graduating soon. The vision of a new life away from the bullies and the constant humiliation, gave them something to look forward to. If only that day came sooner. One night, Lexi and Nathan saw an object fall from the sky and went to investigate. As they touched the rock, a strange power entered their bodies. Suddenly, they're not helpless anymore. They can get revenge for all the suffering and pain they had to endure. How will they use these powers? MORIUM discusses the moral dilemma of doing what's right against getting revenge. When your dignity has been shattered and your life has been a living hell... what is RIGHT?

From the author of the popular Tea Shop Mysteries comes the first in a cozy crafting mystery series! New Orleans scrapbooking shop owner Carmela Bertrand delights her customers with her stunning arrangements of their scrapbooks. But among her clients' keepsakes she finds a tip of her own—about a murder... Business is booming and life is cozy for Carmela at her scrapbooking shop, Memory Mine. But when one of the city's elite dies during Mardi Gras, the police name Carmela's estranged husband as their number one suspect. Although Carmela hasn't forgotten how he scrapped their marriage, she doesn't think he is cut out to be a killer. And if Shamus is being framed, Carmela might be the only one who can find the pattern and solve the case in time...

If you're preparing to take any exam from the National Examination Board in Occupational Safety and Health (NEBOSH), then you need to know what to expect. NEBOSH courses, which are offered by an awarding body based in the United Kingdom, offer individuals a comprehensive range of globally recognized qualifications designed to meet the health, safety, and environmental management needs of industries as well as national and local governmental organizations. This guide to passing the exams will help you: develop a study plan that is effective and efficient; use and apply command words in constructing answers, which could mean the difference between passing or failing; think about what you're being asked before writing down answers; and identify and avoid the pitfalls that lead to exam failure. NEBOSH qualifications attract approximately 50,000 candidates per year who take exams in more than 120 countries, but many of them fail. Improve your chances of lasting professional success with *Secrets of Passing the NEBOSH Exams*.

Formerly the Wessex Comprehensive Price Book. Now part of the BCIS portfolio; still gives the best pricing information available. The Major Works dataset focuses predominantly on large 'new build' projects reflecting the economies of scale found in these forms of construction. The Minor Works Estimating Dataset focuses on small to medium

Disasters present a broad range of human, social, financial, economic and environmental impacts, with potentially long-lasting effects. This report applies the lessons from the OECD's analysis of disaster risk financing practices and its risk guidance to the specific case of floods.

CSCS Study Guide 2019-2020

Airlines of the United States Since 1914

Airlines of the Jet Age provides the first comprehensive history of the world's airlines from the early 1960s to the present day. It begins with an informative introductory chapter on the infancy of flight and the development of air-transport craft used during the First and Second World Wars, and then wings into the "first" Jet Age--the advent of the "second" Jet Age of wide-bodied aircraft, such as the Boeing 747 and DC-10, and closes with the introduction of the "third" Jet Age, which begins with the giant double-decked Airbus A380. This reference book is an unparalleled reference for aviation buffs, covering airlines around the globe and throughout the modern eras of human flight. Renowned airline historian R.E.G. Davies, Airlines of the Jet Age is the ultimate resource for information and insight on modern air transport.

The 12th edition of Chudley and Greeno's Building Construction Handbook remains THE authoritative reference for all construction students and professionals. The principles and processes of construction are explained with the concepts of design included where appropriate. Extensive coverage of building construction practice, techniques and both traditional procedures and modern developments are included to provide the most comprehensive and easy to understand guide to building construction. This new edition has been updated to reflect recent changes to the building regulations, as well as new material on modern methods of construction, greater emphasis on sustainability. Chudley and Greeno's Building Construction Handbook is the essential, easy-to-use resource for undergraduate and vocational students on a wide range of courses including NVQ and BTEC National, through to Higher National Certificate and Diploma, to Foundation and three-year Degree level. It is also a useful practical reference for building professionals and others engaged in the construction industry.

The second edition of the Health and Safety Pocket Book has been fully revised and updated to include all the relevant legal, HSE ACoP/Guidance and practice references. It remains a handy reference tool for practising health and safety professionals, auditors, managers, HR personnel, employee representatives and anyone with health and safety responsibilities. This book is an essential compilation of guidance, data and checklists covering a wide range of health and safety topics, supported by extensive key glossary terms. The A-Z arrangement within the chapters and extensive cross-referencing make it easy to navigate, while its size and scope make it the ideal volume for ready reference and site visitation. Useful for health and safety courses at all levels. Key features include: The principal health and safety legal requirements for every industry Safety management elements and systems Checklists for major hazards affecting all industries A wealth of charts, hard-to-remember details and data A glossary of the main concepts of health and safety and safety courses, publications and organisations Revision tips for key examination themes.

Captain D. Michael Abrashoff, legendary commander of the USS Benfold, continues in the same vein of his bestselling book IT'S YOUR SHIP with the knowledge he's gained from his speaking to and advising some of the top business minds in the world. The story of Captain Abrashoff and his command of USS Benfold has become legendary inside and outside the Navy. By governing his ship with his unique management techniques, Abrashoff turned the Benfold into a model of naval efficiency, with amazing cost savings, the highest gunnery score in the Pacific Fleet, and a highly motivated and top performing crew. In IT'S YOUR SHIP, he first demonstrated how to bring his successful management techniques from the ship to the boardroom. Now, in his newest book IT'S OUR SHIP, in the same rugged, can-do voice, Abrashoff will focus on the leadership, motivational, and management insights and tips that he has learned from his last six years of addressing business and corporate audiences. Abrashoff's timely advice will be eminently prescriptive, and will feature anecdotes and insights from leaders of businesses large and small and from public and non-profit sectors.

Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.
