sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone

can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable

principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.

ancient structure This collection from Don Paterson, his first since the Forward Prize – winning *Rain* in 2009, is a series of forty luminous sonnets. Some take a traditional form, while others experiment with the reader's conception of the sonnet, but they all share the lyrical intelligence and musical gift that has made Paterson one of our most celebrated poets. Addressed to friends and enemies, the living and the dead, children, musicians, poets, and dogs, these poems are as ambitious in their scope and tonal range as in the breadth of their concerns. Here, voices call home from the blackout and the airlock, the storm cave and the sance, the coal shed, the war, the highway, the forest, and the sea. These are voices frustrated by

distance and darkness, which ring with the “ sound that fades up from the hiss, / like a glass some random downdraught had set ringing, / now full of its only note, its lonely call. ” In 40 Sonnets, Paterson returns to some of his central themes—contradiction and strangeness, tension and transformation, the dream world, and the divided self—in some of the most powerful and formally assured poems of his career.

Spiritual enlightenment is becoming a buzzword.

Enlightenment is a popular niche for people who write or read about self-help, meditation, healing, psychology and more. But do you really understand what enlightenment is? Is it some kind of altered state of consciousness, a solution to get high without drugs, a way to live life in 24/7 bliss, a myth or a complete scam? Is there any scientific basis to enlightenment or spiritual awakenings? This book has the answer for these questions. This book attempts to bridge spiritual teachings of Vedanta and Buddhism with science. It gives you a practical and reasonable path to end your

suffering and live a peaceful, satisfied and happy life. Above all, it will help you to find your own way and follow your own light. The book will also introduce you to some important concepts in psychology, which are related to spiritual awakening. The concepts and solution presented in this book are based on the author's own experience. It also has a chapter that narrates author's own spiritual journey which led to a complete spiritual transformation. The book also has a separate chapter which talks about scientific research done on spiritual enlightenment.
