Accounting for churches is not the same as accounting for businesses. A church bookkeeper must be aware of the special tax codes that govern the church's unique tax standing. But it is often hard for overworked or volunteer administrators to know every aspect of tax code that affects their church's ability to accept donations, oversee a benevolence fund, and offer a compensation package for their minister.Lisa London, The Accountant Beside You who brought you QuickBooks for Churches & QuickBooks for Nonprofits, explains the specialized needs of church accounting in an easy-to-understand manner for church administrators and volunteers. A CPA with decades of experience working with businesses as well as churches and other nonprofits, Lisa explains complex concepts in a reader-friendly, engaging manner. She is joined by Wickey Boatright, an accountant who runs THE online site for all things church accounting www.freetchurchaccounting.com. Together, Lisa and Wickey guide you through every essential aspect of church accounting. Church Accounting: The How-To Guide for Small & Growing Churches is a must-have reference for all the nuts and bolts of church accounting no matter what your accounting system. Lisa and Wickey help you set up accounting spreadsheets and explain the different types of accounting packages. If you are already using QuickBooks, it is also a perfect complement to QuickBooks for Churches and Other Religious Organizations. Additionally, The Accountant Beside You will show you how to recalculate and file employee payroll without paying for an outside service/design and implement a compensation package for your minister, including a housing allowance/cost up and administer a benevolence fund/acknowledge donations per IRS guidelines, including vehicle donations/prepare for an annual audit/budget and forecast to provide for future church growth/reimburse employees' expenses per IRS guidelines/set up proper internal controls to guard against fraud or error/implement the basics to start a new church/design church by law/set up filing systems and the organize the office/The Accountant Beside You series of accounting books for churches and nonprofits have been sold in all 50 states and every inhabitable continent.

These are the papers from the ninth Cambridge Tax Law History Conference, held in July 2018. In the usual manner, these papers have been selected from an oversupply of proposals for their interest and relevance, and scrutinised and edited to the highest standard for inclusion in this prestigious series. The papers fall within five basic themes. Four papers focus on tax theory: Bentham: social contract and tax governance; Schumpeter's 'thunder of history'; and the resurgence of the benefits theory. Three involve the history of UK specific interpretational issues: management expenses; anti-avoidance jurisprudence; and identification of professionals. A further three concern specific forms of UK tax on road travel, land and capital gains. One paper considers the formation of HMRC and another explains aspects of nineteenth-century taxation by reference to Jane Austen characters. Four consider aspects of international taxation: development of EU corporate tax policy; history of Dutch tax planning; the important 1942 Canada-US tax treaty; and the 1928 UN model tax treaties on tax evasion. Also included are papers on the effects of WWI on New Zealand income tax and development of anti-tax avoidance rules in China.

There's a quotation that says: "there are two things for certain in life and they are death and taxes." This book addresses for faith and community organizations both of them, the death of their organization if their not compliant with the laws that govern non-profit organizations and if they are interested, how they may qualify for government and foundation funds. This resource guide is written to train and educate congregations about their role in the Faith-Based and Community Initiative. Note: this guide is not for everyone. There are many faith partners that believe receiving government funding is a curse. All I am saying here is if you desire or are already seeking funding you should be wise to the laws that govern you! It was the discussions with pastors who doubt the faith based initiative that lead me to write this guide. The premise is simple. Since individuals and congregations pay taxes, they are entitled to receive those funds through federal, state and local grants and put them back into the community in which they live.

The Temple in Jerusalem was both the center of ancient Israel's religious life and also an economic center for the nation. In this groundbreaking study of the economic functions of the Jerusalem temple, Marty E. Stevens, who worked for fifteen years as a Certified Public Accountant prior to getting a PhD in Old Testament, demonstrates that the temple acted as the central bank, internal revenue collector, source of loans, and even debt collector for ancient Israel. Applying a broad knowledge of temple-systems throughout the ancient Near East, Stevens sheds light on the roles played by various officials mentioned in Scripture and their tasks within the temple complex. Neither "Big Brother" nor "big business," the temple still served government and commerce in the course of conducting its religious functions. This fascinating book opens new avenues for understanding the Jerusalem temple and its impact on Israelite society.

The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy," while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ. "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, The Joy of the Gospel is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of Catholicism: A Journey to the Heart of the Faith and James Martin, SJ, author of Jesus: A Pilgrimage

The best leaders not only lead well but also reflect on their leadership long enough and thoughtfully enough to articulate the philosophies that cause them to do so. Whether serving in the marketplace or in ministry, as executives or rank-and-file employees, as salaried staff or volunteer servants, good leaders can pinpoint the rationale for their actions and decisions with the ease of reciting their home address. In Axiom: author Bill Hybels divulges the God-given convictions that have dictated his leadership strategy for more than three decades as senior pastor of Willow Creek Community Church. Oriented toward four key leadership categories ... 1. Vision and strategy ('Promote Shameless Profitability,' 'Take a Flyer') 2. Teamwork and communication ('Obi-Wan Kenobi Isn't for Hire,' 'Disagree without Drawing Blood') 3. Activity and assessment ('Develop a Mole System,' 'Sweat the Small Stuff') 4. Personal integrity ('Admit Mistakes,' and Your Stock Goes Up,' 'Fight for Your Family') ... Axiom brokers accessible wisdom from one leader's journey, as well as emboldens you to nail down the reasons why you lead like you lead.

The premise of Why Christians Should Not Tithe is simple: God, having freed his people from the Law through faith in Jesus Christ, does not place on them a burden from the Law. The thesis is equally as simple: Christian giving is not a tithe. Christ challenges the believer to give himself and his possessions to the gospel cause, but the tithe fixes a limit and implies nothing more is needed. Why Christians Should Not Tithe is a thorough discussion of the four tithes in Moses' Law, Jesus' comments on tithing, and the twenty-one principles of giving developed by the apostles' in Acts and the epistles. Included is a brief review of the history of tithing from post-apostolic times to the present. The book concludes with a new paradigm for giving not based on the tithe, but on the apostles' doctrine of Christian giving. Should Christians tithe to support the gospel? Here is a study that will help every Christian discover the biblical answer for him or her self.

The book provides an overview of the floods and major hydrological changes that occurred in the medieval Hungarian kingdom (covering the majority of the Carpathian Basin) between 1000 and 1500 AD. The analysis was based on contemporary documentary evidence presented for the first time and the results of archaeological and scientific investigations. Beyond the evidence on individual flood events, the book includes a comprehensive overview of short-, medium-, and long-term changes detected in a hydrologically sensitive environment during the transition period between the Medieval Warm Period and the Little Ice Age. It also discusses the possible causes (including climate and human intervention) and the consequences for the physical and human environment, namely the related hydro-morphological changes, short- and long-term social response, and human perception issues.

Why Philanthropy Is Falling Democracy and How It Can Do Better
Charitable Contributions

Gospel Principles
Transactions of the Wisconsin Academy of Sciences, Arts, and Letters

The troubling ethics and politics of philanthropy is philanthropy, by its very nature, a threat to today's democracy? Though we may laud wealthy individuals who give away their money for society's benefit, Just Giving shows how such generosity not only isn't the unassailable good we think it but may be might also undermine democracy. Big philanthropy is often an exercise of power, the conversion of private assets into public influence. And it is a form of power that is largely unaccountable and lavishly tax-advantaged. Philanthropy currently fails democracy, but Rob Reich argues that it can be redeemed. Just Giving investigates the ethical and political dimensions of philanthropy and considers how giving might better support democratic values and promote justice.

In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Bookkeeping for churches can be quite different than for-profit businesses, and the other guides available cover either QuickBooks or church accounting, not both. Lisa London, The Accountant Beside You, walks you through QuickBooks for your church from start to finish, always with examples, terminology, and understanding of what a busy church administrator needs to know in a clear, concise style. With her friendly easy-to-understand style and illustrative screenshots, Lisa guides new QuickBooks users every step of the way, while her tips for how to make QuickBooks work better for churches provides new insight and procedures for even the experienced bookkeeper. Not only does she step you through how to set up QuickBooks and utilize it more efficiently for your house of worship, but she also discusses everything you need to know to implement controls and procedures to ensure that your church's money is always protected. QuickBooks for Churches covers PC versions of QuickBooks from 2012 forward and even includes what's new in the 2014 version. Lisa offers sound accounting procedures for both large and small houses of worship, for bookkeepers with years of experience as well as those just starting out. Let The Accountant Beside You take one more worry off your crowded to-do list.

This book provides an introductory survey of Montesquieu's economic ideas and a fresh examination of the longstanding controversy over the meaning and purpose of Montesquieu's The Spirit of the Laws. No one doubts that Montesquieu helped to formulate the core liberal ideals at the heart of the development of liberal republican traditions on both the European and American continents. Yet, questions remain about Montesquieu's political intentions. In particular, the view of Montesquieu as a conscious proponent of commercial modernity has come under increasing scrutiny. While not ignoring recent scholarly challenges, Bibby moves the debate forward by uncovering the many hidden connections between commerce, liberty, and religion in The Spirit of the Laws. A failure to make these connections, Bibby argues, has led to significant interpretative errors. This book attempts to eliminate one source of the confusion which continues to cloud Montesquieu's political philosophy in obscurity.

I smiled as I walked down memory lane writing this page. It all started with an Uber ride in Cumming, Georgia, sometime in February 2017. There I was, a tad bit agitated about banking and financial matters, hoping I concealed my feelings as I rode in Pastor Denburk Gregory's car. He invited me to his church, The Full Truth Church of God Deliverance Center; and based on our very first conversation, which you will get to read inside, the letter writing began. Having gotten good responses from the church after the first letter, my work was done, or so I thought, until the Lord put more words in my heart. So there was a second letter, and a third, and this went on and on. Where am I going with this? I wondered. "The Lord says to tell you that you are writing a book," said his wife, Minister Veronica Gregory. That totally astounded me. My name I hear over and over, "The things we do are not ordinary." That Uber ride was clearly not an ordinary one. It was a prelude to the birth of Letters from the Wilderness, and to me, this was a clear confirmation of His Word, "Be not forgetful to entertain strangers, for thereby some have entertained angels unawares" (Heb. 13:2). I do hope you enjoy reading this book even more than I have enjoyed writing it.

The Popes and the Baltic Crusades examines the formulation of papal policy on the crusades and missions in the Baltic region in the central Middle Ages and analyses why and how the crusade concept was extended from the Holy Land to the Baltic region.

In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable; such inequities can be mitigated by social policies that can shape health in powerful ways. Communities in Action: Pathways to Health Equity seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

This book presents expert analysis on how the remarkable rise of mass schooling was funded during the nineteenth century. Based on rich source materials from rural Swedish school districts, and drawing up evidence from schooling in countries including France, Germany, England and the U.S., Westberg examines the moral considerations that guided economic practices and sheds new light on how the advent of schooling did not only rest upon monies, but also on grains, firewood and cow fodder. Exploring school districts' motives and economic culture, this book shows how schooling was neither primarily guided by frugal impulses nor motivated by a fear of the growing working classes. Instead, school spending served multiple purposes in school districts that pursued a fair and reasonable economic practice. In addition to being a highly-detailed case study of Sweden 1840 - 1900 this book also entails a broadening of the theoretical horizon of history of education into social, agrarian and economic history in a wider context. With a focus on different systems of school finance, this work reveals a key change over time: from a largely in-kind system supporting schools in an early phase, followed by an increasingly monetarized, depersonalized and homogenized system of school finance. Boasting an interdisciplinary appeal, this will be a welcome contribution of interest to scholars in the fields of education history, sociology, and economics.
