

Homo Deus

Historia de la integración europea en 2500 años

Il sesto uomo

A Brief History of Humankind

Breve storia dell'umanità. Nuova edizione riveduta

*The most important work of the towering intellectual of the Middle Ages, Thomas Aquinas' Summa Theologiae remains one of the great seminal works of philosophy and theology, while extending to subjects as diverse as law and government, sacraments and liturgy, and psychology and ethics. Aquinas begins his famous Summa Theologiae by getting right to the heart of what every person longs to see: the face of God. With Latin and English side-by-side, this edition is perfect for students, teachers, pastors, or anyone wanting to have a deeper understanding of God.*

*Here, the author examines gossip as a form of 'verbal grooming', and as a means of strengthening relationships. He challenges the idea that language developed during male activities such as hunting, and that it was actually amongst women that it evolved.*

*Economic constraints and lack of knowledge often prevent companies - especially small and medium enterprises - from harmonizing their facilities with the landscape. As a result, factories significantly impact the quality of our living environment, in terms of physical effects on the ecosystem, perceptual interferences with the surroundings, and disturbances on local communities. At both the design and maintenance stages, a set of appropriate tools can assist businesses in becoming more aware of their impacts and identifying possible mitigation strategies. The book presents an assessment tool and a library of inspiring design tactics for factories, with examples of the benefits and synergies for the environment, the scenery, the community, and the company itself. The purpose is to elicit more than a simple reflection about what a sustainable factory entails. It is rather to encourage and assist both businesses and designers in mitigating the impact of industrial facilities on the landscape as holistically as possible.*

*Perché amiamo i cani, mangiamo i maiali e indossiamo le mucche. Ediz. ampliata*

*Special Operations in the Age of Chivalry, 1100-1550*
