Our new 2018-2019 Lesson Planner for teachers is finally here and just in time for back to school! This beautiful planner is printed on high-quality interior stock with a gorgeous unique design on a matte finish cover that feels good to the touch but is also durable enough to last the whole school year. Each weekly spread contains four pages dedicated to that week, a task management overview, a lesson plan section for up to 7 classes with notes/to-do space, and a free-form journal page to recap the week. While your district helps you track attendance and other things electronically, this will become your paper and pen archive when technology doesn't want to cooperate. You'll have a year-long archive of what you set out to accomplish and a visual way to see how you did tracking toward your goals. The free-form journal portion becomes a keepsake of all the memories and moments that make each day in your classroom special. These planners also make great gifts for teachers, aids and graduate students who may need to utilize lesson planning as part of their academic planning & time management. Cover image colors may appear slightly dissimilar on different computer screens than final printed version.
