

Scott Pape Barefoot Investor Book

A comprehensive value investing framework for the individual investor In a straightforward and accessible manner, The Dhandho Investor lays out the powerful framework of value investing. Written with the intelligent individual investor in mind, this comprehensive guide distills the Dhandho capital allocation framework of the business savvy Patels from India and presents how they can be applied successfully to the stock market. The Dhandho method expands on the groundbreaking principles of value investing expounded by Benjamin Graham, Warren Buffett, and Charlie Munger. Readers will be introduced to important value investing concepts such as "Heads, I win! Tails, I don't lose that much!," "Few Bets, Big Bets, Infrequent Bets," Abhimanyu's dilemma, and a detailed treatise on using the Kelly Formula to invest in undervalued stocks. Using a light, entertaining style, Pabrai lays out the Dhandho framework in an easy-to-use format. Any investor who adopts the framework is bound to improve on results and soundly beat the markets and most professionals.

The real estate industry is masterful at creating and promoting its own message as news. Have you ever heard an agent tell a buyer it is not the right time to buy? Real Estate Uncovered is designed to help you cut through the hype in order to make an informed decision while avoiding hidden traps and dirty tricks. These brutal strategies and their unsavoury tactics will be laid bare in Real Estate Uncovered. What you once viewed as normal real estate practice before reading this book will be viewed in an entirely new light. The book exposes a system that over quotes to sellers, conditions them into expecting less and then crunches them on pricing, profits on needless advertising and eventually uses a sales process that undersells the paying client's major asset. Buyers are given low false price quotes to entice them to an auction that they are no chance of winning, spending thousands of dollars on property inspection reports in the process. Real Estate Uncovered also highlights in a much fairer and more effective way to buy or sell. The reader will know how to identify their trusted real estate advisor having read Real Estate Uncovered.

"Time poor" is the catch-cry of our era, and yet end-of-life retirement means we have an average of two decades of feeling time rich to look forward to . . . when we're old. How arse-about is that? But there is an alternative to working your butt off for decades and retiring when you're worn out: it's called financial independence, and it means being able to cover life's essentials and afford the luxuries you want without having to turn up to a job each day. Imagine: the freedom and flexibility to work if, when and where you like, go travelling, spend time with family or start that business you've been dreaming of. And with enough time and a way to earn, it's achievable for most people through the power of passive income. Lacey Filipich knows because she's done it herself - and has been teaching the strategies and steps for financial independence for a decade through her education company, Money School. Now, she'll teach you all her tried-and-true lessons for redesigning your personal finances to create the life you really want. From maximising your income and cutting costs without big sacrifice, to property, shares and retirement funds, Money School explains exactly how to build a passive income that will completely change your life. Take control of how you spend your time and money to make them work for you - and get on the fast track to being financially independent and time rich.

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

The Only Kids' Money Guide You'll Ever Need

Debt-free by 30

The Dhandho Investor

The barefoot investor (2021 edition).

The Proven Formula That Works

Motivated Money

This guide to eliminating procrastination offers everyone, from entrepreneurs to parents and students, tips and practical strategies to help break the cycle of self-destructive ideas and habits that prevent freedom and accomplishment. Original.

Discover the ten things your kids need to know about money before they leave home. Forget chore charts, guesswork and parenting guilt: you won't find any of that in this road map for raising hard-working, generous and financially confident kids of all ages. In the same easy-to-read style that made The Barefoot Investor a phenomenal success, Barefoot Investor for Families, published in 2018, is aimed at parents who want to teach their kids the value of a buck. In this #1 bestseller that has sold more than 270,000 copies, Scott Pape has taken the ten money milestones kids need to nail . . . and laid them out for you in a simple, step-by-step plan. Over the course of ten hilarious, poignant and sometimes downright crazy 'Barefoot Money Meals', you'll get the skinny on: The simple pocket money strategy that takes just three minutes a week The kitchen challenge that 'breaks the brat' and shows kids how good they've got it Helping your teen land their first job (even with zero experience) The \$453 329 gift to your child that won't cost you a cent How to boost your kids into the property market with the 'Barefoot Ladder' strategy Along the way, you'll meet proud mums and dads-Aussie families from all walks of life-who've used this exact plan to give their kids life-changing money skills. If you're a parent, grandparent, uncle, aunty or have children in your life, whether they're two or twenty-two, it's never too early or too late to start.

The first Barefoot Investor (November 2004) was an enormous success and received wide media acclaim. This revised edition includes comprehensive updates and new information that will be of great interest to those who purchased his first book, that was essentially a guide for people who ordinarily wouldn't purchase a finance book. Scott Pape sets you on the course not only to become wealthier, but gives you the ability to tread your own path in life - something much more important than money. Scott delivers nifty streetwise strategies to help people quickly achieve the financial goals they have set themselves.

Most of us would rather be caught naked than have our finances open to view. Why are we so reluctant to engage properly and effectively with something so fundamental? Mel Browne challenges us to change our thinking and our bank balances for the better. With clear, easy to follow advice, she tells you how to set up savvy savings accounts, make the right investments and discover why budgeting is a dirty word. Learn to financially adult and become not just financially unf*cked . . . but financially well.

Five Steps to Financial Freedom

The \$1000 Project

Introducing the new Fisher Investment Series, comprised of engaging and informative titles written by renowned money manager and bestselling author Ken Fisher. This series offers essential insights into the worlds of investing and finance. Over the course of nearly two centuries, the innovations, mistakes, and scandals of different market participants have played an important role in shaping today's financial markets. Now, in 100 Minds That Made the Market, Ken Fisher delivers cameo biographies of these pioneers of American financial history. From Joe Kennedy's "sexcapades" to Jesse Livermore's suicide, this book details the drama, the dirt, and the financial principles of an amazingly inventive group of financial minds. Fisher digs deep to uncover the careers, personal lives, and contributions of these individuals, and leads you through the lessons that can be learned from each one. Here you have 100 of the best teachers -- who you already know, some you will feel you know, and some you may not have previously discovered -- whose experiences will undoubtedly enhance your understanding of the markets. With a few pages dedicated to each person, 100 Minds That Made the Market quickly captures the essence of the people and ideas that have influenced the evolution of the financial industry.

****This Classic Edition has been updated for 2022 and beyond** THE ALL-TIME #1 AUSTRALIAN BESTSELLER This is the only money guide you'll ever need. That's a bold claim, given there are thousands of finance books on the shelves. Yet there's a reason this book is in one in every 20 Australian homes. You'll find out how to create an entire financial plan that is so simple you can sketch it on the back of a serviette ... and you'll be able to manage your money in 10 minutes a week. The Barefoot Steps stand the test of time. In this classic edition, you'll get the skinny on: Saving up a six-figure house deposit in 20 months Doubling your income using the 'Trapeze Strategy' Saving \$77641 on your mortgage and wiping out almost 7 years of payments Handing your kids (or grandkids) a \$140000 cheque on their 21st birthday Why you don't need \$1 million to retire ...with the 'Donald Bradman Retirement Strategy' Sound too good to be true? It's not. This book is full of stories from everyday Aussies—single people, young families, empty nesters, retirees—who have applied the Barefoot Steps, freed themselves from crippling debt and achieved amazing, life-changing results. And you're next.**

Hilariously half-baked life advice from yet another deluded celebrity Welcome to Julia Morris's immaculately conceived EASY system: a crackpot satire on celebrity self-help culture. Julia will help you figure out the stuff you don't need to do, cut down on the crapola you've decided you don't want to do, make the stuff you absolutely have to do a breeze - and ensure you enjoy the whole lot. Brace yourself for a deluge of slacker life hacks, nice-but-not-very-bright advice and life-changing inspiration on: Making It All About You Getting Shallow The Importance of Always Proving Your Point The Joy of Ex-cuses Achieving Blind Self-confidence How to (Not) Get Shit Done Judging Others The Power of Negative Thinking The Zero Habits of Highly Ineffective People How to Say Yes, Then Cancel Complaining and Complaining Disclaimer: if you think this book is going to be like other celebrity self-help books, think again

Adopt the investment strategy that turned a school teacher into a millionaire Millionaire Teacher shows you how to achieve financial independence through smart investing — without being a financial wizard. Author Andrew Hallam was a high school English teacher. He became a debt-free millionaire by following a few simple rules. In this book, he teaches you the financial fundamentals you need to follow in his tracks. You can spend just an hour per year on your investments, never think about the stock market's direction — and still beat most professional investors. It's not about get-rich-quick schemes or trendy investment products peddled by an ever-widening, self-serving industry; it's about your money and your future. This new second edition features updated discussion on passive investing, studies on dollar cost averaging versus lump sum investing, and a detailed segment on RoboAdvisors for Americans, Canadians, Australians, Singaporeans and British investors. Financial literacy is rarely taught in schools. Were you shortchanged by your education system? This book is your solution, teaching you the ABCs of finance to help you build wealth. Gain the financial literacy to make smart investment decisions Learn why you should invest in index funds Find out how to find the right kind of financial advisor Avoid scams and flash-in-the-pan trends Millionaire Teacher shows how to build a strong financial future today.

The Low-Risk Value Method to High Returns

She's on the Money

Five Steps to Financial Freedom in Your 20s and 30s

The founders of Australia's #1 finance podcast network, Equity Mates, show how you can tap into the awesome power of the stockmarket - it's easier than you think! Does the stock market seem too complicated? Do you think that investing is only for those with more money? Do you want to start investing but don't know where to begin? This is the guide to investing you've been waiting for. Investing in the stock market has never been more accessible. Alec and Bryce show why the stock market has been the most powerful money-making machine that has ever existed and how you can access it with just a few spare dollars. They break down the jargon and give you all the information you need to build the confidence to get started today. They explain how to use online investment platforms, managed funds and exchange-traded funds, what to invest in and what to avoid, how to keep it simple, and why the biggest risk is not investing. Get Started Investing draws on advice from over 150 expert investors from around the world, and stories from everyday small investors just like you. Whether you're in school, building your career or nearing retirement, Alec and Bryce will help to make your money work for you. 'I'm a massive fan of these two blokes. They cut through the jargon to help anyone switch from being a saver to an investor. Saving to invest is how real wealth is built.' DAVID KOCH, TV presenter 'I wish I'd read this book 15 years ago! A perfect start for anyone who's thinking about investing. It's a must-read for anyone who's scared of the stock market, like I was.' USMAN KHAWAJA, Test cricketer

Discusses eight fundamentals needed for leadership, including attitude, relationships, mentoring, and more.

Addresses personal finance issues that are of relevance to today's world of high debt and disproportionate lifestyles, addressing such topics as credit cards, student loans, credit scores, insurance, and mortgages.

Are you stymied by debt? Clueless about where your paychecks go? Journalist, podcaster and reformed money mess Frances Cook is here for you. Tales from a Financial Hot Mess is the story of Frances getting her money sh't sorted. With no idea where she was going wrong and what to do about it, she took it upon herself to learn from the best – and soon found out that the fixes were right in front of her the whole time. (She just needed to wise up a bit.) Frances learned the hard way so you don't have to. Dishing up a brilliant, often hilarious personal narrative, proven financial advice, handy how-tos (and please-don'ts) and many expert insights (from 22 actual experts), this book will guide you along the rocky path to financial freedom – however that might look for you. Tales from a Financial Hot Mess is the real deal – not another bulleted, tabled, graphed lecture from a financial advisor who's never had issues with money. Read it and enjoy – who knows, you might learn a thing or two. What have you got to lose?

The Illusion of Money

A Richer You

Sort Your Money Out

#1 NEW YORK TIMES BESTSELLER ☐☐The clearest and best book out there to get you on the path to riches. This one's special!☐☐Jim Cramer, host of CNBC's Mad Money ☐Great tools for anyone wanting to dabble in the stock market.☐☐USA Today Phil Town is a very wealthy man, but he wasn't always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true 'rules' are and how to make them work in one's favor. Chief among them, of course, is Rule #1: ☐Don't lose money.☐ In this updated edition to the #1 national bestseller, you'll learn more of Phil's fresh, think-outside-the-box rules, including: ☐ Don't diversify ☐ Only buy a stock when it's on sale ☐ Think long term!but act short term to maximize your return ☐ And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can't help but regress to the mean!and as we've all learned in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest investing-phobes with the tools they need to make quantum leaps toward financial security!regardless of where the market is headed.

The new book from Scott Pape, the Barefoot Investor. The Only Money Guide You'll Ever Need is a phenomenon, sprinting through one million copies to become one of the best selling Australian books ever. Why is it so successful? It's simple, funny and practical. And it has changed people's lives. The eagerly anticipated follow-up, The Barefoot Investor for Families, sticks to the same script. It's aimed fairly and squarely at parents, grandparents, and basically anyone who read that book and said: 'Why the hell wasn't I taught this years ago?' Scott lays out ten money milestones kids need to have nailed before they leave home, and it's all structured around one family 'money meal' each week (so roughly 20 minutes). If you follow the roadmap, with tailor-made lessons for each age group, your kids will know how to do things like: Learn the life-changing value of hard work Set up a fee-free bank account (or jam jars!) Go on a Treasure Hunt around the house, and sell some of their 'stuff' second-hand Save your parents \$100 on household bills Even ... Learn to cook at least two low-cost, delicious, nutritious meals from scratch. Scott's mission is to make sure your kids are financially strong so they never, ever get sucked into the traps that middle-aged bankers have devised to rob them of their money and their confidence. There are only ten things every kid needs to know about money, and you can teach them over dinner, once a week. It's that simple. Start now - it's never too early or too late.

Bestselling author and New Zealand's most trusted financial expert on how to make your money work in the real world Getting richer doesn't just mean accumulating more money. It's about building your knowledge of the different ways money works, so you can navigate around whatever comes your way: family complications, following your dreams, relationship issues, house price fluctuations, being braver in retirement, helping your children - young and older, getting the best mortgage for you, saving too little - or too much! Sometimes the best path to a richer you is to learn from the mistakes and triumphs of others. This book features 184 of those situations, to help make your financial journey smoother and all the more rewarding. 'IF YOU READ ONE BOOK TO HELP YOURSELF FINANCIALLY THIS YEAR, MAKE IT THIS ONE.' - JANE WRIGHTSON, COMMISSION FOR

FINANCIAL CAPABILITY

The Barefoot Retirement Plan reveals a little-known, 150 year old proven retirement planning strategy that quite simply, beats the pants off other plans. That's why many are calling this non-traditional plan, ☐America's Most Powerful Retirement Plan.☐ Less than .01% have even heard of this patent pending plan. The rich have quietly been using variations of this plan for over a century. Large corporations, banks and financial institutions own hundreds of billions worth of these plans. The reason some of the brightest minds in the world invest so heavily in these strategies is because, they work! If you're like the majority of Americans who have been faithfully following the mainstream traditional investment advice, and relying on your IRA (Individual Retirement Account) or 401(k) to reach your retirement goals, you're probably very concerned about having enough funds to last throughout retirement. 61% of Americans fear running out of money during retirement, more than they fear death. It doesn't have to be that way. This plan can help you to look forward to retirement, instead of dreading it. We're giving away our custom retirement savings calculator for free. In our opinion, it's the best retirement calculator out there. It visually shows you the power of this plan compared to your current retirement plan, IRA, ROTH, 401(k), etc. You can get your free Barefoot Retirement calculator at: BarefootRetirement.com/calculator This is not just another boring financial book. It's written in layman's terms and you will find lots of images and charts to help you clearly grasp the concepts. This book will show you how you can create a retirement plan that offers: ☐ 100% tax-free retirement income ☐ Life-time, tax-free, predictable income that lasts as long as you do ☐ Single most powerful tax strategy that's legally allowed in this great country ☐ Completely private and requires no reporting ☐ Guarantees you will not lose money due to market declines ☐ Liquid, flexible and easy to use ☐ Creditor proof in most states ☐ No investment restrictions ☐ The best way to stock-pile cash and build wealth, tax-free and take less risk ☐ No contribution limits, pending qualifications ☐ No distribution penalties ☐ Leverage options to earn TWICE on the same funds ☐ Lowest fees you will find anywhere ☐ You'll discover how this plan has much less risk than traditional plans You will not find a better retirement plan anywhere!

Read this one book, set up your money, and get on with your life! Find out what many in the financial world don't want you to know. Laid-back investing is not only easier, it can actually make you richer. Learn how to kill off debt, curb spending, find your best KiwiSaver fund, save painlessly, buy a house or be happy not buying one, and move confidently towards and through retirement (hint: you don't need \$1 million). You'll also learn why it's best to 'set and forget' your investments. And why, beyond a certain point, having more money is not the key to happiness. Unlike many writers of finance books, Mary is not selling anything (except this book!). She just wants you to do well. She's on your side. 'Mary has that rare ability to cut through the jargon to what really matters. She combines expert wisdom and real-world insights, with fantastic results!' DIANE MAXWELL, RETIREMENT COMMISSIONER 'Mary Holm is in the first rank of New Zealanders offering simple and wise advice to those who want to take effective steps to secure their future financial wellbeing. This straightforward guide should help ordinary Kiwis navigate their way through the various traps they can fall into.' SIR MICHAEL CULLEN, FORMER DEPUTY PRIME MINISTER and MINISTER OF FINANCE

New York Times best-selling author and comedian-turned-motivational speaker, Kyle Cease, shows how your obsession with money is actually preventing you from living the life of your dreams. "I can't afford that." "Now's not the right time . . . I need to save up." "Quit my job? Are you nuts?!" Sound familiar? Money is one of the biggest excuses we make to not go after what we really want. Our fixation with money--the desire for more of it, and the fear of not having enough of it--is often really just a longing to feel safe. But this obsession with money is coming at a much bigger cost: our sanity, our creativity, our freedom, and our ability to step into our true power. This book is about eliminating the need to seek safety through the illusion of money, and learning to see ourselves for the perfection that we are--so that we can bring our gifts to the world in an authentic way, and allow ourselves to receive massive, true abundance as a result. Kyle Cease has heard excuses like the ones above countless times at his live events, and he has shown people how to completely break through them. In The Illusion of Money, he shares his own experiences as well as practical tools to help readers understand their ingrained beliefs and attachments to money, and how they can tap into our infinite assets and talents. "After 25 years as a successful comedian, actor, transformational speaker, author and junior-league amateur bowler, I've experienced many times how chasing money is not an effective way to create an abundant and fulfilling life. The most alive I've ever felt was after I left my comedy career at its peak to become a transformational speaker. I left tons of guaranteed money and so-called security for a complete unknown. It was terrifying--but what was on the other side of that terror was a completely different life that is not only more abundant financially, but has more freedom, more ease, more passion, more impact and more joy." -- Kyle Cease

Fully up-to-date with the latest financial developments, including quantitative easing and cryptocurrencies such as Bitcoin, How Money Works is your indispensable guide to the world of money.

The acclaimed New York Times and USA TODAY bestselling novel of small-town evil that “is genuinely chilling and something brand-new and exciting” (Stephen King) and “unforgettable” (Harlan Coben). In the summer of 1988, the mutilated bodies of several missing girls begin to turn up in a small Maryland town. The grisly evidence leads police to the terrifying assumption that a serial killer is on the loose in the quiet suburb. But soon a rumor begins to spread that the evil stalking local teens is not entirely human. Law enforcement, as well as members of the FBI, are certain that the killer is a living, breathing madman—and he's playing games with them. For a once peaceful community trapped in the depths of paranoia and suspicion, it feels like a nightmare that will never end. Recent college graduate Richard Chizmar returns to his hometown just as a curfew is enacted and a neighborhood watch is formed. Amid preparing for his wedding and embarking on a writing career, he soon finds himself thrust into a real-life horror story. Inspired by the terrifying events, Richard writes a personal account of the serial killer's reign of terror, unaware that these events will continue to haunt him for years to come. A clever, terrifying, and heartrending work of metafiction, Chasing the Boogeyman is the ultimate marriage between horror fiction and true crime. Chizmar's “dazzling work of fresh imagination and psychological insight” (Caroline Kepnes, New York Times bestselling author of You) is on full display in this truly unique novel that will haunt you long after you turn the final page.

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

A Proven Plan for Financial Fitness

How to teach your kids the value of a buck

You've Invested Well? Compared to What?

Offers advice on personal finance and creating wealth based on the principles of Jewish tradition.

Through her phenomenally popular and award-winning podcast, She's on the Money, Victoria Devine has built an empowered and supportive community of women finding their way to financial freedom. Honest, relatable, non-judgemental and motivating, Victoria is a financial adviser who knows what millennial life is really like and where we can get stuck with money stuff. (Did someone say 'Afterpay'...?) So, to help you hit your money goals without skimping on brunch, she's put all her expert advice into this accessible guide that will set you up for a healthy and happy future. Learn how to be more secure, independent and informed with your money - with clear steps on how to budget, clear debts, build savings, start investing, buy property and much more. And along with all the practical information, Victoria will guide you through the sometimes-tricky psychology surrounding money so you can establish the values, habits and confidence that will help you build your wealth long-term. Just like the podcast, the book is full of real-life money stories from members of the She's on the Money community who candidly share their experiences, wins and lessons learned to inspire others to turn their stories around, too. And with templates and activities throughout, plus a twelve-month plan to get you started, you can immediately put Victoria's recommendations into action in your own life. You are not alone on your financial journey, and with the money principles in this book you'll go further than you ever thought possible.

It's time to learn how to manage your money and understand investing In Sort Your Money Out: and Get Invested, former financial adviser and host of the my millennial money podcast Glen James shares a life-changing approach to the major milestones of your personal finances, such as dealing with debt, embracing a realistic spending plan that works, buying your first home, investing in shares and creating the plan you need for long-term financial success. You'll get the accessible and friendly help you need to get smart with your money, and equip you with the skills and tools to understand and secure your financial future, invest in a property, in shares and in yourself. Written in a matter-of-fact style perfect for anyone who just wants to know what works for them, you'll also learn about: Realistic ways to increase your income and help balance your budget The methods that lead to a safer, more stable financial future The smart way to invest in real estate and purchase a home or investment property How to understand the share market, ethical investing, and your superannuation Getting out of debt and getting the most out of your life Ideal for anyone trying to get a handle on their personal finances and get started building a portfolio, Sort Your Money Out is a one-of-a-kind must-read book filled with practical and entertaining financial help to make sense of an intimidating, but crucial, part of everyone's lives.

Question everything ? and become a better investor in the process Uncommon Sense takes readers on a four-century journey; from the dawn of public share ownership (in 1602) right up to today. But this is not simply a history book. It's a book for serious investors. Along the way it reveals the fascinating stories, the market characters and the important financial developments that have sculpted the thinking behind the value investor's craft. Blended throughout the narrative Kemp delivers an array of interesting anecdotes and rock solid logic regarding what works when investing in the stock market, what doesn't, and why. Early in the 20th Century, Charles Dow remarked of Wall Street Operators that 'the more they actually know, the less confident they become.' Continuing in the tradition of that simple, elegant statement, this enlightening and entertaining book will have you thinking, acting and succeeding on your own in your investment endeavours. Learn to question conventional wisdom at every turn and develop a healthy skepticism as you plan your own investment strategies Develop a rich understanding of the stock valuation process Discover the methods that have been used by successful investors from the dawn of the modern stock market (in 1602) right up to today Learn how to interact simply and successfully with markets that are vastly complex and largely inexplicable Uncommon Sense will have you questioning and doubting much that's stated about stock market investing, then developing your own winning strategy based on reason and understanding.

Financial Freedom

The Barefoot Investor

Get Started Investing

100 Minds That Made the Market

Solving the Procrastination Puzzle

Chasing the Boogeyman

The Barefoot Investor is about creating the financial freedom to live your dreams, whatever your age. It shows how getting your financial act together can be downright sexy, allowing you to achieve the things that mean the most to you - regardless of your income. Scott Pape, the Jamie Oliver of finance, writes for the young and hip who want to enjoy life now - not to wait on dead men's shoes. He shows you how to manage your money to do the things you want: whether it's to quit the job you hate to make a career of what you love; buy a cool flat; go backpacking; or build a wealth portfolio for the future. It is packed full of simple tips, tricks, checklists and quizzes that will help you to transform your personal wealth with minimum effort. By following the Barefoot plan you can make your money work for you. There are five simple steps here showing you how to save it, invest it and let it do the hard work for you so you can tread your own path. At last, you can live your dreams and pay for them too.

As a public speaker, this book was written in response to an ever growing chorus of requests for my 'notes'. I have never had notes as the presentations I make are based on 40 years experience in the financial services industry both here and abroad. After so many years, I had begun to question more and more of the assumed wisdom of much of the financial services industry. I left the industry in 2000 to free myself from the shackles of being paid to present a message I no longer believed in and to write this book. I now believe that behavioural finance is more important than economics and as a result, share markets are guided by forces beyond reason. Their short term ups and downs can be linked to collective human behavior, not a logical continuum of cause and effect. In this book, you will learn that history repeats itself: you'll find our why there's no such thing as a market "crash": why investing for the long term is the surest way to tap the market's riches; why market volatility is not a measure of risk; and why looking backwards "can damage your wealth."

We're always promising ourselves that we are going to get on top of our finances - finally pay down debt, start that investment portfolio, pay attention to our superannuation. But then life gets in the way. As we juggle the commitments and responsibilities in our busy lives, good money habits can quickly fade away. Canna Campbell is an experienced financial planner, and also a mother, partner and entrepreneur. She understands the challenge of trying to maintain balance and motivation when you're time-poor, and she's used this experience to develop an inspirational and effective approach to personal finance management. She shows you how to look at your finances with holistic and powerful mindfulness, easily incorporating her step-by-step advice into your daily habits and routines. From new banking rituals and money mindsets to growing passive income through shares and property, she will help you shed the excess and embrace what you really love, value, use and appreciate - including your necessary luxuries. Canna leads by example, sharing her personal tips and tricks for building, managing and protecting your money. No matter what you earn or what level of knowledge you have, Mindful Money will help you to see that financial independence is achievable. 'Canna Campbell offers a glamorous vision of a life of minimalism and saving ... Not spending feels more like a creative challenge connected to a sense of purpose, rather than deprivation.'
