blends the music, the mood, and the ethos that were the sixties with a young man's hopeless and heroic first love. Toru, a serious young college student in Tokyo, is devoted to Naoko, a beautiful and introspective young woman, but their mutual passion is marked by the tragic death of their best friend years before. As Naoko retreats further into her own world, Toru finds himself drawn to a fiercely independent and sexually liberated young woman. Stunning and elegiac, *Norwegian Wood* first propelled Haruki Murakami into the forefront of the literary scene.

This atlas presents normal and pathologic findings observed on CT angiography with 3D reconstruction in a diverse range of clinical applications, including the

imaging of cerebral, carotid, thoracic, coronary, abdominal and peripheral vessels. The superb illustrations display the excellent anatomic detail obtained with CT angiography and depict the precise location of affected structures and lesion severity. Careful comparisons between normal imaging features and pathologic appearances will assist the reader in image interpretation and treatment planning and the described cases include some very rare pathologies. In addition, the technical principles of the modality are clearly explained and guidance provided on imaging protocols. This atlas will be of value both to those in training and to more experienced practitioners within not only radiology but also cardiovascular surgery, neurosurgery, cardiology and neurology.

People Like Ourselves is a trilogy of novels set after the Great War in the Scottish town of Priorsford and portray a small town life in southern Scotland. "Penny Plain" – The impoverished Jardine family of siblings lives in a small town of Priorsford, Scotland. Their heroine is Jean, the oldest one at 23, who looks after

her three younger brothers in their house called The Rigs. Their situation changes when a wealthy and sophisticated lady from London names Pamela moves nearby and makes acquaintance with the Jardines. Pamela has an eligible younger brother who takes an interest to Jean. "Pink Sugar" – After spending past 20 years travelling around the world with her glamorous stepmother, Kirsty Gilmour, a 30 years old Scottish woman goes back to Scotland. Her stepmother has died and left her with a decent amount of money and the freedom to do what she pleases for the first time in her life. She chooses to buy a cottage in a small Scottish village and she decides to share it with other people as she desires to "live for others". She invites her old aunt to live with her, hires an upper-class landlord and brings three motherless children to live with her for a while.

"Priorsford" – Lady Bidsborough, formerly Jean Jardine of Priorsford, is now the mistress of Mintern Abbas, a grand home in England. She is also the mother of three children. When her husband, Biddy, feels a moral obligation to accompany the friend, who saved his life during the Great War, on a long trip, Jean decides to spend the winter in her beloved Priorsford. With a menagerie of children, pets, maids and a secretary, she returns to The Rigs.

Appropriate for all basic-to-intermediate level courses in Visual Basic 2008 programming. Created by world-renowned programming instructors Paul and Harvey Deitel, Visual Basic 2008 How to Program, Fourth Edition introduces all

facets of the Visual Basic 2008 language hands-on, through hundreds of working programs. This book has been thoroughly updated to reflect the major innovations Microsoft has incorporated in Visual Basic 2008 and .NET 3.5; all discussions and sample code have been carefully audited against the newest Visual Basic language specification. The many new platform features covered in depth in this edition include: LINQ data queries, Windows Presentation Foundation (WPF), ASP.NET Ajax and the Microsoft Ajax Library, Silverlight-based rich Internet application development, and creating Web services with Windows Communication Foundation (WCF). New language features introduced in this edition: object anonymous types, object initializers, implicitly typed local variables and arrays, delegates, lambda expressions, and extension methods. Students begin by getting comfortable with the free Visual Basic Express 2008 IDE and basic VB syntax included on the CD. Next, they build their skills one step at a time, mastering control structures, classes, objects, methods, variables, arrays, and the core techniques of object-oriented programming. With this strong foundation in place, the Deitels introduce more sophisticated techniques, including inheritance, polymorphism, exception handling, strings, GUI's, data structures, generics, and collections. Throughout, the authors show developers how to make the most of Microsoft's Visual Studio tools. A series of appendices provide essential programming reference material on topics ranging from

In this "evocative first novel," an elderly woman looks back on the world of revolutionary Cuba as she recalls her intimate, secret love affair with Ernesto "Che" Guevara (Publishers Weekly). A young Cuban woman has been searching in vain for details of her birth mother. All she knows of her past is that her grandfather fled turbulent Havana of the 1960s for Miami with her in tow, and that pinned to her sweater—possibly by her mother—were a few treasured lines of a Pablo Neruda poem. These facts remain her only tenuous links to her history, until a mysterious parcel arrives in the mail. Inside the soft, worn box are layers of writings and photographs. Fitting these pieces together with insights she gleans from several trips back to Havana, the daughter reconstructs a life of her mother, her youthful affair with the dashing, charismatic Che Guevara and the child she bore by the enigmatic rebel. *Loving Che* is a brilliant recapturing of revolutionary Cuba, the changing social mores, the hopes and disappointments, the excitement and terror of the times. It is an erotic fantasy, a glimpse into the private life of a mythic public figure, and an exquisitely crafted meditation on memory, history, and storytelling. Finally, *Loving Che* is a triumphant unveiling of how the stories we tell about others ultimately tell the story of ourselves. "A moving novel from a writer to watch." —Publishers Weekly

"Inventive and hypnotic . . . [An] artful and restless examination of the exile soul."
—Los Angeles Times "[Menendez] captures Cuba's potential, its desperation and
and also its dark humor." —The New York Times "The writing is consistently beautiful.
Highly recommended." —Library Journal

The sequel to the award-winning and critically-acclaimed *Those Days, First Light*, a magnificent novel set at the turn of the twentieth century in a Bengal where the young India are jostling for space. Prominent among its many characters are Rabindranath Tagore or Robi, the young, dreamy poet, torn between his art and love for his beautiful, ethereal sister-in-law, Kadambari Devi, and the handsome, dynamic Naren Datta, later to become Swami Vivekananda, who abandons his Brahmin Samaj leanings and surrenders himself completely to his Guru, Sri Ramakrishna. The story also touches upon the lives of the men and women rising to the call of nationalism; the doctors and scientists determined to pull their land out of the mire of superstition and blind beliefs, and the growing theatre movement of Bengal, with brilliant actors and actresses who leave behind the squalor of their lives every night to deliver lines breathtaking in their beauty. Through all this runs the story of Bharat and Bhumisuta - one an illegitimate prince, the other a slave who rises to become the actress of her age - who cling to their self-respect and love in a society which has no time for people like them. Grand in its scale and crackling with the energy of its

First Light is a rich and comprehensive portrait of Bengal, from its sleepy, slow-changing villages to the bustling city of Calcutta where the genteel and the gro live together. Equally, it is a chronicle of a whole nation waking up to a new, mo sensibility.

The Critical Heritage series gathers together a large body of critical sources on major figures in literature. Each volume presents contemporary responses to a writer's work, enabling students and researchers to read for themselves, for example, comments on early performances of Shakespeare's plays, or reactions to the first publication of Jane Austen's novels. The selected sources range from important essays in the history of criticism to journalism and contemporary opinion, and documentary material such as letters and diaries. Significant pieces of criticism from later periods are also included, in order to demonstrate the fluctuations in an author's reputation. Each volume contains an introduction to the writer's

published works, a selected bibliography, and an index of works, authors and subjects. The Critical Heritage is available as a set of 67 volumes, as mini-sets selected by period (in slipcase boxes) or as individual volumes.
