A lost colony is reborn in this heart-pounding fantasy adventure set in the near future. Enter the world of the Elementals, which James Dashner called “completely gripping and full of intrigue, revelation, mystery, and suspense.” Sixteen-year-old Thomas has always been an outsider. The first child born without the power of an element—earth, water, wind, or fire—he has little to offer his tiny, remote Outer Banks colony. Or so the Guardians would have him believe. In the wake of an unforeseen storm, desperate pirates kidnap the Guardians, intent on claiming the island as their own. Caught between the Plague-ridden mainland and the advancing pirates, Thomas and his friends fight for survival in the battered remains of a mysterious abandoned settlement. But the secrets they unearth will turn Thomas’s world upside-down, and bring to light not only a treacherous past but also a future more dangerous than he can possibly imagine. Written by an award-winning author, this dynamic series is perfect for fans of dystopian thrillers like James Dashner’s *The Maze Runner* and Marie Lu’s *Legend*. “Plenty of

Needless to say, practicing his vampire skills hasn't exactly been a priority for Vlad until now. A monumental trip to Siberia with Uncle Otis, training alongside the most gifted vampires, is exactly what Vlad needs. The Tudor Vampire Chronicles

Amber Sand is not a witch. The Sand family Wicca gene somehow leapfrogged over her. But she did get one highly specific magical talent: she can see true love. As a matchmaker, Amber's pretty far down the sorcery food chain (even birthday party magicians rank higher), but after five seconds of eye contact, she can envision anyone's soul mate. Amber works at her mother's magic shop--Windy City Magic--in downtown Chicago, and she's confident she's seen every kind of happy ending there is: except for one--her own. (The Fates are tricky jerks that way.) So when Charlie Blitzman, the mayor's son and most-desired boy in school, comes to her for help finding his father's missing girlfriend, she's distressed to find herself falling for him. Because when she can't see her own match, she can see his--and it's not Amber. How can she, an honest peddler of true love, pursue a boy she knows full well isn't her match? The Best Kind of Magic is set in urban Chicago and will appeal to readers who long for magic in the real world. With a sharp-witted and sassy heroine, a quirky cast of mystical beings, and a heady dose of adventure, this novel will have you laughing out loud and questioning your belief in happy endings.

Sinful Magic

Dying really has a way of making a girl rethink her life choices. Mischa Bartone was a runner. Running from anything that made her feel too much was kind of her thing. But not even an expert runner like Mischa could escape death. And when the only man who'd ever made her consider not running brought her back as a vampire...well, let's just say she didn't exactly handle it gracefully. Giving the love of his life immortality didn't go exactly as Hunter had hoped. As if having her push him away wasn't punishment enough, he also ended up in prison for turning her without her written consent. And after months on the inside with no contact, he could only assume she was well and truly over him. So what if the memory of her consumed his every waking thought? That was his problem; he'd deal with it. Time to stop chasing Mischa Bartone once and for all. But when Mischa and Hunter are thrown together on a case for a very pregnant Harper Hall, sparks fly—and it doesn't take Mischa long to realize that letting Hunter go had been a huge mistake, the biggest of her life (er, undeath?). Time to stop running and fight for what—and who—she wants. So, all she has to do is go undercover in the Miss Eternity vampire beauty pageant, find a couple of missing former contestants, stop a sicko stalker with a penchant for floral metaphors, complete her court-mandated vampire therapy sessions, and win back the man (er, vampire) she loves. In heels. And a skeezy pageant swimsuit. Easy, right? Yeah, not so much. Semi-Twisted works

Stranded in a blinding snowstorm in an SUV on an unknown highway who knows where and with only one companion left, her biggest worry at the moment is not about survival. With the shock of losing her other companions still fresh and no food at hand, Christine knows she's going to die. Brewer, New York Times bestselling author of the acclaimed Chronicles of Vladimir Tod series, uses classic horror elements to tell a darkly funny coming-of-age story about the dangerous power of belief and the cost of blind loyalty that Kirkus Reviews called “a slick, spooky, chilling mystery.” When Stephen's dad says they're moving, Stephen knows it's pointless to argue. They're broke from paying Mom's hospital bills, and now the only option left is to live with Stephen's grandmother in Spencer, a backward small town that's like something out of The Twilight Zone. Population: 814. Stephen's summer starts looking up when he meets punk girl Cara and her charismatic twin brother, Devon. With Cara, he feels safe and understood—and yeah, okay, she's totally hot. In Devon and his group, he sees a chance at making real friends. Only, as the summer presses on, and harmless nights hanging out in the cemetery take a darker turn, Stephen starts to suspect that Devon is less a friend than a leader. Te Maro and Elliott Parker - classmates at Fox Glacier High School for the Magically Adept - have never gotten along. But when they both get dumped the day before the big egg-baby assignment, they reluctantly decide to ditch their exes and work together. When the two boys start to bond over their magically enchanted egg-baby, they realise that beneath their animosity is something like friendship ... or physical attraction. Soon, a no-strings-attached hook-up seems like a good idea. Just for the duration of the assignment. After all, they don't have feelings for each other ... so what could possibly go wrong? From debut Kiwi author H.S. Valley, the latest winner of the Ampersand Prize, comes this gleefully addictive romantic comedy that's perfect for fans of Rainbow Rowell and David Levithan. In a word - it's magic.
