Now available as an eBook, a simple step-by-step guide that allows you to realistically apply the Law of Attraction to improve your life and achieve the next level of practical understanding. The Law of Attraction is one of the most popular topics in the area of self-help. At the same time, it is also one of the most misunderstood. Why is that? There are three main reasons: First, there are hundreds of Law of Attraction books available, and most either rehash the same information or completely differ on what they teach, which results in confusion. Second, the big-name "experts" on the Law of Attraction never teach the real secrets in their books, as they mainly try to convince you to enroll in their expensive courses, which supposedly teach the real secrets. And lastly, the majority of Law of Attraction books are either motivational and/or inspirational while lacking practicality. In this economic recession, people more than ever need the Law of Attraction to find a new job, earn more money, or simply to improve their lives. What exactly is the Law of Attraction? Plain and simple, it is the process of tapping into the hidden powers of our subconscious mind to "manifest" what we desire into our physical reality. Total Law Of Attraction explains in plain language that it 's our emotions, not so much our thoughts, that play a greater role in attracting what we want. Total Law Of Attraction avoids the need to search through many different Law of Attraction books to get the most important information. In one book, Dr. David Che has made the most powerful secrets of the Law of Attraction accessible for any individual who seeks them.

Winners don't different things, they do things differently A practical, common-sense guide that will lead you from ancient wisdom to modern-day thinking, You Can Win will help you to establish new goals, develop a renewed sense of purpose, and generate fresh and exciting ideas about yourself and your future. Shiv Khera guarantees, as the title suggests, a lifetime of success. The book enables you to translate positive thinking into attitude, ambition and action, all of which combine to give you the winning edge. This book will help you to:
· Build confidence by mastering the seven steps to positive thinking;
· Be successful by turning weaknesses into strengths;
· Gain credibility by doing the right things for the right reasons;
· Take charge by controlling things instead of letting them control you;
· Build trust by developing mutual respect with the people around you; and
· Accomplish more by removing the barriers to effectiveness.

RAHASYA - THE SECRET (Original English Title: THE SECRET)

Stories of Stolen Childhood

The Soulmate Secret

Throughout human history, stories have been told about certain individuals who seem to possess an uncanny ability to influence and persuade others. According to William Walker Atkinson, this ability isn't an inborn gift -- instead, it is a skill that can be learned and refined with practice, just like learning a new language or hobby. This volume is full of straightforward, easy-to-follow tips, exercises, and techniques that can help you boost your persuasive abilities.

Have you ever wondered what it takes to find the love of your life? Is it your dream to find a life partner who will love, cherish, and adore you? The Soulmate Secret will show you how to take control of your romantic destiny by using the Law of Attraction. Translated into more than twenty languages, The Soulmate Secret has become an international phenomenon. Now with a new preface and a new chapter filled with book-inspired success stories, this book shows finding true love is possible for anyone at any age if you are willing to prepare yourself, on all levels, to become a magnet for love. Arielle Ford knows this from experience. She used the techniques in this book to bring her soulmate into her life at age forty-four. They were engaged three weeks later. This ancient formula reveals that our universe is set up to deliver the people and things into our lives that are consistent with our personal belief system. If you don't believe you will ever find the One, then guess what? You probably won't. If, however, you learn to believe that the One is not only out there but is also looking for you, then true love can be yours. Using a series of processes called feelingizations—feeling in every cell of your being the outcome you want to create—Ford reveals how to manifest the man or woman of your dreams. The techniques, rituals, and projects found within these pages will allow you to prepare your home, body, mind, and spirit for the lover your heart truly desires.

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. (From the Playboy interview with Jay-Z, April 2003)

PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.
