International Association for the Study of Popular Music (2003) The practice of singing and songwriting in France during the Great War provides an intriguing tool for the exploration of the French cultural politics of the epoch. Responding to the dearth of cultural studies of the First World War, Regina Sweeney's unique cross-

disciplinary study illuminates many of the hitherto unexplored corners of an era that many historians consider to exhibit a break with recognizable trends. In early twentieth century Europe, singing was considered a part of education integral to the formation of good citizens. Singing was especially important to the French, for whom it was

historically associated with authenticity of feeling and purity of character, and thereby with the very roots of French democracy; it was particularly associated with the image of France as a victorious nation. But as Sweeney shows, different performances of the same patriotic song could carry vastly different meanings. By focusing on singing,
