Note to self: Decisions are best made sober. Unfortunately, Megan's meddling sister — and a bottle of wine — convince her to attend the high school reunion she'd planned to avoid completely. After all, no one wants to dwell on all of the terrible decisions they've made since graduation. Starting with walking away from Whittaker High... and the love of her life. Even after a decade, a bad marriage and a worse divorce can't stop Megan's heart from skipping when Eric walks in. Still dominant, sinfully hot, and somehow totally single. It's not a surprise to see Eric's long-time best friend, Colby Warren, arriving in his typical playboy fashion — but the plans they have for her are more than surprising. They're tempting. Times two. It could be another bad decision. A gamble that could end in another heartbreak in the halls of Whittaker High, but the things they're whispering in her ear promise a reunion she'll never forget. Eric and Colby are twice the risk — with twice the reward. And this time she's not walking away. * This second chance romance contains two hot Doms, MFM menage, BDSM, and a very happy extended ending with the included short story 'A Night Off' that gives these**

characters all the HEA your heart can handle!

Cold, ruthless. I'm Paulo García's monster, and I'd swallowed that bitter pill whole, learned to deal with it... until she stormed into the house like some avenging Valkyrie. Brave, beautiful. Nicky just wants to save her brother. She showed up with an envelope full of cash and a smart mouth and found herself in a den of monsters. I wish I could say I was the best of them, I wish I could protect her — but I'm far from perfect.

"I'm too broken for love." After everything Beth has been through, all she wants is to feel normal. To be normal. But the weight of her past won't let her go easily. "Wanting her is wrong." All Jake wants is to be a hero. To save as many as he can from the monsters of this world. But when the monsters come for Beth Doherty... he isn't thinking like a hero. Ripping her out of her life was bad enough. Wanting her is worse. But resisting her might just be impossible. ---

Note: This is book 2 of Beth's story, but it can be read without walking through the pitch black darkness of Breaking Beth, Book 1. If you want to learn about her time with Anthony Williams, you can read book 1, or you can start here where her journey to recovery begins. It's your choice, lovelies.

Vengeance and destruction are all he has left. Lianna Mercier has everything. She's beautiful, well-educated, her father is rich, powerful — and she works for him. The perfect little princess, raised to be just like daddy. But it's all a lie. A bloody, screwed up lie, and David Gethen is about to tear it all down and destroy Lianna in the process. He wants revenge, he wants to finish the plan his father started years ago — but after he takes her, after he tortures her, he begins to realize just how wrong he may have been. Publisher's Note: This book is a dark romance that contains intense scenes, graphic language, and capture fantasy which may be disturbing for some readers. Knight is the fourth book in the Reed Security Series and should be read in order. The hairs on the back of my neck

stood up and I stiffened. He was here. I stood and looked around the room, but I didn't see anything. Walking over to the window, I looked out into the dark, hoping that I could see something. I would rather know exactly where he was than wonder the whole night if he was going to come for me. Hot air trickled across the back of my neck. My breath hitched as I felt a hand brush against the nape of my neck as my hair was shifted over my shoulder."You should be more careful when you're leaving work."His voice washed over me in that rough, deep tone that sent shivers down my spine."Why did you do that?" I asked, my heart beating out of control."He was hurting you.""I was running away. I would have gotten away."His hand brushed down my arm and then back up to rest on my shoulder. "He might have come back another night. A man like that, someone who would attack a woman just to get a fix, he doesn't deserve to live.""That's not your decision to make," I said shakily."I made it my decision the moment he put his hands on you, and I'd do it again."I spun around and faced the man that I had

last seen just a week ago. "I don't need anyone killing to protect me. I heal people and that man could have been helped." "That man was scum and if he went after you, he would go after someone else. He didn't deserve to live." "Like you?" He took a step back and his jaw tightened. "I repaid my debt. You won't see me again." "I didn't want to see you again to begin with." He backed out of my room and was gone. I had no idea how he got in or how he left. He moved so silently that I didn't hear even my noisy stairs creak. Even though the man had just killed someone in front of me, I couldn't help but still want to see him again, no matter what I said. He intrigued me and terrified me all at the same time. I turned back to the window and stared out into the night, wondering if I would see him again. He's no white Knight Hudson McGuire- Ex-Marine and good friend of Hunter "Pappy" Papacosta. Garrick Knight-Badass assassin on a crusade to rid the world of those he deems unworthy. Both men are lethal. Both men are obsessed with Kate Whittemore. Both men are the same man, but only

one can convince Kate that he's the man for her. KnightI was dishonorably discharged from the military after I killed my superiors. They were profiting off soldier'sdeaths and I wouldn't stand for it. They were righteous kills and I stand by what I did. I was sentenced to prison,but Pappy made sure I never saw the inside of a prison cell. Ever since then, I've been working as a gun for hire,taking on any job that rids the world of the scum of the earth. Then I met up with Pappy again and all my planswent to shit. I found myself working for the good guys once again and ended up in the hands of an angel. KateI'm a doctor and I own my own practice in town. I never wanted to be a part of the crazy schedules of the hospitaland wanted to have a personal connection with my patients. That started to change a little when my cousin,Cole called me to take care of a woman he found in the woods. Ever since then, I've become a sort of on-call doctor for his friend, Sebastian at Reed Security. Then, I got called in to take care of a gun shot victim that completely changed my world.

I see him watching me from afar. He thinks I don't know he's there, but I can feel his eyes on me all the time. I know he's not a good man, but I can't help but want to know more about him.

Violent Python shows you how to move from a theoretical understanding of offensive computing concepts to a practical implementation. Instead of relying on another attacker's tools, this book will teach you to forge your own weapons using the Python programming language. This book demonstrates how to write Python scripts to automate large-scale network attacks, extract metadata, and investigate forensic artifacts. It also shows how to write code to intercept and analyze network traffic using Python, craft and spoof wireless frames to attack wireless and Bluetooth devices, and how to data-mine popular social media websites and evade modern anti-virus. HER This was never supposed to happen to me. I was smart. I was strong. I was a first degree black belt for fuck's sake, but none of that mattered. I was stolen from my life and thrown into the dark depths of human trafficking. But the worst is him. He wants me broken. But most of all, he just wants me and that's what has me terrified. I won't let him break me. Because in the end, what doesn't kill me will only make me stronger. HIM I'm not a very nice guy. I'm actually a terrible person, but I'm not going to pretend to care. I have a billion dollar empire to run that manifests carnage, blood, and money and I crave it all. Nothing ever got in my way, nothing stopped me. If I wanted something, I made it happen, that is until this damn girl crawled into my life. Strong, defiant, and a mixed martial artist, she was everything I never expected to want in a woman. Breaking her down became an obsession. I wanted more and

I'll be damned if I didn't fucking get it. Phee knows that girls like her don't get the fairytale... Falling for a man like Bryant Holbrook is just begging for heartbreak. Rich boys don't look twice at waitresses from the fog, at least... not until now. One smart-mouthed taunt and his turquoise eyes are all over her. That cocky, bad boy grin tempting her with the impossible. It should have stayed a one-night stand. Now, it's too late. Phee is pulled into a world of danger and corruption where Bryant must put everything at risk to keep her safe, or risk losing her to keep his father's dream alive.

A New York Times and Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | New Statesman | The Telegraph "[Putin's People] will surely now become the definitive account of the rise of Putin and Putinism." —Anne Applebaum, The Atlantic "This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades." —Peter Frankopan, Financial Times Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In Putin's People, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir

Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin's Kremlin, Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory exposé of the KGB's revanche—a story that begins in the murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves, suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn's Brighton Beach—and assembling a colorful cast of characters to match—Putin's People is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and, increasingly, the world.

Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

Breaking Sin

HERThere are not enough words to describe my internal torment. I knew there would be consequences for what I did. I knew this would be hard. But it's so much harder than I ever want to admit. Physically broken, mentally drained, and legally dead, I now find myself wasting away on an island in the middle of the Bahamas. Darren has left me in isolation for my own recovery and the only thing I can be grateful for is the fact that my isolation includes him. But I know he won't be able to stay away for long. Eventually he'll be back to reclaim what's his and remind me of all the things I hate about him. How he's able to twist fear with pleasure to create the most destructive combination, how it rushes through my blood and simmers under my skin, making me come alive and burn for more. Sometimes I don't know who I hate more, him or myself? After everything that's happened, after everything I've

allowed myself to feel, I deserve a little self-hatred. I can feel my will to continue fighting diminishing, the fire in my heart barely more than embers, but I promised Jason I would find him. I promised my family I would find a way back to them. Darren may own me, but he doesn't own my intentions. And even though he may have broken my body, he will never break my will to survive. I'll find a way. Somehow, I'll find my way out of the dark, even if it's with the tiniest little spark. HIM Nothing plagues my mind more than that goddamn, stubborn ass redhead. Too often, I find myself thinking of nothing else, and no matter how many miles I put between us to focus on my work, Jaden still finds a way to kick the damn door down and pull me under. I may not have been able to keep her out of my head, but I was able to keep her hidden away on my private island in the Bahamas. I wanted to ensure her recovery would remain uninterrupted from other potential distractions. It would be pretty tough to escape from an island in the middle of the ocean, surrounded by guards with broken bones and a broken ego. Jaden wasn't going anywhere, not this time, not until I was ready to take her back with me. She had a lot to prove until then. I knew she was more than physically damaged. Her confidence in herself shattered the night I crushed her in my arms and I had a feeling it was going to take a lot of inner strength for her to put it back together. But that was the one thing I knew she had a never-ending

supply of. Her strength was admirable and I was confident she'd find it again. I just had to make sure it lacked one thing when we eventually returned home - her desire to kill me. There were two ways I could accomplish that - positive reinforcement or negative reinforcement. I suppose the technique would depend on Jaden's ability to adapt, but knowing her, I was going to have to fight this at every angle ... and didn't I always love a good fight. **WARNING: Contains disturbing content that may be offensive to some readers.*NOTE: For every book that is sold, a portion of the proceeds will be donated to a charity that benefits victims of human trafficking.***

The Thalia Series is a dark, gripping, and emotionally harrowing story that takes you on a rollercoaster ride from the deepest of dark romances all the way to the light. Featuring all five books: Security Binds Her, Striking a Balance, Salvaged by Love, Christmas at Purgatory, and Tying the Knot! Also includes the short stories 'The Branding', 'A Kalen and James Flashback', and a never before released story titled 'James at The Auction'.

Content Warning - This book contains graphic sexual situations, mature language and explicit description of sexual violence. She was meant to be his destruction... A pawn played in a perilous game between father and son... Yet, her strength was more than either man could imagine. As Maddy learns to save herself... She becomes the one thing that

could set the son free. Madeleine Clark was raised to become a concert cellist. Sheltered and naïve, she remains hidden behind her music, a protection from the world around her. On the night of her first solo performance, Maddy accepts the admiration of a stranger and finds herself captive in a cruel and twisted power struggle between a sadistic father and his son, Aaron. Seemingly dangerous and uncaring, Aaron manages the business operations of his father's estate. Wanting nothing to do with the slaves kept at the Estate, Aaron refuses to take part in the deeper depravities of his father. Despite his resistance, Aaron's father 'gifts' him with a petite, brunette woman he can't refuse. A bond forged in conspiracy and deceit, Aaron struggles to save Maddy by teaching her to survive in the world in which he'd been raised. An unlikely union, Aaron soon learns that great strengths can exist within small packages, while Madeleine learns that love and light can exist in the darkest of places.

Madeleine Abducted is Book 1 of The Estate Series. Each book is a stand alone and will not have cliffhangers.

Cara has spent her entire life as the good girl - the straight-A, straight-laced, good girl - and she's tired of it. When her roommate Meredith invites her to a private party, one that will earn her fifteen hundred dollars just to attend, she discovers a hidden world where society's rules hold no sway, where sex is readily available

under the privilege of anonymity and safety, and a mysterious man wants to bring her dark side out to play. Will Cara run and ignore the thrill the party brings her, or will she dive in head first to discover what she's really capable of? Note: This story includes a nice dose of tall, dark, dominant, and handsome, several scenes of hot sex with multiple partners, and a heaping dash of BDSM to top it all off. Knowing all of that, will you accept The Invitation? EXTRAS: This edition includes the exclusive short 'Ben's Day'!

Leon I earned my reputation among magicians for a reason: one wrong move and you're dead. Killer, they called me, and killing is what I'm best at. Except her. The one I was supposed to take, the one I should have killed - I didn't. The cult that once controlled me wants her, and I'm not about to lose my new toy to them. Rae I've always believed in the supernatural. Hunting for ghosts is my passion, but summoning a demon was never part of the plan. Monsters are roaming the woods,

and something ancient - something evil - is waking up and calling my name. I don't know who I can trust, or how deep this darkness goes. All I know is my one shot at survival is the demon stalking me, and he doesn't just want my body - he wants my soul. Her Soul to Take is book 1 in the Souls Trilogy. "What is it about us, angel? Is it that I make it hurt? Or is it that I make you like it?" Love isn't easy for a man raised on hate. Plain and simple. When David took Lianna Mercier to destroy her, he didn't know that he'd fall for her. A mistake he'd happily make again... because now she's his entire world. But he's not the only monster at her door. She's still heir to a family name steeped in blood and violence, a criminal family that she's too innocent to face alone, and they're coming for her. He'll die before he lets her go, because losing her will only end one way - with him eating a bullet. The only problem is... can he even ask her to choose him after all he's done?

Boy meets girl. Girl tries to kill boy. This isn't your typical love story. Mateo needs information, and the woman known only as C has it. But she's a killer, just as deadly as he is, and she's not going to crack after a little torment. Yet, in this criminal underworld full of so much death... a battle of wills can be seductive. With time running out, these assassins have to choose between each other, their

loyalties, and the consequences of betrayal.

She wants revenge. She wants the nightmares to stop. There are some things only a bullet will fix. Before Camille Devereaux knew how to kill, before she could even hold a gun, she was a damaged girl with only one purpose in life: Destroy each of the men who had hurt her. Plucked from the streets, taken in by a hitman who says he will train her, the assassin known only as 'Smith' quickly becomes the center of her dark world. Teacher, companion, protector — it shouldn't go any further. There are names to tick off her list, and the last thing he wants is to become another monster in her life, but his brutal training only draws them closer together, the attraction growing as fast as her skill. Amplified with every kill... until there's no denying the temptation.

Fair warning, it is a pitch black chronicle of the time she spent trapped with Anthony Williams. It's a story about hope dying, about coming face to face with darkness and choosing how you're going to let your story play out. If you don't want to walk this dark path with Beth, you can stay close to the light and go directly to Damaged Doll, Book 2, which begins years later when she meets Jake. For the brave... I'll see you on the other side.

Master Wireshark to solve real-world security problems If you don't already use Wireshark for a wide range of information security tasks, you will after this book. Mature and powerful, Wireshark is commonly used to find root cause of challenging network issues. This book extends that power to information security professionals, complete with a downloadable, virtual lab environment. Wireshark for Security Professionals covers both offensive and defensive concepts that can be applied to essentially any InfoSec role. Whether into network security, malware analysis, intrusion detection, or penetration testing, this book demonstrates Wireshark through relevant and useful examples. Master Wireshark through both lab scenarios and exercises. Early in the book, a virtual lab environment is provided for the purpose of getting hands-on experience with Wireshark. Wireshark is combined with two popular platforms: Kali, the security-focused Linux distribution, and the Metasploit Framework, the open-source framework for security testing. Lab-based virtual systems generate network traffic for

analysis, investigation and demonstration. In addition to following along with the labs you will be challenged with end-of-chapter exercises to expand on covered material. Lastly, this book explores Wireshark with Lua, the light-weight programming language. Lua allows you to extend and customize Wireshark's features for your needs as a security professional. Lua source code is available both in the book and online. Lua code and lab source code are available online through GitHub, which the book also introduces. The book's final two chapters greatly draw on Lua and TShark, the command-line interface of Wireshark. By the end of the book you will gain the following: Master the basics of Wireshark Explore the virtual w4sp-lab environment that mimics a real-world network Gain experience using the Debian-based Kali OS among other systems Understand the technical details behind network attacks Execute exploitation and grasp offensive and defensive activities, exploring them through Wireshark Employ Lua to extend Wireshark features and create useful scripts To sum up, the book content, labs and online material, coupled with many referenced sources of PCAP traces, together present a dynamic and robust manual for information security professionals seeking to leverage Wireshark.

"No one will tear us apart." Everything would be easier if he could just tie her up. Lock her away and keep her safe. Well... from everyone except him. But that's not how love works. The first book of the #1 bestselling Thalia Series from USA Today bestselling author Jennifer Bene, acclaimed as "dark, intense, and emotionally harrowing..." "I'll break you down. It may take time, but I will." "And if I don't break?" "You will." Taken from work one night, Thalia is thrust into the violent, controlling world of a man she thought had been the security guard for her building, but she quickly learns that this was only a cover to get to her, to take her. As her old life is erased, the guard pushes Thalia to recognize the darker sides of herself, while Thalia endeavors to hold on to who she is. Trapped alone with her abductor, can Thalia fight to retain her sense of self, or will his small glimpses of kindness cause her to finally submit to him? 'Security Binds Her' is a dark, brutal journey that leaves readers breathless and waiting to

turn the page to find out if Thalia will break, or be lost forever to the darkness around her.

John Dewey's *Democracy and Education* addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, *Democracy and Education* is regarded as the seminal work on public education by one of the most important scholars of the century.
