From award-winning criminologist R. Barri Flowers and bestselling author of *Murder During the Chicago World's Fair*, *Murder of the Doctor's Wife*, *Murder at the Pencil Factory*, and *The Pickaxe Killers*, comes the gripping historical true crime short, *Murderess on the Loose: The 1922 Hammer Wrath of Clara Phillips*. On the evening of Wednesday, July 12, 1922, Los Angeles, California, was the scene of a shocking and deadly assault. The victim was an attractive twenty-one-year-old widow named Alberta Meadows. Her death came as the result of a vicious hammer and boulder attack on a twisting dirt road at the bottom of a hill in the subdivision of Montecito Heights on the city's northeast side. The violent act was perpetrated by a romantic rival named Clara Phillips, who lured the unsuspecting victim to the unlikely crime scene. The twenty-three-year-old murderesses' actions were spurred by jealous rage as Mrs. Meadows was the mistress of Clara's husband, Armour Phillips, an oil stock salesman who was three years her senior. The heinous crime was witnessed by Peggy Caffee, a

friend, who was too frightened to lift a finger to stop the attack. Afterward, Clara and Peggy fled the murder scene in the victim's brand-new Ford automobile. Surprisingly, the killer's husband Armour came to her aide in ditching the vehicle and fleeing Los Angeles by train, before self-preservation kicked in and he reconsidered his own actions after the fact, alerting authorities as to her whereabouts, leading to an arrest. Clara Phillips was given the moniker, "Tiger Woman," by the overzealous L.A. press of the day after a police detective on the case suggested that Alberta Meadows looked like "she had been mauled by a tiger." But Clara didn't go away quietly, proving to be not only a cold-hearted killer, but a fabricator and masterful escape artist before justice for the victim finally had a chance to be served in what proved to be one the 20th century's most disturbing acts of homicidal violence. Included are bonus excerpts of R. Barri Flowers' bestselling historical true crime book, The Dreadful Acts of Jack the Ripper and

Killer Data examines the phenomenon of serial murder using data collected from international sources to review offender patterning with a focus on contemporary cases. This type of attention will allow for a broader understanding of modern-day serial murderers and will help to dispel some of the myths that surround offenders.

The current serial murder classification scheme incorrectly types serial murderers as supremely intelligent killing machines while discounting their socialization, experiences, and choices. This book exposes serial murderers as run-of-the-

mill hometown losers, who brutalize women, and are lucky to escape apprehension. Like other atypical homicide offenders, modern-day serial murderers are propelled forward by a deep sense of entitlement, easy access to firearms, and a nonchalant attitude toward using murder to attain their goals. Readers should come away with a deeper understanding not of the ultra-rare or the "deadliest" serial murderers but of the more common offenders who pose a consistent threat to day-to-day life. The book utilizes the Consolidated Serial Homicide Offender Database, one of the largest and most robust open access databases of multiple murders available, presenting new thinking on areas such as: myths and stereotypes the impact of entertainment on the perception of serial murder inaccurate prevalence estimates spree/serial hybrid offenders the classification of two and three victim serial murderers how serial murderers pursue longevity the characteristics of aspiring serial murderers whether hit men and gang members are serial murderers if and why

serial murder is in a state of decline how many serial murderers are responsible for the homicides that sent innocent people to prison luck as a factor of "success" for serial murderers. These findings are illustrated with 200 narrative vignettes of serial murder series that occurred between 2011 and 2021, such as Itzcoatl Ocampo, Charles Severance, Nikko Jenkins, and Pamela Hupp, offenders who may be unfamiliar to many but represent the next iteration of the serial murderer. Correcting decades of flawed assumptions about serial murderers, and written in an accessible and concise style, Killer Data is essential reading for students and scholars of criminal justice and criminology, law enforcement professionals, and the interested general reader.

Another triple feature! "Unsolved in North America" - the third issue of Serial Killer Quarterly - focuses on 6 American and 2 Canadian cases of multiple murderer in which the slayer has eluded justice. Three years before Jack the Ripper stalked the streets of Whitechapel, a bold and barefoot killer was slipping into Austin's outbuildings to murder and rape black servant girls, sometimes after death. In his Servant Girl Annihilator, acclaimed true crime writer Harold Schechter drags this gruesome piece of Texan history back into the light for modern eyes to behold. 2500 miles north as the crow flies, and 20 years later, a series of bizarre decapitation/arson murders commenced in the gold-gutted Yukon. Canadian serial murder specialist Lee Mellor takes a look at these slayings, along with providing nail-biting articles on America's most infamous unsolved serial murder case, the Zodiac Killer of San Francisco, as well as the Montreal Child Murders: a spate of tragic pedophile killings which plagued the city throughout the Eighties. Another Franco-American cultural centre was shaken to the core between 1918-1919, when the shadowy Axeman of New Orleans slashed and bludgeoned unsuspecting Italian couples in their beds. Grinning Man Press co-founder Aaron Elliott tells of this jazz-happy native of Tartarus, and his possible (but improbable) connection to organized crime. The mob also appear as unlikely suspects in prolific author Michael Newton's The Mad Butcher of Kingsbury Run. Set against the backdrop of prohibition-era Cleveland, a seemingly-bisexual butcher left at least 10 victims

dismembered and disfigured in and around the city while legendary detective Eliot Ness faltered in his attempts to capture the perpetrator. In more recent events, Robert Hoshowsky and Kim Cresswell reveal the details of intriguing serial murder mysteries on America's two coasts: California's menacing Golden State Killer (aka the Original Night Stalker) and New York's Long Island Serial Killer. Considering how many of these offenders may still be at large and lurking in a community near you, Grinning Man Press warns that "Unsolved in North America" may destabilize your sense of personal security, result in intense fear and paranoia, and lead you to invest great quantities of money in alarm systems, intricate locks, and firearms.

When a body is discovered in a field in Iowa, the police uncover fourteen additional corpses ranging from 20 years old to recent. The remains point to a serial killer with an MO the authorities have seen before--Ed Oliphant, a man who has been in prison for over 20 years . . . and is Special Agent Kaely Quinn's father. After several failed interview attempts to discover if Ed has been training someone to be a copycat killer, the police turn to Kaely in St. Louis. Kaely promised herself she would never step foot in her hometown or set eyes on her father again. She's always refused to confront her past, but if she wants to prevent any more deaths, she must come face-to-face with the man she's hated for years. As more bodies are discovered, Kaely races against time and her own personal turmoil to uncover the killer. Will this most personal case yet cost Kaely her identity and perhaps even her life?

A Collection of Chilling True Crime Tales***

In recent years, there has been a surge in school shootings, workplace homicides, hate violence, and deadly terrorist attacks in the United States. This has resulted in a greater focus on homicidal behavior, its antecedents, ways to recognize warning signs of at-risk victims and offenders, and preventive measures. It has also led to increased efforts by lawmakers to create and pass tough crime legislation as well as improved federal, state, and local law enforcement response to murder and other violent crimes. *The Dynamics of Murder: Kill or Be Killed* is a multifaceted probe of murder offenses, offenders, victims, and characteristics of homicide in American society. This book breaks new ground in homicide studies by examining issues generally ignored or neglected among researchers. Topics include murders occurring in the workplace and in schools, those perpetrated by gangs and terrorists, those incited by bias, and intimate and intrafamilial murders. The book discusses sexual killers, serial and mass murderers, and suicide. It also examines psychological and sociological theories on murder and violence, as well as the increasing role the Internet plays in these crimes.

Case studies of actual murderers are included, including serial killers Gerald and Charlene Gallego, mass murderer Byran Koji Uyesugi, the murder/suicide case of Sahel Kazemi, and the intrafamilial murders committed by Charles Stuart and Sarah Marie Johnson. A comprehensive exploration of the crime of murder in American society, this fascinating study is an essential resource for researchers, criminologists, and other professionals in a wide range of disciplines. The Talking Cure examines four nationally syndicated television talk shows--Donahue, The Oprah Winfrey Show, Geraldo and Sally Jessy Raphael--which are primarily devoted to feminine culture and issues. Serving as one of the few public forums where working-class women and those with different sexual orientations have a voice, these talk shows represent American TV at its most radical. Shattuc examines the tension between talk's feminist politics and the television industry, who, in their need to appeal to women, trades on sensation, stereotypes and fears in order to engender product consumption. However, this genre is not a one-way form of social interaction. The female audience complies and resists in a complex give-and-take, and it is this relationship which The Talking Cure aims to understand and reveal.

Wife, Murder at the Pencil Factory, and The Sex Slave Murders, comes the gripping historical true crime short, *Murdered by the King of Western Swing: The Beating Death of Ella Mae Cooley in 1961*. On Monday, April 3, 1961, thirty-eight-year-old former vocalist Ella Mae Cooley was beaten to death in her home in Willow Springs, an unincorporated area located in Kern County, California. The cruelty of the crime was shocking to local residents in the normally idyllic community. A greater shock was that the murder was committed by the victim's fifty-year-old husband, Donnell Clyde Cooley, a well-known big band leader, musician, actor, host of a television variety show, and businessman. Ella Mae and Donnell Clyde, who generally went by the name Spade Cooley, were both struggling with accusations of unfaithfulness in their marriage that had produced two children. They were in the midst of a divorce when tragedy struck. Cooley snapped in deciding to end the marriage prematurely by murdering his wife. The horrific assault was witnessed by the couple's fourteen-year-old daughter, Melody, who would testify against her father at his trial. In spite of her untimely presence at the crime scene, Cooley sought to attribute Ella Mae's death to an accident. This fell flat, as did a short-lived attempt to plead insanity in the death of his wife. Spade Cooley would be convicted of murder and sent to prison for his heinous act of criminality, forever

victims of the torture - including that of the missing daughter. The address was 25 Cromwell Street, and these discoveries would earn it the moniker "The House of Horrors". At the end of the investigation, the number of the murdered was twelve - all young females, including one daughter and one stepdaughter. The couple responsible were Rosemary and Frederick West, and this book will tell you their story. We'll start from the very beginning, with the killers' childhoods and upbringings, exploring in detail the factors that contributed to their later depravities. From there we'll detail the crimes themselves, following the tragic tales of their victims, including the mechanisms that led them to their grim fates. We'll examine how the full extent of their crimes was uncovered in the subsequent investigation. Finally, we'll dig into the malignancies both surrounding the killers and within themselves that drove them to perpetrate their heinous acts. This book is not one for the faint of heart. It enters into graphic details that may upset those of a delicate constitution. It is a true life report on real events. If you believe as I do that we are better served knowing and understanding the full depths of darkness the human soul is capable of, and if you are able to stomach this knowledge, then read on and discover the story of one of Britain's most infamous killer couples. Four Serial Killers

From R. Barri Flowers, award-winning criminologist and bestselling author of *Murdered by the King of Western Swing*, *Murder at the Pencil Factory*, *Murder of the Doctor's Wife*, and *Murder During the Chicago World's Fair*, comes the gripping historical true crime short, *Murder of the U.S. Attorney: Congressman Sickles' Crime of Passion in 1859*. On February 27, 1859, Philip Barton Key II, the forty-year-old U.S. Attorney for the District of Columbia, was gunned down while standing in Lafayette Square, a public park across from the White House. His killer was Rep. Daniel Sickles, a thirty-nine-year-old New York congressman and lawyer whose striking young wife, Teresa Sickles, Key had been having an affair with. Upon discovering his wife's infidelity, Sickles became enraged and had the deadly encounter with her suitor. Afterward, he surrendered to authorities, confessed, was charged with murder, and went to trial. In spite of the cold-blooded and premeditated nature of the attack, Sickles used a defense of temporary insanity for his actions, the first such time this type of legal defense was employed in the United States. He was acquitted as a result and the "temporarily insane" justification for homicide or other serious intimate-involved offenses became a common defense for so-

called crimes of passion. Sickles, who was no stranger to public scandals and controversy, was able to effectively get away with murder. He would reconcile with his wife for a short time, continue his career in politics, and become a decorated soldier for the Union Army during the Civil War, and a diplomat, before dying in his nineties. His long life notwithstanding, taking the life of his wife's lover, Philip Key, in a fit of jealousy would forever remain a major part of Daniel Sickles' legacy, as chronicled in this compelling trip back in time of more than 150 years. Bonus material includes a complete and riveting historical true crime short, *Dead at the Saddleworth Moor: The Crimes of Serial Killers Ian Brady & Myra Hindley*; and excerpts from the author's bestselling true crime anthologies, *The Dreadful Acts of Jack the Ripper and Other True Tales of Serial Murder and Prostitutes*, and *Murder and Menace: Riveting True Crime Tales (Vol. 3)*. From R. Barri Flowers, award-winning criminologist and bestselling author of *Murder of the Horse Trainer's Rival*, *Murderess on the Loose*, *Murder at the Pencil Factory*, *Murder of the Doctor's Wife*, and *Murder During the Chicago World's Fair*, comes the thought-provoking historical true crime short, *Killer of Her Husband's Secretary: The 1935 Love Triangle Ire of Etta Reisman*. On the morning of August 14, 1935, Virginia Seigh, an attractive twenty-three-year-old secretary, was shot and killed as she stood in the driveway of a home in Queens, New York. Her murderer was Mrs. Etta Reisman, the thirty-five-year-old wife of Arthur Reisman, a forty-two-year-old well-to-do owner of a beauty salon chain. The previous day, Reisman had confessed to his wife that he had fallen in love with Miss Seigh--his secretary, who had resided with the Reismans for seven years--and wanted a separation. This did not set well with Etta, who felt totally betrayed by her husband and their house guest, causing her to snap and go on a shooting frenzy.

Along with Reisman himself, also witnessing the shocking homicide was his daughter from an earlier marriage, Annette Reisman. The twenty-three-year-old was injured when she attempted to take the gun from the unhinged shooter. Etta Reisman was arrested and charged with murder in this classic case of a love triangle that ended tragically for all parties concerned. The embittered wife turned vengeful killer was convicted of the crime of violence, resulting in a stunning and controversial action the judge set in motion. The heartbreaking tale of Etta Reisman has endured through the decades as, sadly, many others have followed the same path of jealous rage as an often impulsive and deadly response to being wronged and paying an even greater price themselves in the final analysis. Bonus material includes a chapter from the author's bestselling true crime book, *Serial Killer Couples: Bonded by Sexual Depravity, Abduction, and Murder*. Also included are excerpts from the author's true crime anthologies, *Murder and Menace: Riveting True Crime Tales*, and *Murder Chronicles: A Collection of Chilling True Crime Tales*.

From award-winning criminologist R. Barri

Flowers and the bestselling author of Dead at the Saddleworth Moor, Prostitution in the Digital Age, and The Sex Slave Murders, comes the gripping historical true crime book, The Dreadful Acts of Jack the Ripper and Other True Tales of Serial Murder and Prostitutes. The renowned Ripperologist taps into his expertise on serial murderers and sex trade workers in offering an in-depth look at four noteworthy cases in which the two worlds collide frighteningly. Jack the Ripper, the infamous and unidentified Victorian serial killer of at least five prostitutes in the dangerous section of London, known as Whitechapel, in 1888. The Ripper, who slashed and horribly mutilated his sex worker victims, set the tone for diabolical, vicious, serial slayers to follow for all time. Aileen Wuornos was an American prostitute, who doubled as a serial killer in murdering seven johns in Florida between 1989 and 1990. She claimed they tried to or succeeded in raping her during the course of prostituting herself. In the process, Wuornos ended up being apropos for this book as a sex worker and serial predator. Kendall Francois was an African American serial killer, dubbed the "Poughkeepsie Killer," who strangled to death eight streetwalker prostitutes in Poughkeepsie, New York, between 1996 and

1998. Francois used his own residence as a horrifying house of homicides and burial ground. The Edmonton Serial Killer represented one or more mostly unidentified serial killers who targeted and murdered dozens of prostitutes in the city of Edmonton in Alberta, Canada, between the mid-1970s and the early 2000s, and possibly beyond that. The sex trade worker victims were often picked up in the city's red-light district stroll, murdered, and dumped in various killing fields in rural areas around Edmonton. The book will also chronicle the infamous and colorful 19th century New Orleans prostitute and serial killer, Mary Jane Jackson, and modern-day American serial killers of prostitutes, Walter Ellis, nicknamed the "North Side Strangler," and Vincent Johnson, dubbed the "Brooklyn Strangler." Included is a bonus true crime short on Douglas Clark and Carol Bundy, a serial killer couple who targeted prostitutes on the Sunset Strip in West Hollywood, California; as well as excerpts from two fascinating historical true tales of child murder, serial murder, and jealous rage. For fans of true crime tales and literary criminology, this gripping volume written by someone with the verisimilitude that the subject matter merits will surely hold your attention from start to finish.

but even more disturbing was that the culprit turned out to be the victim's housemaid, an attractive young Irishwoman named Bridget Durgan. The circumstances surrounding the murder--including jealousy, obsession, and delusion--were as old as time itself. The crime would come at a very steep price for the murderess who would be executed for the heinous act. The death of Mary Ellen Coriell also weighed heavily on the object of Bridget's affections, the heartbroken victim's husband, Dr. William Coriell, who would be left to care for the couple's young daughter alone. The unspeakable tragedy would also be felt throughout the community for many years to come. The sad tale of Mary Ellen Coriell's untimely demise at the hands of someone she trusted and was ultimately betrayed by is a must for students of history, true crime, and homicide. A complete bonus story, *Murder of the French Lover*, chronicles the May 21, 1892, scandalous murder of Madame Lassimonne in Paris, France, by romantic rival, Claire Reymond, and its stunning outcome.
