A serial killer who can read the thoughts of victims and investigators. Detective Mickey Rourke is called to a late night homicide in Queens, New York. The scene resembles a slaughterhouse. The sole victim had been torn apart. A distraught elderly neighbour informs Rourke that the victim was a serial killer - the victim? She then asks the NYPD detective to look "behind the walls" of the apartment. What is found within, sickens a shocked and petrified populace. A serial killer had killed another serial killer leading to a week of carnage with only a female psychic to lead the embattled cop towards safety, closure and peace of mind."This could be the book of the year. The central character's language is reminiscent of Raymond Chandler dialogue spoken by Humphrey Bogart." - Ray Hoy of The Fiction Works.

Tells the story of Richard Kuklinski, a suburban hitman who specialized in cyanide, until one police officer risked his life to hunt down the killer. Philip Carlo's *The Ice Man* spent over six weeks on the New York Times Bestseller List. Top Mob Hitman. Devoted Family Man. Doting Father. For thirty years, Richard "The Iceman" Kuklinski led a shocking double life, becoming the most notorious professional assassin in American history while happily hosting neighborhood barbecues in suburban New Jersey. Richard Kuklinski was Sammy the Bull Gravano's partner in the killing of Paul Castellano, then head of the Gambino crime family, at Sparks Steakhouse. Mob boss John Gotti hired him to torture and kill the neighbor who accidentally ran over his child. For an additional price, Kuklinski would make his victims suffer; he conducted this sadistic business with

coldhearted intensity and shocking efficiency, never disappointing his customers. By his own estimate, he killed over two hundred men, taking enormous pride in his variety and ferocity of technique. This trail of murder lasted over thirty years and took Kuklinski all over America and to the far corners of the earth, Brazil, Africa, and Europe. Along the way, he married, had three children, and put them through Catholic school. His daughter's medical condition meant regular stays in children's hospitals, where Kuklinski was remembered, not as a gangster, but as an affectionate father, extremely kind to children. Each Christmas found the Kuklinski home festooned in colorful lights; each summer was a succession of block parties. His family never suspected a thing. Richard Kuklinski is now the subject of the major motion picture titled "The Iceman"(2013), starring James Franco, Winona Ryder, Ray Liotta, and Chris Evans.

In *Stop Sabotaging Your Life: 3 Steps To Your Full Potential*, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you

reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that." — Cristina "The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man

simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential." —Adrian "If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth." —Blaine

her. Through three concentration camps, ending in Auschwitz, Zia wishes she had been killed many times over. Traumatized, she has no idea that Max and a few unlikely friends are battling their way through Nazi occupied Europe in a crazy attempt to rescue her. This novel explores the dark depths that humans can sink to in times of war. It is for adults only and even then; it is not for readers of a sensitive disposition. Whatever you read in this novel of extraordinary graphic Holocaust content, consider this - it was immeasurably worse, a hundred thousand times so.

For fans of Stephen King's *Misery* and Jo Nesbø's *The Snowman* comes an engrossing thriller about a monster who becomes a victim and a victim who becomes a monster. From Patrick Senécal, the Quebec author who has sold over a million books worldwide. One sunny fall day, Dr. Bruno Hamel's life changes forever. His beloved seven-year-old daughter, Jasmine, is the victim of a tragic crime. Grief-stricken, Hamel sets in play a meticulous plan. He will kidnap the man responsible for his daughter's death and make him pay horribly for what he has done. He manages to ambush a police transport and disappear with his target. But Hamel hasn't accounted for Hervé Mercure, a detective with a troubled past who becomes certain he can track down Hamel by studying clues in his past—and in the increasingly unsettling phone calls Hamel makes to his partner, Sylvie. Both riveting and provocative, this daring thriller is an enthralling meditation on what it means to be human—and to battle the monster within and without.

Contemporary philosophers frequently assume that Kant never seriously engaged with Spinoza or Spinozism—certainly not before the break of *Der Pantheismusstreit*, or within the *Critique of Pure Reason*. Offering an alternative reading of key pre-critical texts and to some of the *Critique's* most central chapters, Omri Boehm challenges this common assumption. He argues that Kant not only is committed to Spinozism in early essays such as "The One Possible Basis" and "New Elucidation," but also takes up Spinozist metaphysics as Transcendental Realism's most consistent form in the *Critique of Pure Reason*. The success -- or failure -- of Kant's critical projects must be evaluated in this light. Boehm here examines *The Antinomies* alongside Spinoza's Substance Monism and his theory of freedom. Similarly, he analyzes the refutation of the Ontological Argument in parallel with Spinoza's *Causa-sui*. More generally, Boehm places the *Critique of Pure Reason's* separation of Thought from Being and Is from Ought in dialogue with the *Ethics'* collapse of Being, Is and Ought into Thought.

love and heroism and hope, set during the Great Depression, a time when the country was in and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed. Millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and head west, to California, in search of a better life for her family. This volume discusses the aesthetic and cognitive challenges of modern picturebooks from different countries, such as Denmark, France, Germany, Norway, Spain, Sweden, United Kingdom, and USA. The overarching issue concerns the mutual relationship between representation and narration by means of the picturebooks ' multimodal character.

Moreover, this volume includes the main lines of debate and approaches to picturebooks by international leading researchers in the field. Topics covered are the impact of paratexts and inter pictorial allusions, the relationship between artists ' books, crossover picturebooks, and picturebooks for adults, the narrative defiance of wordless picturebooks, the representation of emotions in images and text, and the depiction of hybrid characters in picturebooks. The enlargement of the picturebook corpus beyond an Anglo-American picturebook canon opens up new horizons and highlights the diverging styles and genre shifts in modern picturebooks. This tendency also demonstrates the influence of specific authors and illustrators on the appreciation of the picturebook genre, as in the case of Astrid Lindgren ' s picturebooks and the picturebooks created by renowned illustrators, such as Anthony Browne, Wolf Erlbruch, Stian Hole, and Bruno Munari. This book will be the definite

The 30th edition of the World Investment Report looks at the prospects for foreign direct investment and international production during and beyond the global crisis triggered by the COVID-19 (coronavirus) pandemic. The Report not only projects the immediate impact of the crisis on investment flows, but also assesses how it could affect a long-term structural transformation of international production. The theme chapter of the Report reviews the evolution of international production networks over the past three decades and examines the configuration of these networks today. It then projects likely course changes for the next decade due to the combined effects of the pandemic and pre-existing megatrends, including the new industrial revolution, the sustainability imperative and the retreat of laissez faire policies. The system of international production underpins the economic growth and development prospects of most countries around the world. Governments worldwide will need to adapt their investment and development strategies to a changing international production landscape. At the request of the UN General Assembly, the Report has added a dedicated section on investment in the Sustainable Development Goals, to review global progress and propose possible courses of action.

Soon to be a major motion picture starring Michael Shannon, Winona Ryder, with Ray Liotta and Chris Evans He was smart, merciless, and deadly. And it took someone just as tough to bring him down. A mob contract killer known as “ The Iceman ” for hiding a body in an ice-cream truck freezer, Richard Kuklinski boasted a personal body count of more than a hundred victims. Using guns, knives, poison, ice picks, tire irons, baseball bats, and bombs, the family man from New Jersey killed for fun, for money, to cover up his own crimes, and to satisfy his inner rage. Law enforcement officials knew all about Kuklinski and had a list of his victims, but couldn ’ t get near him—until undercover agent Dominick Polifrone posed as a mobster and began a deadly game of cat and mouse. In this harrowing true-crime account, Anthony Bruno delves into the mind of a cold-blooded killer, chronicling the Iceman ’ s grisly crimes and probing the bizarre dynamics of Agent Polifrone ’ s dangerous liaison with him. For as Polifrone carefully built up a case against Kuklinski, he knew he was running out of time—because the Iceman was planning to kill him too. “ Bruno puts his writing talents to white-knuckle use with a tight focus on a killer with no human feelings. ” —Kirkus Reviews “ Excellent . . . ### The Seekers

A serial killer is on the loose. Each of the murders deals with one of the seven deadly sins, and Detective Somerset has just seven more days before he retires. He wants to get through them as easily as possible, but when they find the body of the first victim he knows that isn't going to be easy. And Mills, his new partner, isn't going to make it any easier.

Do unto others before they do it to you. Three disillusioned SAS Special Forces soldiers return to Britain in the aftermath of the 1991 Gulf conflict to discover an increasingly corrupt judiciary. Smirking miscreants walk free whilst the innocent suffer. Aided by a Scotland Yard informant, the trio embark on a brutal, covert crusade to rid Britain of its nefarious untouchables. Drug dealers, paedophiles and various other lawbreakers are targeted as the morgues fill and the courts empty. Detective Inspector Jim Brannigan, a former military policeman, investigates, suspecting that the deaths are linked. Divided loyalties ensue when the paroled Jamaican drug dealer responsible for the death of Jim's wife evades the justice system but not the elite soldiers now operating as vigilantes. If any of us, or our families, had suffered at the hands of terrorists, drug dealers or paedophiles - would we not demand justice? Especially if the offenders had walked free from court on a technicality. In the case of this book, and its sequel, justice is often lethal and barbaric, carried out by demobbed Special Forces soldiers. Not for the politically correct though even they might say that SAS: Body Count is wonderful and wishful thinking. Laura Patterson is an American exchange student in Rome who, fed up with being inexpertly groped by her young Italian beaus, decides there's only one sure-fire way to find a sensual man: date a chef. Then she meets Tomasso, who's handsome, young -- and cooks in the exclusive Templi restaurant. Perfect. Except, unbeknownst to Laura, Tomasso is in fact only a waiter at Templi -- it's his shy friend Bruno who is the chef. But Tomasso is the one who knows how to get the girls, and when Laura comes to dinner he persuades Bruno to help him with the charade. It works: the meal is a sensual feast, Laura is utterly seduced and Tomasso falls in lust. But it is Bruno, the real chef who has secretly prepared every dish Laura has eaten, who falls deeply and unrequitedly in love. A delicious tale of Cyrano de Bergerac-style culinary seduction, but with sensual recipes instead of love poems.
