Patterned after the first volume published in 1964, The UFO Evidence, Volume II is much anticipated by the research community. The book reports 30 years of UFO sightings since 1964 with related data and descriptive features organized by category. Among the topics discussed are the now strongly established patterns of UFO sightings, the growing evidence worldwide that UFOs represent someone's technology, the history of government sponsored UFO investigations, and political and human responses to UFO sightings. The master chronology is an incredibly complete listing, which also refers the reader to pertinent sections in the book for fuller descriptions.

The Series "From the Life and Times of J. Harold Lowry" will take you through many different times in my life. Circumstantial Evidence, Getting Away with Murder in the Florida Keys, is about the murder of my friend Ed Bozarth. My life and Ed's crossed paths throughout the State of Florida, from the areas North of Tampa down through the Florida Keys. I wait over 3 years for someone to be arrested for his murder but an arrest never came. Many times in my past I have aided in bringing criminals to justice when Law Enforcement seemed unable to. Watching the investigation of my friend's murder drag on with no results, I felt it was time to bring attention to this brutal crime.

The Murder of Ed Bozarth, my friend.

Following the success of his collections of stories from funeral directors, schoolteachers, doctors, and lawyers, folklorist William Lynwood Montell presents a new volume of tales from Kentucky sheriffs. Montell collected stories from all areas of the state to represent the diversity of social and economic backgrounds in the various communities the officers serve. Tales from Kentucky Sheriffs covers elections, criminal behavior, and sheriff's mistakes in a lighthearted and often humorous manner. The book includes accounts of a drunk driver who thought he was in a different state, a sheriff running a sting operation with the U.S. Marshals, and a woman reporting a tomato thief in her garden. Other accounts involve procedural errors with serious consequences, such as the tale of a sheriff who mistakenly

informs a man that his son has committed suicide. Together, these firsthand narratives preserve important aspects of Kentucky's history not likely to be recorded elsewhere.

A longtime Rochester, New York, police detective tells the behind-the-scenes stories of four of his most memorable cases. Patrick Crough served more than twenty years as a Monroe County Major Crimes detective, where he investigated some of the region's most tragic crimes. They include horrifying acts, like that of a Valentine's Day killing rampage that left four people dead, as well as the case against Ed Laraby, the serial rapist who terrorized women in Rochester and Monroe County. But there are also stories of heroism and bravery: strangers coming to the aid of those in peril, parents who laid down their lives to save their children, and the team of people who put violent criminals behind bars. In these pages, Crough details four of his most memorable cases—in which he was forced to confront evil and chose to pursue truth.
