The first edition of Marilee Adams's book introduced a surprising, life-altering truth: any of us can literally change our lives simply by changing the questions we ask, especially those we ask ourselves. We can ask questions that open us to learning,

connection,
satisfaction, and

success. Or we can

ask questions that

impede progress and

keep us from getting

results we want.

Asking "What great

things could happen

today?" creates very

different

expectations, moods,

and energy than

asking "What could
