Prietita, a young Mexican American girl, becomes lost in her search for an herb to cure her mother and is aided by the legendary ghost woman. Riveting true stories and biblical insights fill this inspiring exploration of how angels intervene in our lives every day--whether or not we're aware of them.

Everyone needs help from time to time, especially in the midst of painful circumstances and difficult trials. In this short book, a highly respected biblical counselor and successful author offers practical guidance for all Christians—pastors and laypeople alike—who want to develop their “helping skills” when it comes to walking alongside hurting people. Written out of the conviction that friends are the best helpers, this accessible introduction to biblical counseling will equip believers to share their burdens with one another through gentle words of wisdom and kind acts of love. This book is written for those eager to see God use ordinary relationships and conversations between ordinary Christians to work extraordinary miracles in the lives of his people.

A dead man hangs from the portal of St Paul Chapel in Damascus. He was a Muslim officer and he was murdered. But when Detective Barudi sets out to interrogate the man’s mysterious widow, the Secret Service takes the case away from him. Barudi continues to investigate clandestinely and discovers the murderer’s motive: it is a blood feud between the Mushtak and Shahin clans, reaching back to the beginnings of the 20th century. And, linked to it, a love story that can have no happy ending, for reconciliation has no place within the old tribal structures. Rafik Schami dazzling novel spans a century of Syrian history in which politics and religions continue to torment an entire people. Simultaneously, his poetic stories from three generations tell of the courage of lovers who risk death sooner than deny their passions. He has also written a heartfelt tribute to his hometown Damascus and a great and moving hymn to the power of love.

A biography of Cesar Chavez, from age ten when he and his family lived happily on their Arizona ranch, to age thirty-eight when he led a peaceful protest against California migrant workers' miserable working conditions.

"Transformative...[Taylor's] experience...will shatter [your] own perception of the world."—ABC News The astonishing New York Times bestseller that

chronicles how a brain scientist's own stroke led to enlightenment On December 10, 1996, Jill Bolte Taylor, a thirty-seven-year-old Harvard-trained brain scientist experienced a massive stroke in the left hemisphere of her brain. As she observed her mind deteriorate to the point that she could not walk, talk, read, write, or recall any of her life—all within four hours—Taylor alternated between the euphoria of the intuitive and kinesthetic right brain, in which she felt a sense of complete well-being and peace, and the logical, sequential left brain, which recognized she was having a stroke and enabled her to seek help before she was completely lost. It would take her eight years to fully recover. For Taylor, her stroke was a blessing and a revelation. It taught her that by "stepping to the right" of our left brains, we can uncover feelings of well-being that are often sidelined by "brain chatter." Reaching wide audiences through her talk at the Technology, Entertainment, Design (TED) conference and her appearance on Oprah's online Soul Series, Taylor provides a valuable recovery guide for those touched by brain injury and an inspiring testimony that inner peace is accessible to anyone.

Did you come from Mexico? An Mexican-American defends Joaquin, a boy from Mexico who came across the border. The Border Patrol is looking for him and his mother who are hiding. His newly found friend Prietita took him to the Herb Lady to help him with red welts.

This book is a dissertation on life, afterlife, and reincarnation given by Sylvia Browne's spirit guide, Francine. Within these pages, you'll find a 'gnostic' view of the world and the reason for life. As always, we encourage the reader to 'take what you like and leave the rest behind.' No single work can fully capture this enormous topic. We simply offer this book as a resting point in your lifelong search. Our goal, and hopefully yours, too, is to stimulate your mind to seek God - however you wish. We don't intend to replace your belief system. Rather, we only hope to expand your view to include areas not yet explored. Each person will find and understand God in their own way. This book offers one path, among billions, to find God.

From Tyler Henry, clairvoyant and star of E!'s hit reality series Hollywood Medium with Tyler Henry, comes *Between Two Worlds*, a captivating memoir about his journey as a medium thus far. "Dying doesn't mean having to say goodbye." Tyler Henry discovered his gift for communicating with the departed when he was just ten years old. After experiencing a sudden, accurate premonition of his grandmother's death—what Tyler would later describe as his first experience of "knowingness"—life would never be the same. Now in his twenties, Tyler is a renowned, practicing medium, star of the smash hit E! reality show, *Hollywood Medium with Tyler Henry*, and go-to clairvoyant of celebrities, VIP's, and those simply looking for closure and healing. He has worked with some of Hollywood's biggest names including Khloe Kardashian, Amber Rose, Margaret Cho, Jaime Pressly, and Monica Potter. Despite struggling to accept his rare talent, Tyler grew to embrace it, and finally found the courage to share it with—and ultimately change—the world. For the first time, Tyler pulls back the curtain on living life as a medium in his first memoir, in which he fearlessly opens up about discovering his gift as an adolescent, what it's truly like to communicate with those who have passed, the power of symbolism in his readings, and the lessons we can learn from our departed loved ones. With unparalleled honesty, Tyler discusses how his complex and fascinating gift has changed his perception of the afterlife, and more importantly, how readings can impact our relationships with our closest friends and family once they're gone.

A picture book debut by an award-winning author about a boy's life on the U.S.-Mexico border, visiting his favorite places on *The Other Side* with his father, spending time with family and friends, and sharing in the responsibility of community care. Early one Saturday morning, a boy prepares for a trip to *The Other Side/El Otro Lado*. It's close--just down the street from his school--and it's a twin of where he lives. To get there, his father drives their truck along the Rio Grande and over a bridge, where they're greeted by a giant statue of an eagle. Their outings always include a meal at their favorite restaurant, a visit with Tío Mateo at his jewelry store, a cold treat from the paletero, and a pharmacy pickup. On their final and most important stop, they check in with friends seeking asylum and drop off much-needed supplies. *My Two Border Towns* by David Bowles, with stunning watercolor illustrations by Erika Meza, is the loving story of a father and son's weekend ritual, a demonstration of community

Get a handle on disruption, innovation and opportunity in investment technology The digital evolution is enabling the creation of sophisticated software solutions that make money management more accessible, affordable and eponymous. Full automation is attractive to investors at an early stage of wealth accumulation, but hybrid models are of interest to investors who control larger amounts of wealth, particularly those who have enough wealth to be able to efficiently diversify their holdings. Investors can now outperform their benchmarks more easily using the latest tech tools. The WEALTHTECH Book is the only comprehensive guide of its kind to the disruption, innovation and opportunity in technology in the investment management sector. It is an invaluable source of information for entrepreneurs, innovators, investors, insurers, analysts and consultants working in or interested in investing in this space. • Explains how the wealth management sector is being affected by competition from low-cost robo-advisors • Explores technology and start-up company disruption and how to delight customers while managing their assets • Explains how to achieve better returns using the latest fintech innovation • Includes inspirational success stories and new business models • Details overall market dynamics The WealthTech Book is essential reading for investment and fund managers, asset allocators, family offices, hedge, venture capital and private equity funds and entrepreneurs and start-ups.

Many mothers have disturbing fantasies of killing their children. Husbands imagine, with guilt, cheating on their wives. Parents stand on the brink of hitting their teenage children, or may actually do so, while the teens fabricate elaborate strategies of revenge. Hurt, pain, uncontrollable rage, and other forms of abuse also make up the dark side of love. This landmark book has a bold thesis: The denied dark side of love that can show us love's true nature. By acknowledging our "negative" feelings, we can come into the full spectrum of emotion and hear the message of our darker feelings, without acting them out. Through this, we can increase our capacity for love. To explain her perspective, Jane Goldberg traces the development of love and hate from infancy. She debunks simplistic myths about mother love and portrays the mother/child bond in all its facets. She explores the hidden recesses of family love and romantic love and shows how the acceptance of constructive expressions of anger, jealousy, and competition can enhance intimacy. Drawing on case histories from her psychoanalytic practice, as well as mythic stories, Goldberg offers insights into the troubling but universal nature of the dark side of love. In a highly accessible style she explores how to develop a "psychological immune system" to protect against the potentially destructive elements in relationships and allow for a constructive expression of love's dark side. Her debate-provoking book should be read by psychoanalysts and psychotherapists, individuals who have suffered from the pains and hurts of love, and indeed, by those who are interested in human motivation and behavior.

"Ordinarily, events that change our path are impersonal affairs, and yet extremely personal. My teacher, don Juan Matsus, said this is guiding me as his apprentice to collect what I considered to be the memorable events of my life... Don Juan described the total goal of the shamanistic knowledge that he handled as the preparation for facing the definitive journey: the journey that every human being has to take at the end of his life. He said that what modern man referred to vaguely as life

after death was, for those shamans, a concrete region filled to capacity with practical affairs of a different order than the practical affairs of daily life, yet bearing a similar functional practicality. Don Juan considered that to collect the memorable in their lives was, for shamans, the preparation for their entrance into that concrete region, which they called the active side of infinity." In this book written immediately before his death, anthropologist and shaman Carlos Castaneda gives us his most autobiographical and intimately revealing work ever, the fruit of a lifetime of experience and perhaps the most moving volume in his oeuvre.

"Amie Kaufman and Meagan Spooner prove they are two living goddesses of writing, creating two compelling worlds with high stakes and gripping emotions." —Sarah Rees Brennan, New York Times bestselling author of the Demon's Lexicon trilogy and the Lynburn Legacy series New York Times bestselling author duo Amie Kaufman and Meagan Spooner have crafted a gripping tale of magic and logic, fate and choice, and a deadly love. Perfect for fans of Laini Taylor and Brandon Sanderson. Prince North's home is in the sky, in a gleaming city held aloft by intricate engines, powered by technology. Nimh is the living goddess of her people on the Surface, responsible for providing answers, direction—hope. North's and Nimh's lives are entwined—though their hearts can never be. Linked by a terrifying prophecy and caught between duty and fate, they must choose between saving their people or succumbing to the bond that is forbidden between them. Plus don't miss the thrilling sequel, Beyond the End of the World!

From one of the great creative teams in picture books, *On the Other Side of the Garden* is about a city girl learning to accept the change brought about by her parents' separation when she is taken to her grandmother's house in the country and befriended by an owl, a frog and a mouse. When her father leaves her at her grandmother's house, the young girl at the center of this story feels abandoned and lonely. Her mother has moved to another country, and the girl wasn't paying attention when her father explained what was happening. And she hardly remembers her grandmother. After going up to her room she decides to venture out into the nighttime garden where she meets an owl, a frog and a mouse. They take her on a tour of her extraordinary new world. When she gets back in the morning, her grandmother explains that her father won't be back for a long time. The girl tells her that she wants to be able to

spend time in the garden with the plants and animals of this new world, and her grandmother doesn't seem to be either surprised or alarmed by her nighttime adventures. And she is very happy that the girl and she will get to know each other. Buitrago's stories are noted for conveying large truths through understatement and suggestion. This story, beautifully illustrated by Yockteng, shows how a child can use her own bravery and curiosity to confront frightening and potentially destructive realities such as a parents' separation and being left with an almost unknown relative through what we must assume is a situation where her father had no choice. There is an endnote about the plants and animals that might be found in such a garden.

What happens when fate says 'go'? Lost & Found meets The Rosie Project in a stunning break-out novel where a vulnerable misfit is forced to re-engage with the world, despite her best efforts. Meet Mercy Blain, whose house has just burnt down. Unfortunately for Mercy, this goes beyond the disaster it would be for most people: she hasn't been outside that house for two years. Flung out into the world she's been studiously ignoring, Mercy goes to the only place she can: her not-quite-ex-husband Eugene's house. But it turns out she can't stay there either. And so begins Mercy's unwilling journey. After the chance purchase of a cult classic campervan (read tiny, old and smelly), with the company of her sausage dog, Wasabi, and a mysterious box of cremated remains, Mercy heads north from Adelaide to Darwin. On the road, through badly timed breakdowns, gregarious troupes of grey nomads, and run-ins with a rogue adversary, Mercy's carefully constructed walls start crumbling. But what was Mercy hiding from in her house? And why is Eugene desperate to have her back in the city? They say you can't run forever... Exquisite, tender and wry, this is a break-out novel about facing anxiety and embracing life from an extraordinary new talent. PRAISE: 'Tender, funny and quietly profound, The Other Side of Beautiful is a breath of fresh air.' - The Sunday Times 'A colourful, engaging story of escape and road-trip adventure ... also compellingly cinematic and features an endearing narrator-heroine with plenty of meaty real-world troubles.' - Sydney Morning Herald 'An engaging story about second chances and a life changing road trip ... a heart-warming story.' - Canberra Weekly magazine 'Mercy Blain is a character you find yourself cheering on. Kim Lock mixes the transformative journey of Alice Hart with the quirkiness of Eleanor Oliphant in this story about embracing life, even when it threatens to overwhelm you' - Tricia Stringer, bestselling author of The Family Inheritance 'Mercy Blain is an unforgettable character who will

capture your heart from the first pages and hold it through until the end. Her madcap journey towards forgiveness - of herself and others - is moving and funny and all other good things that will make you want to keep reading and make you sad when your time with Mercy comes to an end.' - Sophie Green, bestselling author of The Shelly Bay Ladies Swimming Circle

Joaquín is now remarried and has four children. He is a citizen of the U.S. and works full-time in Santa Cruz County mental health services. He volunteers as a soccer coach, plays and sings in a band, and writes at night. "I think some of the stories in my book have to do with conscious and unconscious efforts to assimilate, to fit in. Losing your sense of self in those efforts. Getting to a point, after a falling, where you reconnect with yourself and your roots."--Jacket.

For Cesar Chavez, dignity always meant more than money. As a child growing up in California during the Great Depression, Cesar picked produce with his family to make ends meet. The work was backbreaking, the pay was very low, and many families, including his, were homeless. Cesar Chavez later dedicated his life to helping American farmworkers. He argued for better pay and fair working conditions, and was even jailed for his efforts. But he never stopped urging people to stand up for their rights. Young readers will be inspired by the fascinating life story of this champion of social justice.

#1 New York Times Bestseller: A saga of power, greed, and illicit love set in the Gilded Age of upstate New York. Jerome Lindsey and his foster brother, Alfred, couldn't be more different. The son of a wealthy banker in upstate New York, Jerome leaves home for a life of extravagance and adventure, seducing countless women along the way. Meanwhile, Alfred becomes an executive at the family bank and his adoptive father's heir apparent. After his wife dies, Alfred shows little interest in remarrying—until he meets Amalie Maxwell, the ravishing and headstrong daughter of a tenant farmer. Fearing that his inheritance is at stake, Jerome returns home to expose Amalie as a shameless gold digger. But the more he schemes against her, the closer he's drawn to her. Now, Jerome and Amalie will discover the thin line between love and hate—and that a moment of passion can have a lifetime's worth of consequences. A mesmerizing tale of forbidden desire and a brilliant portrait of small-town America during the Reconstruction Era, *This Side of Innocence* is "a masterful piece of storytelling" from one of the twentieth century's most beloved authors (*The Philadelphia Inquirer*).

Updated with a new Afterword "The revolution will be Twittered!" declared journalist Andrew Sullivan after protests erupted in Iran. But as journalist and social commentator Evgeny Morozov argues in The Net Delusion, the Internet is a tool that both revolutionaries and authoritarian governments can use. For all of the talk in the West about the power of the Internet to democratize societies, regimes in Iran and China are as stable and repressive as ever. Social media sites have been used there to entrench dictators and threaten dissidents, making it harder—not easier—to promote democracy. Marshalling a compelling set of case studies, The Net Delusion shows why the cyber-utopian stance that the Internet is inherently liberating is wrong, and how ambitious and seemingly noble initiatives like the promotion of "Internet freedom" are misguided and, on occasion, harmful.

Ana loves stories. She often makes them up to help her little brother fall asleep. But in her small village there are only a few books and she has read them all. One morning, Ana wakes up to the clip-clop of hooves, and there before her, is the most wonderful sight: a traveling library resting on the backs of two burros—all the books a little girl could dream of, with enough stories to encourage her to create one of her own. Inspired by the heroic efforts of real-life librarian Luis Soriano, award-winning picture book creators Monica Brown and John Parra introduce readers to the mobile library that journeys over mountains and through valleys to bring literacy and culture to rural Colombia, and to the children who wait for the BiblioBurro. A portion of the proceeds from sales of this book was donated to Luis Soriano's BiblioBurro program.

This first-person account tells the fascinating story of the three years Elder Groberg spent on the islands in the South Pacific amidst a kindly people who had a deep faith in God, a faith that provides the backdrop for Elder Groberg's accounts of miraculous healings, protective warnings, and perilous voyages; for such stories as: The emergency night voyage on a turbulent sea, and the anxious search for the only guiding light into the destination harbor. The boy whose apparently lifeless body was handed to the missionaries with the words, "Here, make him well again you have the power." The storm that overturned the boat, throwing missionaries into the raging sea. The hurricane that hit the little island. The hunger when the usual supply boat failed to show up. And much, much more. This remarkable book paints a vivid picture of missionary life in a society geared to "a different way of thinking."
