As seen in Time, USA TODAY, The Atlantic, The Wall Street Journal, and on CBS This Morning, BBC, PBS, CNN, and NPR, iGen is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today’s rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, iGen is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes iGen distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of iGen just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of iGen also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where iGen goes, so goes our nation—and the world.

Ask a Manager

Why Today’s Super-Connected Kids Are Growing Up Less Rebellious, More Tolerant, Less Happy--and Completely Unprepared for Adulthood--and What That Means for the Rest of Us

The Thursday Murder Club

From the creator of the popular website Ask a Manager and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—including all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when coworkers push their work on you—then take credit for it—or you accidentally trash-talk someone in an email then hit [reply all]—you’re being micromanaged or not being managed at all—you catch a colleague in a lie—your boss seems unhappy with your work—your cubemate’s loud speakerphone is making you homicidal—you got drunk at the holiday party Praise for Ask a Manager “[A must-read for anyone who works. . . . [Alison Green]’s advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.” [Booklist (starred review)] “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.” [Library Journal (starred review)] I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.” [Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide] “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.” [Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together]

A National Book Foundation 5 Under 35 Honoree NBCC John Leonard First Book Prize Winner NPR, Elle, Esquire, Buzzfeed, San Francisco Chronicle, Cosmopolitan, The Huffington Post, The A.V. Club, The Root, Harper’s Bazaar, Paste, Bustle, Kirkus Reviews, Electric Literature, LitHub, New York Post, Los Angeles Review of Books, and Bust [The debut novel of the year.] [Vogue] “Like so many stories of the black diaspora, What We Lose is an examination of haunting.” [Doreen St. Félix, The New Yorker] “Raw and ravishing, this novel pulses with vulnerability and shimmering anger.” [Nicole Dennis-Benn, O, the Oprah Magazine] [Stunning. . . . Powerfully moving and beautifully wrought, What We Lose reflects on family, love, loss, race, womanhood, and the places we feel home.” [Buzzfeed] [Remember this name: Zinzi Clemmons. Long may she thrill us with exquisite works like What We Lose. . . . The book is a remarkable journey.] [Essence From an author of rare, haunting power, a stunning novel about a young African-American woman coming of age] a deeply felt meditation on race, sex, family, and country Raised in Pennsylvania, Thandi views the world of her mother’s childhood in Johannesburg as both impossibly distant and ever present. She is an outsider wherever she goes, caught between being black and white, American and not. She tries to connect these dislocated pieces of her life, and as her mother succumbs to cancer, Thandi searches for an anchor—someone, or something, to love. In arresting and unsettling prose, we watch Thandi’s life unfold, from losing her mother and learning to live without the person who has most profoundly shaped her existence, to her own encounters with romance and unexpected motherhood. Through exquisite and emotional vignettes, Clemmons creates a stunning portrayal of what it means to choose to live, after loss. An elegiac distillation, at once intellectual and visceral, of a young woman’s understanding of absence and identity that spans continents and decades, What We Lose heralds the arrival of a virtuosic new voice in fiction.

With the same brilliant combination of humor and warmth she brought to bestseller Bird by Bird, Anne Lamott gives us a smart, funny, and comforting chronicle of single motherhood. It’s not like she’s the only woman to ever have a baby. At thirty-five. On her own. But Anne Lamott makes it all fresh in her now-classic account of how she and her son and numerous friends and neighbors and some strangers survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea), with a generous amount of wit and faith (but very little pioussness), Lamott narrates the great and small events that make up a woman’s life. “Lamott has a conversational style that perfectly conveys her friendly, self-depricating humor.” -- Los Angeles Times Book Review “Lamott is a wonderfully lithe writer Anyone who has ever had a hard time facing a perfectly ordinary day will identify.” -- Chicago Tribune

"In Fernanda Santos’ expert hands, the story of 19 men and a raging wildfire unfolds as a riveting, pulse-pounding account of an American tragedy; and also as a meditation on manhood, brotherhood and family love. The Fire Line is a great and deeply moving story for women." - Hector Tobar, author of Deep Down Dark: The Untold Stories of 33 Men Buried in a Chilean Mine and the Miracle that Set Them Free. When a bolt of lightning ignited a hilltop in the sleepy town of Yarnell, Arizona, in June of 2013, setting off a blaze that would become the deadliest fires in American history, the twenty men who made up the Granite Mountain Hotshots sprang into action. An elite crew trained to combat the most challenging wildfires, the Granite Mountain Hotshots were a ragtag family, crisscrossing the American West to take on the most dangerous fires. They were loyal to one another and dedicated to the tough job they had. There’s Eric Marsh, their devoted and demanding superintendent who turned his own personal demons into lessons he used to mold, train and guide his crew; Jess Carter, the team’s fearless leader and a family man who wasn’t afraid to say “I love you” to the firemen he led; Andrew Ashcraft, a team leader still in his 20s who struggled to balance his love for his beautiful wife and four children and his passion for fighting wildfires. At play and at home, until a fire that burned in their own backyards leads to a national tragedy. Impeccably researched, drawing upon more than a hundred hours of interviews with the firefighters’ families, colleagues, state and federal officials, and fire historians, Fernanda Santos’ Fire Line is a riveting, pulse-pounding narrative of an unthinkable disaster, a remarkable group of men and the raging wildfires that threaten our country’s treasured wild lands. The Fire Line is the winner of the 2014 National Fire Protection Association Nonfiction Book, and Spur Award Finalist for Best Western Contemporary Nonfiction.

A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master’s candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by the government’s Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping: on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that can be made in advance; and on spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched the video, and \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!;” and Michael Pollan, who cited it as a “cool Kickstarter.” In the same way, Good and Cheap is an inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.

Avery Grant doesn’t date. Her first marriage was a mutually beneficial contract that gave her the financial freedom she needed to step away from her controlling parents. The popular blog offers their first cookbook, featuring a mix of vegetarian recipes that allow you to eat responsibly and occasionally indulge yourself. A Beautiful Mess is one of the most popular DIY style blogs in the world, with more than one million readers. Co-creators (and s) Elsie Larson share their unique and approachable diet with fans and healthy eaters in this, their first cookbook. Their philosophy involves eating responsibly during the week—avoiding refined flours, sugars, alcohol, and dairy—and indulging on weekends. Vetted by nutritionists and chefs, the recipes are simple and delicious. (breakfast, meals, snacks and sweets, and drinks), each containing a weekday and weekend chapter. As the children of refugees carve out radical new paths for themselves in California, they shoulder the inherited weight of the Khmer Rouge genocide and grapple with the complexities of race, sexuality, friendship, and family. Two drunken brothers attend a wedding afterparty and hatch a plan to expose their shady uncle's snubbing of the bride and groom. A queer love affair sparks between an older tech entrepreneur trying to launch a "safe space" app and a disillusioned young teacher obsessed with *Moby-Dick*. And in the sweeping final story, a nine-year-old child learns that his mother survived a racist school shooter. The stories in *Afterparties*, "powered by So's skill with the telling detail, are like beams of wry, affectionate light, falling from different directions on a complicated, struggling, beloved American community" (George Saunders).

Together they form a tableau of the contented upper-middle-class New York family. But summer storms are blowing through Manhattan, and Paul's parents have come to stay in the build-up to the US Open. Over the course of the weekend, several generations of domestic tension are brought to boiling point... What does it mean to be a family? To be an individual? And how do we deal with the responsibilities these roles impose upon us? A Weekend in New York intertwines the politics of the household and the state to forge a luminous national portrait on a deceptively local scale. Recalling some of America's most celebrated novelists - this is John Updike's *Rabbit for a new generation* - Benjamin Markovits' writing reminds us of the heights that social realism can reach.

"I loved it."—Miranda Cowley Heller, author of *The Paper Palace* "Brilliant, elegant, and unsparing."—Emma Cline "Irresistible... Mired in her grief, Mara detaches from the outside world and spends her days of self-imposed exile scrounging for food and swimming in the night ocean. In her state of emotional extremis, the sea at the town's edge is rendered bleak, luminous, implacable. As her money runs out and tourist season comes to a close, Mara finds a job at the local wine store. There, she meets Simon, the shop's soft-spoken, lonely owner. Confronted with the possibility of connection with Simon and the slow return of her desires and appetites, the reasons for her flight begin to emerge. Reminiscent of works by Rachel Cusk, Jenny Offill, and Sheila Heti, *Tides* is a spare, visceral debut novel about the nature of selfhood, intimacy, and the private narratives that shape our lives. A shattering and unforgettable debut.

#1 NEW YORK TIMES BESTSELLER - A special 25th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author “A wonderful book, a story of the heart told by a writer with soul.”—Los Angeles Times Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. *Tuesdays with Morrie* is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

#1 NEW YORK TIMES BESTSELLER A REESE WITHERSPOON x HELLO SUNSHINE BOOK CLUB PICK A PENGUIN BOOK CLUB PICK "Beautifully written and incredibly funny... I fell in love with Eleanor; I think you will fall in love, too!" --Reese Witherspoon Smart, warm, uplifting, the story of an out-of-the-ordinary heroine whose deadpan weirdness and unconscious wit make for an irresistible journey as she realizes the only way to survive is to open her heart. No one's ever told Eleanor that life should be better than fine. Meet Eleanor Oliphant: She struggles with appropriate social skills and tends to say exactly what she's thinking. Nothing is missing in her carefully timetabled life of avoiding social interactions, where weekends are punctuated by frozen pizza, vodka, and phone chats with Mummy. But everything changes when Eleanor meets Raymond, the bumbling and deeply unhygienic IT guy from her office. When she and Raymond together save Sammy, an elderly gentleman who has fallen on the sidewalk, the three become the kinds of friends who rescue one another from the lives of isolation they have each been living. And it is Raymond's big heart that will ultimately help Eleanor find the way to repair her own profoundly damaged one.

There is a growing concern in relation to the problem of insufficient sleep, particularly in the United States. In the early 1990s a Congressionally mandated commission noted that insufficient sleep is a major contributor to catastrophic events, such as Chernobyl and the Exxon Valdez, as well as personal tragedies, such as automobile accidents. Adolescents appear to be among the most sleep-deprived populations in our society, though they are rarely included in sleep assessments. This book explores the genesis and development of sleep patterns in adolescents. It examines biological and cultural factors that influence sleep patterns, presents risks associated with lack of sleep, and reveals the effects of environmental factors such as work and school schedules on sleep. Adolescent Sleep Patterns will appeal to psychologists and sociologists of adolescence who have not yet considered the important role of sleep in the lives of our youth.

From Lauren Groff, author of the critically acclaimed and bestselling novel *Fates and Furies*, comes *Delicate Edible Birds*, one of the most striking short fiction debuts in years. Here are nine stories of astonishing insight and variety, each revealing a resonant drama within the life of a twentieth-century American woman. In "Sir Fleeting," a Midwestern farm girl on her honeymoon in Argentina falls into lifelong lust for a French playboy. In "Blythe," an attorney who has become a stay-at-home mother takes a night class in poetry and meets another full-time mother, one whose charismatic brilliance changes everything. In "The Wife of the Dictator," that eponymous wife ("brought back . . . from [the dictator's] last visit to America") grows more desperately, menacingly isolated every day. In "Delicate Edible Birds," a group of war correspondents—a lone, high-spirited woman among them—falls sudden prey to a brutal farmer while fleeing Nazis in the French countryside. In "Lucky Chow Fun," Groff returns us to Templeton, the setting of her first book, for revelations about the darkness within even that idyllic small town. In some of these stories, enormous changes happen in an instant. In others, transformations occur across a lifetime—or several lifetimes. Throughout the collection, Groff displays particular and vivid preoccupations. Crime is a motif—sex crimes, a possible murder, crimes of the heart. Love troubles recur; they're in every story—love in alcoholism, in adultery, in a flood, even in the great flu epidemic of 1918. Some of the love has depths, which are understood too late; some of the love is shallow, and also understood too late. And mastery is a theme—Groff's women swim and baton twirl, become poets, or try and try again to achieve the inner strength to exercise personal freedom. Overall, these stories announce a notable new literary master. Dazzlingly original and confident, *Delicate Edible Birds* further solidifies Groff's reputation as one of the foremost talents of her generation.
