“You’re listening to Delilah.” Delilah, the most listened-to woman on American radio, has distinguished herself as the “Queen of Sappy Love Songs” and America’s ultimate romance guru. But Delilah’s life off-air is all the more extraordinary—a life full of trials, forgiveness, faith, and adventure. In *One Heart at a Time*,

Delilah’s heartfelt account of her own story reveals what shaped the voice that 9 million listeners know and love. Today, Delilah is the founder of an NGO called Point Hope, the owner of a 55-acre working farm, and an inductee of the National Radio Hall of Fame. But to achieve this, she often had to pave her own way.

Disowned by her father, divorced, and fired from a dozen jobs over the years, Delilah pushed forward through family addiction and devastating loss, through glass ceilings and red tape. Her consistent goal to help those in need took her everywhere from the streets of Philadelphia to refugee camps in Ghana. Along the way, Delilah was blessed by thirteen children—ten of them adopted. Though many of them contend with special needs and the forever effects of a broken foster care system, her children have been able to transform their own remarkable lessons into guiding lights for other kids in need. Just as Delilah has done. *One Heart at a Time* exposes the real woman behind the microphone. In her easy-going style and characteristic, beloved voice, Delilah tells her deeply moving life story as the series of miracles it is.

The New York Times Bestseller \*One of Rolling Stone's 10 Best Music Books of 2015\* An exhilarating and intimate account of the life of music legend Tom Petty, by an accomplished writer and musician who toured with Petty No one other than Warren Zanes, rocker and writer and friend, could author a book about Tom Petty that is as honest and evocative of Petty's music and the remarkable rock and roll history he and his band helped to write. Born in Gainesville, Florida, with more than a little hillbilly in his blood, Tom Petty was a Southern shit kicker, a kid without a whole lot of promise. Rock and roll made it otherwise. From meeting Elvis, to seeing the Beatles on Ed Sullivan, to producing Del Shannon, backing Bob Dylan, putting together a band with George Harrison, Dylan, Roy Orbison, and Jeff Lynne, making records with Johnny Cash, and sending well more than a dozen of his own celebrated recordings high onto the charts, Tom Petty's story has all the drama of a rock and roll epic. Now in his mid-sixties, still making records and still touring, Petty, known for his reclusive style, has shared with Warren Zanes his insights and arguments, his regrets and lasting ambitions, and the details of his life on and off the stage. This is a book for those who know and love the songs, from "American Girl" and "Refugee" to "Free Fallin'" and "Mary Jane's Last Dance," and for those who want to see the classic rock and roll era embodied in one man's remarkable story. Dark and mysterious, Petty manages to come back, again and again, showing us what the music can do and where it can take us.

From the duo behind the massively successful and award-winning podcast *Stuff You Should Know* comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started the podcast *Stuff You Should Know* back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making *Stuff You Should Know* one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they’ve long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with *Stuff You Should Know*. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

A deeply personal call to action for women of color to find power from within and to join together in community, advocating for a new corporate environment where we all belong—and are accepted—on our own terms. Women of color comprise one of the fastest-growing segments in the corporate workforce, yet often we are underrepresented—among the first, few, or only ones in a department or company. For too long, corporate structures, social zeitgeist, and cultural conditioning have left us feeling exhausted and downtrodden, believing that in order to “fit in” and be successful, we must hide or change who we are. As a former senior partner at a large global services firm, Deepa Purushothaman experienced these feelings of isolation and burnout. She met with hundreds of other women of color across industries and cultural backgrounds, eager to hear about their unique and shared experiences. In doing so, she has come to understand our collective setbacks—and the path forward in achieving our goals. Business must evolve—and women of color have the potential to lead that transformation. We must begin by pushing back against toxic messaging—including the things we tell ourselves—while embracing the valuable cultural viewpoints and experiences that give us unique perspectives at work. By fully realizing our own strengths, we can build collective power and use it to confront microaggressions, outdated norms, and workplace misconceptions; create cultures where belonging is never conditional; and rework corporations to be genuinely inclusive to all. *The First, the Few, the Only* is a road map for us to make a profound impact within and outside our organizations while ensuring that our words are heard, our lived experiences are respected, and our contributions are finally valued.

A beautifully designed guidebook to the unnoticed yet essential elements of our cities, from the creators of the wildly popular 99% Invisible podcast Music, Lyrics, and Life is the songwriting class you always wish you'd taken, taught by the professor you always wish you'd had. It's a deep dive into the heart of questions asked by songwriters of all levels, from how to begin journaling to when you know that a song is finished. With humor and empathy, acclaimed singer-songwriter Mike Errico unravels both the mystery of songwriting and the logistics of life as a songwriter. For years, this set of tools, prompts, and ideas has inspired students on campuses including Yale, Wesleyan, Berklee, Oberlin, and NYU's Clive Davis Institute of Recorded Music. Alongside his own lessons, Errico interviews the writers, producers, and A&R executives behind today's biggest hits and investigates the larger questions of creativity through lively conversations with a wide range of innovative thinkers: astrophysicist Janna Levin explains the importance of repetition, both in choruses and in the exploration of the universe; renowned painter John Currin praises the constraints of form, whether it's within a right-angled canvas or a three-minute pop song; bestselling author George Saunders unpacks the hidden benefit of writing, and revising, authentically; and much more. The result is that Music, Lyrics, and Life ends up revealing as much about the art of songwriting as it does about who we are, and where we may be going. This is a book for songwriters, future content creators, music lovers, and anyone who wants to understand how popular art forms are able to touch us so deeply. Mike Errico has honed these lessons over years of writing, performing, teaching, and mentoring, and no matter where you are on your songwriting journey, Music, Lyrics, and Life will help you build a creative world that's both intrinsic to who you are, and undeniable to whoever is listening.
