What if your husband no longer satisfied your needs in the bedroom, you could get rid of him or you could make him into a little sissy, this way you could keep him around for the household chores such as cleaning and laundry as you slowly took his manhood away from him and turned him into something far more less than a man. This would free you up to enjoy the attentions of more worthy manly specimens knowing that the house would be clean when you got home. You could dress him up so pretty and embarrass him in front of your friends and use him in ways that you probably had never thought of before. Well that is exactly what I did and here is his story.....

The Intelligent Parents' Manual: A Practical Guide to the Problems of Childhood and Adolescence provides an introduction to problems that may arise in the development of the child from birth to adolescence. This book discusses the problem in the relation between parents and children.

Organized into five parts encompassing eight chapters, this book begins with an overview of the general pattern of a child's growth. This text then examines how parents can protect the baby from the two instinctive fears of the sensation of falling and the sound of loud noises. Other chapters consider the mother's task in a child's life, namely,

provide opportunity and freedom, protect the child from physical injury, and keep the child from doing too much damage to property. This book discusses as well the development during adolescence. The final chapter deals with the parent's realistic conception of the limitations of their children and themselves. This book is a valuable resource for parents, psychologists, and psychiatrists.

Mississippi Sissy is the stunning memoir from Kevin Sessums, a celebrity journalist who grew up scaring other children, hiding terrible secrets, pretending to be Arlene Frances and running wild in the South. As he grew up in Forest, Mississippi, befriended by the family maid, Mattie May, he became a young man who turned the word "sissy" on its head, just as his mother taught him. In Jackson, he is befriended by Eudora Welty and journalist Frank Hains, but when Hains is brutally murdered in his antebellum mansion, Kevin's long road north towards celebrity begins. In his memoir, Kevin Sessums brings to life the pungent American south of the 1960s and the world of the strange little boy who grew there.

"Kevin Sessums is some sort of cockeyed national treasure." —Michael Cunningham

Have you ever wondered what it would be like to be a dominant woman who can control a man with just a look or a word? When the thoughts of being in control creep into your head, that sexy little smile starts to play over your lips, and you start to get some ideas that you want to try on your man. As women, we have all been there, but being women, many of us are unable to take hold of our control and dominate a man. The idea of being a dominatrix is often seen as a sexual and social

taboo, and many women are afraid of what society would say, what our family and friends would think, and in general, we feel that it isn't the position of a woman to take the stance of power and control. Women are seen naturally as the weaker sex, the one to be protected by a man, and the man in the relationship is often seen to be in control, the leader, the strong and dominant one. Social norms often dictate how we feel about ourselves, and sometimes, it can hinder who we really are inside. Take heed, ladies. We are women. We are strong. We are powerful. We are fierce. We are romantic. We are dynamic. We are caring. We are fighters. We are lovers. We are women! This manual will give you an inside look on what being a Mistress is really all about and will give you insight on how to be a Mistress. Being a Mistress isn't all about leather outfits, stiletto heels, and a whip in your hand. It is a journey between you and your partner, where you are the leader, you are in control, and you have the final say. It is a path of adventure where you make the choices, you take charge, and where you can let all of your inhibitions go. It will give you insight into a new you, the one who has been trapped behind the social norms for far too long. Ladies, welcome your inner Mistress!

If you are reading this book, you are most probably a woman interested in broaching the matter of male chastity. You see, this book is all about male chastity, in other words - self control. The question is, how exactly, can this male chastity thing help you and your partner's sex life? You are probably confused and you don't have to worry, for you are not alone in this. This book will help you understand the idea of male chastity and learn about the sexual fantasies that might seem dirty and unappealing to you now, but could possibly save your sex life. You will learn what the male chastity subject is all about; the erotic fantasy of submitting to wearing a chastity device and the value of your man in a sexual prison in your relationship. At first, the idea of locking your partner's male organ in a device seem strange to you. But overtime, you will find that your partner sees this thing in an altogether new perspective, something that is attractive and quite exciting for him. To some, forceful

prevention of erection and orgasm may definitely seem odd, but there are men who find it very arousing. Getting started is sometimes difficult and the Internet provides you with lots of information that is mostly filled with fantasy over fact. This is because most of those writings are written by men as an outlet to let out their kinky fantasies. It is nothing more than erotic web fantasies that are much too complicated and bizarre for many women's tastes. You are likely to get turned off by these, thinking that the whole male chastity thing is not for you. However, in this book we assure you that the subject of male chastity is explained and directed to helping you understand the entire concept in full light. It is all about using the male chastity game to rekindle the fire in your sex life for enjoying a much better relationship with your partner.

My name is John Smith, it isn't really but the story that I am going to tell you now is something that I would never want anyone I know outside of those who were involved to know about. It is by far the most amazing sexual experience of my life and now looking back I wouldn't have it any other way, but at the beginning I would never have thought it would be something that would ever happen to me. I couldn't even imagine this happening to anyone, I just kind of stumbled upon it and with a little push here and some research there I dove into the rabbit hole and my life was never the same again. What you are about to

read is from the very beginning. This is how my life changed from a normal everyday working guy into the life of a sissy, it didn't happen overnight and I am going to try and give you as much detail about the whole experience so you too can make an educated decision about how you want to live your life.

The day that I found out my husband liked wearing female underwear was a changing point in our marriage. I still loved him very much he was a good provider for the household, but things were going to have to change as part of the acceptance of this new bit of information. I called him out on it when he got home from work that day and he got down on his knees and begged me to understand that it was just something that had always been part of who he was. I made him beg until the tears were streaming down his face, and then he said the magic words that any good dominating wife loves to hear. "Honey I will do anything"

Well here are ten short stories about just that, whether you like to read about men being submissive to their wives and girlfriends, or maybe putting your man into skirts and stockings so he knows his place. Of course there is nothing quite like the power trip of locking ones pleasure up with a little key so they can't even touch it. They are quick fun reads about the thing you desire the most which is giving into your desire and seeing what it would be like to give up control in your relationship, to let your wife wear the

pants and wield the joy stick for a while. Well maybe you lady is not into it but that doesn't mean you can't read about those who are and then you can close your eyes and fantasize that it is you in those pages. For the ladies who have their men already in their places or would like them to be, you may get some new ideas on how much fun it would be to do some of these things to your man. In *Sissy Insurgencies* Marlon B. Ross focuses on the figure of the sissy in order to rethink how Americans have imagined, articulated, and negotiated manhood and boyhood from the 1880s to the present. Rather than collapsing sissiness into homosexuality, Ross shows how sissiness constitutes a historically fluid range of gender practices that are expressed as a physical manifestation, discursive epithet, social identity, and political phenomenon. He reconsiders several black leaders, intellectuals, musicians, and athletes within the context of sissiness, from Booker T. Washington, George Washington Carver, and James Baldwin to Little Richard, Amiri Baraka, and Wilt Chamberlain. Whether examining Washington's practice of cleaning as an iteration of sissiness, Baldwin's self-fashioned sissy deportment, or

sissiphobia in professional sports and black nationalism, Ross demonstrates that sissiness can be embraced and exploited to conform to American gender norms or disrupt racialized patriarchy. In this way, sissiness constitutes a central element in modern understandings of race and gender.

How you implement the rules or not, is entirely up to you, these are just guidelines, things that we have found have been fun and work well in our relationship, feel free to alter or change a rule to fit your own situations. We have even included a number of pages for you to add your own specific rules that you may have that is not included in our own rules. I personally like to leave the book lying around the house just so my submissive husband can see it and know that it is there.
