Hatchet meets The Babysitters Club in this epic and thrilling survival story about pushing oneself to the limit in the face of a crisis. We were all alone, in a shaken and shattered house, in the dark. And I was in charge. Hannah Steele loves living on Pelling, a tiny island near Seattle. She's always felt totally safe there. So when she's asked to babysit after school one day, it's no big deal. Zoe and Oscar are her next-door neighbors, and Hannah just took a babysitting class, which she's pretty sure makes her an expert. She isn't even worried that she left her inhaler at home. Then the shaking begins. The terrifying earthquake only lasts four minutes, but it changes everything—damaging the house, knocking out the power, and making cell service nonexistent. Even worse, the ferry and the bridge connecting the kids to help—and their parents—are both blocked, which means they're stranded alone. And Hannah's in charge as things go from bad to worse. Praise for *The Disaster Days*: "A realistic, engrossing survival story that's perfect for aspiring babysitters and fans of John Macfarlane's *Stormstruck!*, Sherry Shahan's *Ice Island*, or Wesley King's *A World Below*."—School Library Journal "The strength of this steadily paced novel that stretches over four days of a scary disaster scenario is that Hannah doesn't figure everything out; she stumbles, doubts, and struggles throughout it all."—The Bulletin of the Center for Children's Books "Fans of survival thrillers in the vein of Gary Paulsen's *Hatchet* will enjoy this tense, honest tale of bravery...an excellent (and refreshingly not didactic) teaching tool on natural-disaster preparedness."—Booklist "The relentless progression of a variety of disaster scenarios will keep readers turning pages...equally suspenseful and informative."—School Library Connection "Behrens uses immersive details and situations effectively viewed from Hannah's perspective to create a suspenseful, vivid story filled with lessons about responsibility and overcoming adversity."—Publishers Weekly *The Disaster Days* is a perfect... gift for preteen survival story fans earthquake fiction chapter book for tween girls ages 11-14 survivalist fiction book for middle grade girls summer reading book for preteens preteen gift for girls

The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's The Prize and Dana Goldstein's The Teacher Wars, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But The Knowledge Gap isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

Since she's the only person in hundreds of years with the ability to see them, the many ghosts of Tansy have flocked to Grace since birth. She doesn't mind. She prefers the company of the dead to that of the cliquey kids at school. Grace is happy with her strange life, until one day, the ghosts tell her about the secret her town has hidden for centuries. There's a reason there are more ghosts than living people in Tansy. Three-hundred years ago, a lonely witch cast a spell that mistakenly trapped the soul of every person to ever set foot in the tiny town. So when the spirits beg her to find a way to break the curse, Grace is eager to help. As she searches for answers, Grace makes discoveries about the secret her family hid for generations and a world of magic hidden in her own backyard. Grace soon realizes that if she succeeds in breaking the curse, she'll lose Midnight and all of her ghost friends, but if she fails, everyone living in Tansy will face the same fate.
