

## Smp Interact For Gcse Mathematics Practice For Higher By School Mathematics Project

Extensively trialled and praised for building students' confidence, SMP Interact for GCSE is a versatile course for the GCSE three tier mathematics.

Pathfinder is a special edition of the SMP Interact course for GCSE. It is an enhanced version of the complete operational course used in pilot schools. Pathfinder is split into three tiers: Foundation, Intermediate and Higher and can be used with any GCSE syllabus. There are two pupil books in each tier for each of the two years of GCSE (years 10 and 11). Each pupil book has an associated Teacher's Guide and Practice Book. The materials do not depend on use of SMP Interact at Key Stage 3.

SMP GCSE Interact 2-tier Higher Transition Pupil's Book

This series is an excellent preparation for the linear and modular mathematics GCSE specifications offered by AQA, Edexcel and OCR. Each chapter is clear and thorough with objectives listed at the outset; ideas are developed carefully and highlighted by key worked examples and discussion points. Plentiful built-in practice includes past exam questions and there is extra challenge for those who need it. Each chapter ends with a 'test yourself' and periodic review sections keep past work alive. A comprehensive contents description and index make navigation easy. Answers are included.

Only SMP Interact for the new two-tier mathematics gives you all these benefits: Teaching materials of outstanding quality; Exact matching to the new AQA, Edexcel and OCR specifications; A unique structure that caters effectively for the wide range of attainment spanned by the new tiers. This higher transition practice book gives students support in topics they've not yet met or are not confident with, so you can give everyone the right start to key stage 4. Each practice book follows the structure of the

main text, making it easy to organise extra practice, homework and revision.

Excellent preparation for the linear and modular mathematics GCSE specifications offered by AQA, Edexcel and OCR. Higher transition is for students who have followed any 'core' course in key stage 3 and need to cover or revise basic topics before they start Higher 1 (the first of the two main Higher tier books). To help teachers identify material that can be omitted by some students - or just dipped into for revision or to check competence - chapter sections estimated to be at national curriculum level 6 (or in a few cases level 5) are labelled as such.

Pathfinder is a special edition of the SMP Interact course for GCSE. It is an enhanced version of the complete operational course being used in the pilot schools. The Pathfinder edition covers the content of all the new GCSEs and can be used with any specification – modular or non-modular. Pathfinder is split into three tiers: Foundation, Intermediate and Higher matching the new tiered content of the GCSE specifications. There are two pupils' books in each tier for each of the two years of GCSE (years 10 and 11). Each pupil's book has an associated Teacher's Guide and Practice Book. The materials do not depend on use of SMP Interact at Key Stage 3. The Teacher's Guide provides an overview of the work for each section, and indicates which activities are to be teacher-led and which activities are likely to need a lot of teacher support.

SMP Interact for GCSE Mathematics has been written specifically for the new linear and modular GCSE specifications. It has been extensively trialled and successfully used in schools, proving to be highly motivating for students. SMP Interact for GCSE Mathematics is a self-contained course which can be used by schools whether or not they have used SMP Interact at Key Stage 3. It is available at Foundation, Intermediate and Higher tiers. Coverage of a whole tier in one book provides a flexible course to fit with schemes of work and gives the opportunity for

previous topics. The resource sheets are photocopiable masters that help speed up practical and drawing-based tasks, provide additional questions, games and activity material for students to conduct their own investigations and include optional sheets where support is needed.
