***** Hi, I'm Zara...warrior princess. I don't usually tell that last bit to strangers, but I say it in my head all the time. It's one of the many mantras that have helped me to get to where I am today. And believe me when I say that I've come a long way. Besides, if you're a woman and you happen to have ever struggled with issues of self-esteem, we're probably gonna be fast friends anyway, so I won't hold anything (much) back. Oh, and Zara wasn't the name I was born with-but you'll find out more about that in the book. I don't know about you, but my own struggle with my weight has held me back a bit in life. And my self-esteem took a real nose dive after my fiance dumped me-via text, no less. (I know, right? Jerk!...but I don't usually dwell on things in the past, so let's just move right along from that, shall we?) So, I'm still a work-in-progress for sure, but I'm really starting to figure it all out-how to be more of who I'm meant to be every day-including the bumps, the lumps, and my bruised ego along the way. Oh and I love my sisterhood (more about that later) - the women who join me in believing that we are all capable of being strong, amazing, warrior princesses-just the way we are right now."**

Book 1: Silence Breaks

The Power of Seeking Justice Together

We All Fall Down

My name is Ashlee. I am a victim of murder. Through a series of events and by two shots of a gun, I was made a widow at the age of 28, with my youngest child just six weeks old. I am a victim of infidelity. I have felt unlovable. I have felt rejected. I have had days in my life when I wasn't sure if I would ever take a breath again, let alone be able to raise my five children by myself. I have lived in fear. I have felt much heartache. I have felt truly broken to my core. I have carried some heavy burdens...not only of my own, but burdens put upon my shoulders by the death of my husband. I have felt alone. I have felt humiliated. I have been humbled to my knees. I have searched my soul to find my worth in this world, and in the life that was left for me. My world has been totally shattered. I have faced realities I never knew were possible, and found strength within myself to keep up the fight and live every day as if it was on purpose. I have been carried by Angels...both earthly beings and those unseen. I have found that being a "victim" doesn't mean we have an excuse to stop living. Being a victim means finding a reason for seeking a higher road. I have picked up the pieces left and carried on. I am a mother. We are survivors. In one way or another, we are all victims. There are times in our lives when we are forced to question who we are at our core. When we are presented with a path...we can go this way or we can choose that way. For some, this moment comes when the one person whom we love the most decides we are not enough. This person leave us-at a most vulnerable moment-alone to search within ourselves for who we really are. We are left trying to find who it is that was left behind. Sometimes the person we love dies. Sometimes it is merely an internal battle we are facing...all alone inside our minds. Whatever the situation and wherever you have been...you have been hurt. You have felt alone. You have been abandoned, either by your parents, your lover, your friends, complete strangers, or even yourself. We have all been at that crossroad where all we have left is ourselves. Sometimes these moments of lows have brought you to your knees and caused you to reflect and ponder your relationship with God...and other times they have made you question if He is even there, or if He knows you are alone. Whatever that moment has been for you, it is personal and real. It has defined and refined who you are, who you think you were, and who you want to become. This is my story...the defining moments that have truly brought me to my knees, the times when I've questioned to my core my very existence, and the experiences I've had that have shown me who I really am and who my Heavenly Father still needs me to become. The night of my husband's death was my darkest hour, but also the very moment when I saw firsthand that my Heavenly Father sent Angels on errands for me. He carried me. It was the hour when all my fears and all the pain of this world collided together and He was there...putting back together all the pieces, one step at a time.

Our lives are spent watching the clock. We go to sleep by it. Wake up to it. Rely on it. Race it. It's easy to forget that we're only given so much. We ignore it because

we're convinced we'll always have more. I am proof that we aren't promised anything. The clock owes us nothing. I know this because not only was Time my name, I wasn't given enough of it. Sure I had challenges but I vowed to make the most of it, of my young life. My limitations wouldn't hold me back. Time was on my side. Then I was told otherwise. Now the clock was working against me. I would face this disease alone. Then he walked in and changed everything. He gave me a reason to fight. He helped me prepare. Like others before me, when time slowed I wasn't ready. I begged for more. But the clock, it stopped for no one. On the day my world went black, I refused to take him with me. Only he didn't listen. I was a doctor. A bringer of bad news. I read the chart. She was fucked. My hands, they were tied. I was a doctor who could not heal what was beyond that door. I had no hope to offer her. But I wanted this over with. The sooner the better. I walked in, looked up and saw color. Not one. All of them. They surrounded her. She was a patient. You did not cross that line. I would not cross that line. I should have kept my eyes closed. Life was easier when you didn't see. But they were open now. They saw her. They saw everything. Suddenly invisible lines ceased to matter. For me, Time mattered. How far would you go to make sure the one you loved had enough of it? Would you challenge the clock? Help them prepare? Could you watch them suffer? Could you accept a life without them in it? Or, would you follow them into the darkness? I did. This is our story.

Memorable Characters Come to Life in WOMEN OF VALOR In this story, Nella inadvertently uncovers evidence that the death of an American soldier was a murder, not a suicide, and she becomes the next target for the killer. Suddenly it seems that everyone is a suspect or has something to hide. Who can she turn to when everyone seems to be harboring secrets and her own heart seems untrue? Will God's goodness and faithfulness surmount even the horrors of war?

"In the early 1970s, an ascendant women's rights movement enjoyed strong support from both political parties and considerable success, but was soon challenged by a conservative women's movement formed in opposition. Tensions between the two would explode in 1977 at the congressionally funded National Women's Conference in Houston, Texas. As Bella Abzug, Gloria Steinem, and other feminists endorsed hot-button issues such as abortion rights, the ERA, and gay rights, Phyllis Schlafly and Lottie Beth Hobbs rallied with conservative women to protest federally funded feminism and launch a pro-family movement"--Back cover.

United We Stand

A novel from one of the country's most prolific and popular YA authors, this book, set in New York City on September 11th, shows us how the experiences of that day profoundly changed one teen's life and relationships. Today is September 10, 2001, and Will, a grade nine student, is going to work the day at his father's workplace tomorrow. As part of a school assignment, all the students in his class will be going to their parents' workplaces tomorrow. Will isn't excited about it—he'd rather sleep in and do nothing with his friends. His father doesn't even have an exciting job like his best friend James's father who is a fireman. Will's dad works for an international trading company and has to wake up early every morning to commute to his office on the eighty-fifth floor in the south building of the World Trade Center in Manhattan. Will doesn't see his father very often because of the long hours he puts in at the office. He doubts that his dad will bother making time for him tomorrow even when they are supposed to be spending time together. In this fast-paced and dramatic new novel by bestselling author Eric Walters, Will discovers a new side of his father during an event that will continue to affect the world. As Will's new teacher says, tomorrow "might be an experience that changes your entire life."

Activist Terence Lester knows it's hard to change the world. But mobilizing and using our gifts in collaboration with others empowers us to do more than we ever could on our own. Offering practical ways for us to get involved as groups, families, churches, and communities, Lester shows how the body of Christ can transform society when we stand together.

We stand in the back of the hall as the children troop in. Big ones, little ones. Straggly hair, cropped hair, curls... the adults surge forward. Soon there is just one child left, a little girl sitting on the floor. She is thin as a string bean and her sleeve is ragged and damp – like she's been in the rain. 1939. War has broken out – hundreds of children are evacuated to the countryside to keep them safe from the bombs raining down on the cities.

When Time Stood Still

A Little Book of Western Verse

From National Jewish Book Award Winner and author of Israel, a bold reevaluation of the tensions between American and Israeli Jews that reimagines the past, present, and future of Jewish life Relations between the American Jewish community and Israel are at an all-time nadir. Since Israel's founding seventy years ago, particularly as memory of the Holocaust and of Israel's early vulnerability has receded, the divide has grown only wider. Most explanations pin the blame on Israel's handling of its conflict with the Palestinians, Israel's attitude toward non-Orthodox Judaism, and Israel's dismissive attitude toward American Jews in general. In short, the

cause for the rupture is not what Israel is; it's what Israel does. These explanations tell only half the story. We Stand Divided examines the history of the troubled relationship, showing that from the outset, the founders of what are now the world's two largest Jewish communities were responding to different threats and opportunities, and had very different ideas of how to guarantee a Jewish future. With an even hand, Daniel Gordis takes us beyond the headlines and explains how Israel and America have fundamentally different ideas about issues ranging from democracy and history to religion and identity. He argues that as a first step to healing the breach, the two communities must acknowledge and discuss their profound differences and moral commitments. Only then can they forge a path forward, together.

Ride with Kahyla as she navigates the streets showing the gangsta's that the penalty for betrayal is still death.

An illustrated version of the poem, later set to music, celebrating the beauty of America.

Dramatic, gripping, and moving, this sequel to the award-winning *We All Fall Down* will captivate readers. It's September 12th, 2001, and New York City is at a standstill: somber, bleak and shocked in the aftermath of the World Trade Center attacks. Will knows he and his father are lucky to have escaped; others, like his best friend James' father are still missing . . . and soon presumed to be dead. Poignant and dramatic, *United We Stand* is a young adult novel about heartache, self-discovery, and the power of friendship.

Drawing on both her roots in Kentucky and her adventures with Manhattan Coop boards, *Where We Stand* is a successful black woman's reflection--personal, straight forward, and rigorously honest--on how our dilemmas of class and race are intertwined, and how we can find ways to think beyond them.

From New York Times bestseller, Kendall Ryan, comes a sexy new standalone novel. My tempting and very alpha friend Sterling Quinn is someone I consider off-limits. It's not just that we're friends, he's also cocky, confident, and British, which means he's a walking aphrodisiac. But lately he's been giving me the look. You know the one. When he thinks I'm not paying attention, and his gaze lingers for too long. When we start working together, that's when the sexual tension between us gets so thick, I want to hack through it with a machete. I want to make all these deep feelings I've harbored for him disappear, because there's no way this can end well. The lines between business and pleasure become irrevocably blurred, and I'm stuck between a rock and Sterling's very, very hard place. Rather than keep a level head about our growing attraction, Sterling wants to go all in, showing me just how explosive we can be together. But I've been around long enough to know that this British bad boy is more than my heart can handle. I'm not about to be cast aside like yesterday's underwear when he's done having fun. Sterling's never been told no, and he's not about to put his ego aside and play by my rules. But I never thought he'd fight so dirty.

In the steamy jungles of West Africa, a Marine Reconnaissance platoon races against time to save the lives of American citizens caught in a bloody civil war. One recon team arrives at a mission only to find they are too late. The missionaries had been burned to death while strung up crucifix style. Realizing that the rebels intend to kill all of the missionaries in the region, the Marines race through the jungle in an attempt to beat the rebels to another nearby mission before they can kill the missionaries there. The Marines arrive just in time to see the guerrillas enter the mission compound and begin killing mission workers. The recon team opens fire and the situation escalates. They successfully push the rebels back into the jungle. Gathering the mission workers, including the mission's doctor, Ellen McKenzie, they flee into the jungle. While on the run, the hospital corpsman, Sean Austin, finds himself struggling with his feelings for the young missionary doctor. Traveling day and night they arrive at the platoon's harbor site. While waiting for helicopters to evacuate the Americans to a waiting ship, the group stumbles onto a large underground crypt left by an ancient civilization. A tropical hurricane forces the Americans to take shelter within the crypt; they discover it is actually a portal to another world. Transported to the middle of a lopsided battle, the group is forced to choose sides and fight against a huge medieval army. Once the great battle is over, the reality of this new world leaves the sojourners from earth conflicted and searching for answers about reality, God, and eternity. Sean is particularly conflicted about his life as a prodigal and his attraction to Dr. McKenzie. Into the Breach is a war of ideals, a war between living a good life and living an obedient life. Liam Morgan takes the reader through adventure after adventure while unraveling our calling, not to be right, but to be obedient.

Our children are facing cultural "giants" that previous generations could never have imagined. Secularism, depravity, immorality, and apathy taunt Christians with a barrage of hate and intolerance. Will our children be equipped to stand strong against these giants or will they be overcome? That is the question Christian parents are asking. In this book, Ken Ham gives us a powerful message about the importance of raising strong believers who can stand in the face of a world that will challenge, disparage, and seek to eliminate their faith. He also helps prepare parents to equip the next generation to thrive in the face of cultural adversity and emerge as tomorrow's Christian leaders.
