The pursuit to understand the human brain in all its intricacy is a fascinatingly complex challenge and neuroscience is one of the fastest-growing scientific fields worldwide. There is a wide range of career options open to those who wish to pursue a career in neuroscience, yet there are few resources that provide students with inside advice on how to go about it. *So You Want to Be a Neuroscientist?* is a contemporary and engaging guide for aspiring neuroscientists of diverse backgrounds and interests. Fresh with the experience of having recently launched her own career, Ashley Juavinett provides a candid look at the field, offering practical guidance that explores everything from programming to personal stories. Juavinett begins with a look at the field and its history, exploring our evolving understanding of how the brain works. She then tackles the nitty-gritty: how to apply to a PhD program, the daily life of a graduate student, the art of finding mentors and collaborators, and what to expect when working in a lab. Finally, she introduces readers to diverse young scientists whose career paths illustrate what you can do with a neuroscience degree. For anyone intrigued by the brain or seeking advice on how to further their ambitions of studying it, *So You Want to Be a Neuroscientist?* is a practical and timely overview of how to learn and thrive in this exciting field.

Many children, from the time they are old enough to be attracted to a siren and flashing lights, dream their whole lives of becoming a police officer. As a retired police officer, herself, Alley Evola looks at the daily ins and outs of the job of a police officer. From

recruitment, life at the academy, patrol and eventually promotion, she provides a helpful understanding of what you can really expect. She also looks at the current issues, including race and gender, and how these have shaped certain expectations from the public that a police officer needs to be prepared for when working in this field. When you're young and dreaming you don't think about the process it will take to become a police officer. And it's also not evident until after the police academy the many challenges and issues you will face in the field. So You Want to Be a Cop is for everyone who secretly wishes they were a police officer, or is pursuing their dream in hopes of transforming it into reality.

Anne Trubek wrote several books, was a member of the National Book Critics Circle, and was a tenured English professor before she decided to try book publishing. To start and run a small press, she had to teach herself the ins and outs of a confusing, often archaic, strangely shrouded industry from yet another angle: business owner, publisher, and editor. In *So You Want To Publish A Book?* Trubek, who also writes the weekly newsletter *Notes From A Small Press*, provides insights from her journeys through all facets of writing, making, and writing about books, offering authors, authors-to-be, and the curious concrete advice and information about the publishing industry. Chapters discuss book proposals, publicity, developmental versus copy editing, how to make friends (and enemies) with independent bookstores, the differences between Big Five and independent presses, royalties, and cover design. Handy, humorous charts such as *Five Things Aspiring Authors Should Never Say*, *Wait, Wholesalers Receive How Much of A Discount?* and *The Indignity of Returns*, along with illustrations by Belt cover

designer David Wilson, will help readers feel less confused by the process and, armed with more transparent understanding of the industry, more prepared to publish, promote, and purchase books wisely and successfully.

This book is a practical, hands-on guide to the world of journalism, particularly for the beginner. It contains step-by-step instructions on writing for the news media, a practical advice and suggestions on all facets of reporting. It covers the basic skills involved in finding information, interviewing, writing news and feature material, research and investigation, basic subbing, layout and design, the essentials of grammar, the law, and ethical and professional behaviour. The book uses numerous examples to demonstrate its points. It relies almost exclusively on the excellent

student reporters to show what young people can achieve, despite not having the resources of large news organisations behind them. The book also highlights the efforts of some of the hundreds of students who have worked with the author many years to produce fine examples of writing and reporting in the very best traditions of journalism.

A collection of exploration tales, from well-known discoveries to the less known, equally important tales of explorers who made significant finds throughout history. A comprehensive guide to becoming a published author outlines step-by-step guidance for everything from generating ideas and improving technique to getting published, promoting one's work, in a reference complemented by tips from such famous writers as Michael Crichton and Amanda Hocking. What does it mean to be a novelist in the 21st century? How do you write a novel? What do you do with it once it's finished? And how do you get a career as a novelist off the ground? Most honest novelists will attribute some combination of talent, hard work and luck in their success, but each of these qualities can be nurtured with a little guidance. In the vein of E.M. Forster's *Aspects of the Novel* and John Gardner's *On Becoming a Novelist*, Jon Sealy shares his own story of how fiction works, from writing the first draft to building a multi-book career. Part memoir, part craft analysis, this book breaks apart the elements of fiction and explores one writer's path from student to professional. With clear and honest insight, *So You Want to be a Novelist* offers aspiring writers a toolkit for understanding fiction-

and serves as both guide and warning for the road ahead.
