Soccer is the most popular sport in the world. Most fans call it football, which is a good name since only feet and sometimes heads are supposed to touch the ball. Americans and Canadians like to do things differently so they call it soccer. Whatever the game is called, it is fast-moving and exciting to watch. Major League Soccer is counting on fans to keep coming to games that offer outstanding displays of athletic ability. FC Dallas was one of the first ten teams to form the MLS in 1996. It has always been a winning team but has stepped up its level of play in recent years. Coach Oscar Pareja brings out the best in his players. The players respond by playing hard and winning.

Bold and inspiring profiles of the pioneers, champions and future heroines of women's soccer around the world. Women's soccer has come a long way. The first organized games on record -- which took place three hundred years ago in the Scottish Highlands -- were exhibition matches, where single women played against married women while available men looked on, seeking a potential mate. Today, champions like Mia Hamm, Abby Wambach, Brazil's Marta and China's Sun Wen, have inspired girls around the world to pick up the beautiful game for love of the sport. Inevitably, given the hardships and discrimination they face, women who play soccer professionally are so much more than elite athletes. They are survivors, campaigners, political advocates, feminists, LGBTQ activists, working moms, staunch opponents of racial discrimination and inspirational role models for many. Based on original interviews with over 50 current and former players and coaches, this book celebrates these remarkable women and their achievements against all odds.

The Rochester Lancers certainly lived in interesting times. They helped save the North American Soccer League from extinction They had passionate owners and players, and seemingly was always on a rollercoaster as they struggled to survive during their 14-year existence. During that time, they won a championship, became the first American pro soccer team to participate in the Concacaf Champions Cup (with surprising results), won a marathon soccer game. At times, they seemed to go through coaches as quickly as some people change underwear, making for some intriguing scenarios. The team endured some interesting plane and bus rides and called a stadium that had seen better times home. The Lancers' roster was represented by more than 40 nationalities.
