Younglings can draw, color, and create with all their favorite characters from the Marvel films. From Guardians of the Galaxy to Spider-Man, every page is packed with doodles. Readers can use their artistic powers to bring these sensational scenes to life!

Published in 1933 by Hogarth, *Flush* is an experiment in biography, using the medium of a pet dog, the eponymous character, to examine the imagined life of the poet Elizabeth Barrett Browning. While Woolf's approach is essentially fictional, she used existing correspondence between Browning and her husband, combined with poems about *Flush* the dog to create non-fictional threads. On these factual underpinnings, Woolf then layered themes that she wished to explore. Connections to *A Room of One's Own* come across in the way Woolf deals with Browning's life as a woman writer and intellectual, existing in a patriarchal city environment. In choosing such an approach, Woolf certainly betrays the autobiographical elements in the text, given her own status and also allows her to cover the pressures imposed by her private ailments.

In the Shadow of Man

An instant success in its own time, Daniel Defoe's *The Adventures of Robinson Crusoe* has for three centuries drawn readers to its archetypal hero, the man surviving alone on an island. This Companion begins by studying the eighteenth-century literary, historical and cultural contexts of Defoe's novel, exploring the reasons for its immense popularity in Britain and in its colonies in America and in the wider European world. Chapters from leading scholars discuss the social, economic and political dimensions of Crusoe's island story before examining the 'after life' of Robinson Crusoe, from the book's multitudinous translations to its cultural migrations and transformations into other media such as film and television. By considering Defoe's seminal work from a variety of critical perspectives, this book provides a full understanding of the perennial fascination with, and the enduring legacy of, both the book and its iconic hero.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

North and South draws on Gaskell's own experiences of the poverty and hardship of life in the industrial north of England. Her heroine, Margaret Hale, is taken from the wealthy south by her nonconformist minister father, to live in a fictional northern town. The stark differences are explored through Margaret's abrupt change in circumstance, and her sympathetic reaction to the plight of the northerners. She comes into conflict with a local mill owner who proposes marriage to ...

Stories From Pentamerone

This work, by the greatest living authority on medieval palaeography, offers the most comprehensive and up-to-date account in any language of the history of Latin script. It also contains a detailed account of the role of the book in cultural history from antiquity to the Renaissance, which outlines the history of book illumination. Designed as a textbook, it contains a full and updated bibliography. Because the volume sets the development of Latin script in its cultural context, it also provides an unrivalled introduction to the nature of medieval Latin culture. It will be used extensively in the teaching of latin palaeography, and is unlikely to be superseded.

"The rise and fall of kings and nations!"--Cover.

Are we all at the mercy of our brain chemistry? Do you think that the amygdala and the hippocampus are fantastical sea monsters? What can an MRI scan tell us? Could you explain to dinner-party guests why we don't giggle when we tickle ourselves? 30-Second Brain is here to fill your mind with the science of exactly what's happening inside your head. Using no more than two pages, 300 words and an illustration, this is the quickest way to understand the wiring and function of the most complex and intricate mechanism in the human body. Discover how the networks of 90 billion nerve cells work together to produce perception, action, cognition and emotion. Explore how your brain defines your personality, and what it gets up to while you are asleep. Illustrated with mind-bending graphics and supported by biographies of pioneers in the field of neuroscience, it's the book to get your grey matter thinking about your grey matter.

Perspectives teaches learners to think critically and to develop the language skills they need to find their own voice in English. The carefully guided language lessons, real-world stories and TED Talks motivate learners to think, creatively and communicate effectively.

An introductory text that gives its reader a strong understanding of the dimensions of tourism, the industries of which it is comprised, the issues that affect its success, and the management of its impact on destination economies, environments and communities. Now in a full colour design, the new edition features a clear focus on the issues affecting 21st century tourism, providing students with extensive coverage on the effects of globalisation and global conflict; sustainability and climate change; developments in digital technology and the rise of the sharing economy. International case-studies and snapshots (mini-case studies) are used throughout and have been taken from around the globe, including the US, China, Russia, Gambia, Bhutan, Cuba, Singapore, New Zealand, Australia, Caribbean, Canada and the UK, and from companies including TUI, Airbnb and Marriot. The accompanying Online Resources include PowerPoint slides and an Instructor's Manual for lecturers and additional case studies, useful video links, and web links for students. Suitable for students new to tourism studies.

"Make the Earth your companion. Walk lightly on it, as other creatures do." With this powerfully reverent refrain, readers are reminded to treat the world around us with the respect it deserves and the care it needs. Mountains, lakes, rivers, grasslands, forests, deserts—even the sky above—all of our natural environs have some message to impart, if we will but listen. Picturesque illustrations imbue the images with mysticism, making visual connections to not only the words themselves but to the feelings of wonder they evoke.

Silas Marner is the third novel by George Eliot, published in 1861. An outwardly simple tale of a linen weaver, it is notable for its strong realism and its sophisticated treatment of a variety of issues ranging from religion to industrialisation to community.

A decade after their wild boat ride adventure on the Thames river, J, Harris, and George reunite for another vacation. Older, richer, and fatter, but not wiser, the three men stumble through mishaps and surprises as they journey to Germany. First saying their goodbyes, J and Harris seek the approval of their wives, worried about leaving their kids. Their wives are supportive, secretly considering their husbands' trip from home as a vacation for themselves as well. Still a bachelor, George tells his aunt about the trip before they depart. First arriving in a boat, the men journey through Germany, stopping in Hamburg, Hanover, and Berlin. When they are able, they stay in hotels and inns, and when they are desperate, they sleep in the barns of kind farmers. After a long journey, the men finally arrive at their destination. Planning on completing a cycling tour through the German Black Forest, the men take a single rider and a tandem bicycle, making a solemn compromise to take turns being the solo rider. As they set out on their bike ride, the friends are amazed by the beauty and serenity of the forest, until they start to realize that everything looks familiar. Lost in the woods and going in circles, the three men must find a way home from their adventure before they get caught in the impending rain storm. Through sketches and detailed observations, Jerome K. Jerome's Three Men on the Bummel provides a fascinating perspective on the landscape and culture of 20th century Germany. With drunken adventures, sword fights, and misfortunate weather, Three Men on the Bummel is an exciting and charming travelogue, humorous and enjoyable even for modern audiences. This edition of Three Men on the Bummel by Jerome K. Jerome is presented in an easy-to-read font and features an eye-catching new cover design. With these accommodations, this edition is accessible and appealing to contemporary audiences, restoring Jerome K. Jerome's work to modern standards while preserving the original wit and charm of Three Men on the Bummel.

Offers a collection of true facts about such topics as animals, food, science, outer space, geography, and weather.
