This book is a study of the Johannine Christian response to the fall of the Jerusalem Temple in 70 ce. A crucial text in this investigation is Jn 2.13-22 and its context, which provide a lens through which other texts in John are viewed. Kerr's examination of the Temple festivals of Passover, Tabernacles, Dedication suggests that in Jesus fulfils and replaces these, while in the case of the Sabbath he effects a transformation. The overall conclusion is that the Johannine Jesus replaces and fulfils the Jerusalem Temple.

How many souls have you won to Christ? How many are still walking with the Lord? All, some, a few? The facts are: Evangelical success is at an all-time low. We're producing more backsliders than true converts. The fall-away rate—from large crusades to local churches—is between 80 to 90 percent. Why are so many unbelievers turning away from the message of the gospel? Doesn't the Bible tell us how to bring sinners to true repentance? If so, where have we missed it? The answer may surprise you. One hundred years ago, Satan buried the crucial key needed to unlock the unbeliever's heart. Now Ray Comfort boldly breaks away from modern tradition and calls for a return to biblical evangelism. If you're experiencing evangelical frustration over lost souls, unrepentant sinners, and backslidden

“believers,” then look no further. This radical approach could be the missing dimension needed to win our generation to Christ.

This groundbreaking and provocative book charts the recent history and impact of Christian youth work. It argues that the extraordinary growth of the evangelical movement in the UK can be attributed to its work among young people, and demonstrates how the youth work of one generation shapes the adult church of a later one. Peter Ward opens up vital areas of debate - has youth work become primarily defensive, rather than evangelical? Are we afraid to engage creatively with modern culture? What hope is there for the church of the future?

Bill Johnson, Joyce Meyer, Heidi Baker. The fame of these names is evidence enough that, though the controversies are less intense, the Charismatic Movement is alive and

well today. It continues to attract thousands of adherents who find its vision of a supernatural lifestyle uniquely compelling. Now, for the first time, all that is most theologically innovative about the movement is synthesized into five distinct and original ideas. These five brand new theologies have been created, not by theologians, but by practitioners who believed their concepts were inspired by the Spirit: Inner Healing, Shepherding, Word of Faith, Spiritual Warfare, and Signs and Wonders. Plenty of studies have been written by Pentecostal scholars about Pentecostal theology, but these tend to group the very distinct approaches of Charismatics together with Classical Pentecostals. Bold Faith aims to analyze and evaluate the ways in which practitioners within independent Charismatic networks, especially in their Anglo-American expressions, have responded to the challenges of secular modernity. The Audible Life Stream, or Primordial Sound Current, is the all-pervasive universal consciousness within everyone. Few realise there is credible evidence indicating that Jesus, Buddha, Krishna, and so on, all perfected the meditative technique of turning their attention inwards, thereby merging with the Audible Life Stream, to become adepts of dying while living. This is the first book to provide convincing evidence of the Audible Life Stream and emphasise the importance of it to every human being, since none of us can escape the clutches of the Lord of Death. This unique book provides evidence of the Audible Life Stream from a variety of sources, including, testimonials

of near-death experiences and out-of-body experiences from people in USA, UK and Australia; excerpts from major religious texts; simply explained quantum physics principles; and independent anecdotes from the increasingly popular field of sound/music therapy.

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

This book is an unforgettable journey that is a must read for every believer. As the days grow darker it is essential everyone who desires to live for Jesus, understand the difference between Churchianity and Christianity. This book clears a path through the religious jungle, and clearly

identifies the Way of Salvation. This necessarily involves the full extraction of the common religious practice of tithing from Christian doctrine. What is this book about? It is about everything that pertains to Godliness, and everything that frustrates Godliness. It is about growing in Christ and blossoming in faith, as well as dying to pride and rejecting the world. We are shown the difference between the treasures of Grace and the treasures of the world as we learn a new appreciation for our Lord Jesus Christ and all He won on the cross for us. This book is a guide to spiritual maturity where we learn to say along with John the Baptist, He must increase, but I must decrease. (John 3:30 KJV) Something involved in these issues is dealing with questions that have plagued many believers about how Malachi 3:8-11 has been taught to them: Am I really cursed as a robber of God for failing to pay my tithes? Will I really open up new Heavenly windows of blessing by faithfully paying my tithes? The answers to these questions involve all the schools of systematic theology which requires a deep

thorough inspection into the contents of the Gospel of Grace, the plan of salvation, and the Priesthood of Christ. This substantial volume includes more than fifty never-before-published expository sermons on John 4 from one of the twentieth century's greatest preachers. It was just a conversation between two people by the side of a well in Samaria. One, a local woman, came to perform her daily task of drawing water. Another, a Jewish man tired from traveling, sat down for a drink. But he wasn't just any Jewish man, and this wasn't just any conversation. The man, Jesus, revealed himself as the Messiah, leading to the conversion of not only the Samaritan woman but many from her town. Now, for the first time, fifty-six sermons by Martyn Lloyd-Jones on this passage of Scripture are available in Living Water. Lloyd-Jones, known for his ability to clearly communicate profound theological concepts, digs into this familiar passage from the fourth chapter of the Gospel of John, exposing fresh layers of truth. His perceptive analysis is helpful for all who thirst for the living water.

A landmark book by marine biologist Wallace J. Nichols on the remarkable effects of water on our health and well-being. Why are we drawn to the ocean each summer? Why does being near water set our minds and bodies at ease? In BLUE MIND, Wallace J. Nichols revolutionizes how we think about these questions, revealing the remarkable truth about the benefits of being in, on, under, or simply near water.

Combining cutting-edge neuroscience with compelling personal stories from top athletes, leading scientists, military veterans, and gifted artists, he shows how proximity to water can improve performance, increase calm, diminish anxiety, and increase professional success. BLUE MIND not only illustrates the crucial importance of our connection to water-it provides a paradigm shifting "blueprint" for a better life on this Blue Marble we call home.

are spirit and life, the author suggest that the words of this book be whispered by readers as they read, because when the written word is spoken, it is even more powerful; that is the power of the tongue. A page a day will enrich your life.

Substitution. This is the great sin of the Israelites in the Old Testament. In Jeremiah 2:13, God states that they had committed two evils. They had forsaken God, "the fountain of living waters," and had replaced Him with broken cisterns, "which can hold no water." This is also the great sin of the Laodicean Church and the average church member in America today; God calls them wretched, and miserable, and poor, and blind, and naked. What happened? In both cases, the average "believer" had substituted the power of the Holy Spirit for acts of religion. In the average church, focus is on activity, pounding ungodly rock music, and "excitement"-all of which gets the blood pumping and the heart beating fast, but is a work of the flesh nonetheless. God also called the Laodicean Church member lukewarm. The actual temperature of lukewarm is 98 degrees, near the natural body temperature. Lukewarm is a production of the flesh in worship. This book serves as both a warning and as a teaching tool to instruct honest seekers yearning to live a life in

A Closer Look at the Five Key Ideas of Charismatic Christianity

Studying doctrine for the Christian often feels like watching a construction crew build a foundation. There seems to be a great amount of activity, but the results don't appear visible. Just like the foundation is essential for the stability of a building, studying theology is crucial to the long-term stability of the believer. The goal of this study is to provide

Where To Download Sound Of Living Waters A Charismatic Hymnal

you with the basics of biblical doctrine to make sure your foundation is sound. At times this will feel like the difficult work of laying an unseen foundation for a building. At other times, however, it will feel like we are soaring to great heights as we explore the breadth and length and height and depth of our faith. During the course of this study, we will consider the questions: Why study theology? Who is God? Who am I? What is the church? Where do I go when I die? Why do other people believe differently?

The nature of evangelical identity in Britain is both a perennial issue and an urgent one. This is especially the case because evangelical Christianity has, throughout its history, been characterized by a remarkable degree of dynamism and diversity. These essays, by a distinguished list of contributors, explore the issue of evangelical identity and the nature of evangelical diversity by investigating the interactions of evangelicalism with national and denominational identities, race and gender, and its expression in spirituality and culture from the evangelical revivals of the eighteenth century to evangelical churches and movements of the present. A

second volume will investigate similar issues in relation to evangelical interactions with the Bible and theology.

Fear is the primary reason we fail to share the gospel with our friends, family, and coworkers. We're afraid of looking weird or out of touch. We're afraid we won't have the right answers to their questions. We're afraid that if they reject the gospel, they're really rejecting us. We don't want to make things awkward or strain our relationships. So we say nothing because our discomfort feels bigger than our loved ones' ultimate destination if they remain outside of the body of Christ. We know it's not, but it's just so hard to get over our fear.

Apologist Ray Comfort can help. In Anyone but Me, he shows you how to overcome your fears by developing ten critical, biblical characteristics so that you can confidently share the message of salvation with those you care about most. If you've been longing

to see a dear friend, family member, or coworker come to Christ, now is the time to begin becoming the faithful witness they need. Because we never know how much more time we will have to proclaim God's good news.

Desiring God

The Audible Life Stream

In The Heavenly Man, you learned the story of how God took a young half-starved boy from Henan Province and enabled him to stand strong on the frontlines for Jesus Christ, braving horrific opposition and impossible odds. Living Water is a collection of Brother Yun's dynamic teachings that evolved from his life experiences of persecution and revival in China. Brother Yun shares how the grace of God sustained him during his darkest hours and how that darkness transformed into the infectious joy and zeal for the Lord that are the hallmark of his ministry today. This

unique book teaches us that radical faith is not for a chosen few, but for every believer who dares to call Jesus Christ Lord.

Water has long been associated with the magical, the mysterious and the divine. From sacred springs to holy wells, and from hydropathic cures and temperance reform to the modern spa, Ian Bradley explores how water's creative, health-giving and restorative powers have been conceived, worshipped and marketed in an essentially spiritual way. In pre-Christian times, springs and rivers were seen as the dwelling places of deities with magical life-giving and curative powers, associated especially with the feminine and with ritual cleansing and rebirth. With the coming of Christianity, water was incorporated into Christian ritual and tradition through baptism and the cult of holy wells. From the 16th century onwards, the benefits of water came to be seen more in terms of therapeutic healing than the miraculous. Through the development of drinking and bathing cures, spas and hydrotherapy, a more scientific but still essentially spiritual understanding of the curative properties of water was developed. By the eighteenth century, spas and watering places had acquired their own enchanted and mysterious qualities, in many ways taking the place of medieval pilgrim shrines. Now, a new, more hedonistic kind of pilgrim comes to modern spas to experience a potent post-modern elixir of self-oriented well-being.

Why do 9 out of 10 children raised in Christian homes leave the Church?

Why do many professing Christians show little or no evidence for their faith? Why do 80-90% of those making decisions for Christ fall away from the faith? For decades, the world's most popular gospel message has been drawing the lost by promising God's wonderful plan for their life. But behind the facade of the wonderful plan message is the reality of the trials, temptation, and persecution that Jesus promised. How can we reconcile the two? In this life-changing book, best-selling author Ray Comfort explores whether this common gospel approach aligns with real life and with Scripture. The vital biblical principles he reveals will force you to reexamine your ideas about the gospel and will teach you how to reach unbelievers the way God intended. A must-read for all who care about the lost. "Over a quarter million copies in print!"

250 species of fish, and underwater kelp forests as complex as any terrestrial ecosystem. For millennia, vibrant Coast Salish communities have lived beside these waters dense with nutrient-rich foods, with cultures intertwined through exchanges across the waterways.

Transformed by settlement and resource extraction, Puget Sound and its future health now depend on a better understanding of the region's ecological complexities. Focusing on the area south of Port Townsend and between the Cascade and Olympic mountains, Williams uncovers human and natural histories in, on, and around the Sound. In conversations with archaeologists, biologists, and tribal authorities, Williams traces how generations of humans have interacted with such species as geoducks, salmon, orcas, rockfish, and herring. He sheds light on how warfare shaped development and how people have moved across this maritime highway, in canoes, the mosquito fleet, and today's ferry system. The book also takes an unflinching look at how the Sound's ecosystems have suffered from human behavior, including pollution, habitat destruction, and the effects of climate change. Witty, graceful, and deeply informed, *Homewaters* weaves history and science into a fascinating and hopeful narrative, one that will introduce newcomers to the astonishing life that inhabits the Sound and offers longtime residents new insight into and appreciation of the waters they call home. In ten impassioned essays, veteran Texas environmental advocates and conservation professionals step outside their roles as lawyers, lobbyists, administrators, consultants, and researchers to write about water. Their personal stories of what the springs, rivers, bottomlands, bayous, marshes, estuaries, bays, lakes, and reservoirs mean to them and to our state come alive in the landscape photography of Charles Kruvad. Allied with the Texas Living Waters Project (a joint education and policy initiative of the Lone Star Chapter of the Sierra Club, the National Wildlife Federation, and the Environmental Defense Fund, among others), editor Ken Kramer joins his fellow activists in a call to keep rivers flowing, to protect wildlife habitat, and to save tax dollars by using water efficiently and sustainably (<http://www.texaswatermatters.org/>).

Women have made an amazing, creative, and prolific contribution to hymnody throughout the centuries of Christian worship. Excluded from liturgical commissions and denied other opportunities for involvement in the worship of the churches, women were able to express and influence spirituality in the writing of hymns. This influence spreads across the whole range of hymn-writing, including writing for children, which was at one time seen as women's natural place, but also the introduction of new voices through translations; engagement in social campaigns such as temperance and the abolition of slavery; mission and evangelism; and the general development of Christian worshipping life. However, with the exception of the nineteenth century, the voices of women have been largely silenced or marginalized. The "Hymn Explosion" of the 1960s onward almost completely ignored women's writing, and there has only recently been something of a recovery. There is much more to Our Song than people think. This book opens up women's writing from the beginnings of Christianity, through

Where To Download Sound Of Living Waters A Charismatic Hymnal

Middle Ages, the development of printing and the rise of popular hymnody to the present day. Living hymn-writers add their voices in a series of biographical "stories" which complete the overarching story of Our Song.

"What do you do when the world's most famous atheist mocks and insults you on international television, in universities, and throughout social media? You look to the Bible and see how Joseph was humiliated before the time came when God opened a door of opportunity for him, and how Moses was abased before God opened a blessing for him. You take comfort in the Scriptures-in the knowledge that those who trust in God were often the object of "cruel mockings," and in the principle of humiliation before promotion, of God taking someone low before raising them up for His use. That's precisely what happened when Ray Comfort was christened "Banana Man" by Professor Richard Dawkins and then mocked worldwide by the atheist community. It was then that something strange and wonderful began to happen. Millions came to hear the sound of the everlasting gospel, all because of that humiliating name: Banana Man. So if you're afraid of looking foolish as a Christian, this true story not only fascinates, delights, and encourages you, it will help you to see God's hand in your life and bring your own fears into perspective.
