"The Genealogist's Address Book is the answer to the perennial question, 'What's out there in the world of genealogy?' What organizations, institutions, special resources, and websites can help me? Where do I write or phone or send e-mail? Once again, Elizabeth Bentley's Address Book answers these questions and more. Now in its 6th edition, The Genealogist's Address Book gives you access to all the key sources of genealogical information, providing names, addresses, phone numbers, fax numbers, e-mail addresses, websites, names of contact persons, and other pertinent information for more than 27,000 organizations, including libraries, archives, societies, government agencies, vital records offices, professional bodies, publications, research centers, and special interest groups. Based on a written survey of thousands of organizations and institutions across the country, and supplemented by information from printed and Internet sources, the new 6th edition of the Address Book has been extensively revised and updated, eliminating undeliverable addresses and defunct organizations, while adding thousands of additional sources. Besides new websites and e-mail addresses, the new edition features greatly expanded coverage of archival agencies and vital records offices, especially in the New England states and New York. In addition, it is now easier to use than ever, with all 27,000 entries divided into two easy-to-use sections."--Page 4 of cover.

A special kind of travel journal... A German rides to the largest motorcycle party in the world with a 92ci (1500cc) Victory bike and some good American friends from St. Paul (Minnesota) to "STURGIS" (South Dakota). He lets the reader/viewer get a taste of his impressions of the landscapes, people, experiences, and the American way of living. It is a book of a road trip with

many expressive images that speak for themselves ... Anyone who has not been there by now at least has the opportunity to get a taste of the great freedom, the "Big Event" - the "Sturgis Bike Week" - and also the diverse and breathtaking scenes of nature from the author's perspective, such as the prairie, the Badlands, and the Black Hills. He or she should get a little taste of all this, and also a little appetite, ... Yes, he or she should long for a bit MORE ... Because at the right time, nothing is cooler than the inner attitude to life according to the Native American motto: Let it go with the flow ...! The cover photo shows the author (left) and his American buddy John (right) on the way to Sturgis on the outskirts of "White River", which they have taken shortly after a refueling stop. PS: In the book's appendix, many "links" have been added for people who also feel like experiencing the wild beauty of this unspoiled South Dakota country. In addition, a highly recommended American travel guide around the Bike Week in Sturgis is presented.

Are you excited about planning your next trip? Do you want to try something new? Would you like some guidance from a local? If you answered yes to any of these questions, then this Greater Than a Tourist book is for you. Greater Than a Tourist- South Dakota by Author Max Hunhoff offers an inside scoop on the Midwest treasure of South Dakota. Most travel books tell you how to travel like a tourist. Although there is nothing wrong with that, as part of the Greater Than a Tourist series, this book will give you travel tips from someone who has lived at your next travel destination. In these pages, you will discover advice that will help you throughout your stay. This book will not tell you exact addresses or store hours but instead will give you excitement and knowledge from a local that you may not find in other smaller print travel books. Travel like a local. Slow down, stay in one place, and get to know the people and culture. By the time you finish this book, you will be eager and prepared to travel to your next destination. Inside this travel guide book you will find: Insider tips from a local. Packing and planning list. List of travel questions to ask yourself or others while traveling. A place to write your travel bucket list. OUR STORY Traveling is a passion of the Greater

than a Tourist book series creator. Lisa studied abroad in college, and for their honeymoon Lisa and her husband toured Europe. During her travels to Malta, an older man tried to give her some advice based on his own experience living on the island since he was a young boy. She was not sure if she should talk to the stranger but was interested in his advice. When traveling to some places she was wary to talk to locals because she was afraid that they weren't being genuine. Through her travels, Lisa learned how much locals had to share with tourists. Lisa created the Greater Than a Tourist book series to help connect people with locals. A topic that locals are very passionate about sharing.

Lewis and Clark have intrigued travelers for over two centuries. And whether you are a Lewis and Clark "groupie," someone who might enjoy stopping at a site or two on an upcoming trip, or an armchair traveler interested in a "rediscovery" of the corps' exploration, this book provides visitor information and historical and cultural touchstones for Lewis and Clark's travels from South Dakota to the Pacific and back. Obviously, in the 200+ years that have passed since their 1804-1806 expedition much of the land has changed, and, in many cases, the site the corps visited itself is literally gone, often under water. But the route itself remains, and this guide provides an opportunity to "rediscover" the corps' footsteps. From the wind-swept coast of the Pacific Northwest to the boundless Great Plains of North Dakota,
