More than 800,000 copies in print! From the author of critically acclaimed and bestselling memoir *Falling Leaves*, this is a poignant and moving true account of her childhood, growing up as an unloved daughter in 1940s China. A Chinese proverb says "Falling leaves return to their roots." In her own courageous voice, Adeline Yen Mah returns to her roots to tell the story of painful childhood and her ultimate triumph in the face of despair. Adeline's affluent, powerful family considers her bad luck after her mother dies giving birth to her, and life does not get any easier when her father remarries. Adeline and her siblings are subjected to the disdain of her stepmother, while her stepbrother and stepsister are spoiled with gifts and attention. Although Adeline wins prizes at school, they are not enough to compensate for what she really yearns for -- the love and understanding of her family. Like the classic Cinderella story, this powerful memoir is a moving story of resilience and hope. Includes an Author's Note, 6-page photo insert, a historical note, and the Chinese text of the original Chinese Cinderella. Forty-two-year-old Mia Thorne is not living her best life. After a disastrous career-and-relationship-ending event, she escapes New York City and moves to a sleepy river town in Pennsylvania, courtesy of a dead aunt she never knew. Aunt Hazel was the reclusive family nut, a self-proclaimed psychic. Of course, Mia's dad always told her that she, too, had the gift, but after his death her mother made sure to squelch the notion. No square pegs allowed! Aunt Hazel's old cottage is only slightly better than the

decrepit gardens surrounding it. Mia doesn't know the first thing about gardening and expects this will be one more failure on her seemingly endless list. Even Aunt Hazel's ancient cat seems to have pegged her as a loser. When Mia stumbles over a body in an overgrown garden, the newcomer catches the eye of the police chief and his hotshot detective, Derek Fairfax, and she becomes the number one suspect in the case. Much to her shock and awe she also catches the eye of Derek's brother, Dane, a lawyer with a head for what's legal and a bod for what isn't-but getting arrested for murder would certainly put a damper on her dating life. Will Mia tap into her long-buried psychic skills in order to save herself or will she end up digging her own grave? Petal to the Metal is the first book in The Bloomin' Psychic series. That's exactly what happens to Morgan Blackmoore. Suddenly, she finds herself in a race against time as she's launched into a dangerous treasure hunt that pits her against modern day pirates who think she has the key to a three hundred year old secret. To complicate matters even more, one of her sisters keeps talking to the ghost of their dead grandmother, another has crystals with unusually powerful healing properties and her cat has an uncanny habit of showing up in exactly the right place at exactly the right time. Not to mention that her ex-boyfriend, Luke Hunter, suddenly shows up in town after ten years of being overseas and claims to want to help her fight off these deadly pirates, but Morgan finds herself fighting her attraction to him instead. Will Morgan outwit the treasure hunters and find the real killer before Sheriff Overton puts her in jail? And what about Luke, is he really a good guy or just after the treasure himself?

This is Book 2 in the Blackmoore Sisters cozy mystery series. The fourteenth novel in the magical alternate history Elemental Masters series continues the reimagined adventures of Sherlock Holmes in a richly-detailed alternate 20th-century England. While Sherlock is still officially dead, John and Mary Watson and Nan Killian and Sarah Lyon-White are taking up some of his case-load--and some for Lord Alderscroft, the Wizard of London. Lord Alderscroft asks them to go to Dartmoor to track down a rumored evil magic brewing there. Not more than four hours later, a poor cottager, also from Dartmoor, arrives seeking their help. His wife, in a fit of rage over the children spilling and spoiling their only food for dinner that night, sent them out on the moors to forage for something to eat. This is not the first time she has done this, and the children are moor-wise and unlikely to get into difficulties. But this time they did not come back, and in fact, their tracks abruptly stopped "as if them Pharisees took'd 'em." The man begs them to come help. They would have said no, but then the assignment for Alderscroft. Why not kill two birds with one stone? But the deadly bogs are not the only mires on Dartmoor.

the intricate details of High Magic and aspired to seats on the council. Then he found the forbidden Books of Wild Magic--or did they find him? The three slim volumes woke Kellen to the wide world outside the City's isolating walls. Their Magic was not dead, strangled by rules and regulations. It felt like a living thing, guided by the hearts and minds of those who practiced it and benefited from it. Questioning everything he has known, Kellen discovers too many of the City's dark secrets. Banished, with the Outlaw Hunt on his heels, Kellen invokes Wild Magic--and finds himself running for his life with a unicorn at his side. Kellen's life changes almost faster than he can understand or accept. Rescued by a unicorn, healed by a female Wild Mage who knows more about Kellen than anyone outside the City should, meeting Elven royalty and Elven warriors, and plunged into a world where the magical beings he has learned about as abstract concepts are flesh and blood creatures--Kellen both revels in and fears his new freedom. Especially once he learns about Demons. He'd always thought they were another abstract concept--a stand-in for ultimate evil. But if centaurs and dryads are real, then Demons surely are as well. And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage. Turned him into a Demon. Would that be Kellen's fate? Deep in Obsidian Mountain, the Demons are waiting.

Twenty-Five Ghost Stories BY W. BOB HOLLAND

This collection of ghost stories owes its publication to an interest that I have long felt in the supernatural and in works of the imagination. As a child I was deeply concerned in tales of spooks, haunted houses, wraiths and specters and stories of weird experiences, clanking chains, ghostly sights and gruesome sounds always held me spellbound and breathless. Experiences in editorial offices taught me that I was not alone in liking stories of mystery. The desire to know something of that existence that is veiled by Death is equally potent in old age and in youth, and men, women and children like to be thrilled and to have a “creepy” feeling along the spinal column as the result of reading of a visitor from beyond the grave. This volume contains the most famous of the weird stories of Edgar Allan Poe, that master of this form of literature. “The Black Cat” contains all the needed element of mystery and supernatural, and yet the feline acts in a natural manner all of the time, and the story is quite possibly true. It is only in the manner of its telling that the tale becomes one that fittingly finds its place in this collection. Guy de Maupassant, the clever Frenchman, is also represented by two effective bits of work, and other less widely known writers have also contributed stories that are worth reading, and when once read will be remembered. There is not a story among the

twenty-five that is not worthy of close reading. There has recently been a revival in interest in ghost stories. Many of the high-class magazines have within a few months printed stories with supernatural incidents, and writers whose names are known to all who read have turned their attention to this form of literature. Whether or not the reader believe in ghosts, he cannot fail to be interested in this little book. Without venturing to express a positive opinion either way, I will only say with Hamlet: "There are more things in heaven and earth, Horatio, than are dreamt of in your philosophy." Our culture is saturated with the supernatural. TV shows such as Medium, Charmed, and Lost all have an "other-worldly" theme. Most of them blur the lines between good and evil. This past year was a "record" year for Hollywood in the production of films that dealt with the supernatural/paranormal. at school. This book seeks to present a lucid and comprehensive examination of the paranormal and occult by breaking down the principles of paranormal practices, giving key points about the practices so that parents can readily identify them. The book discusses the occult view of supernatural energy and of good and evil, and how these concepts are seen in some popular literature and movies. The book also explains the dangers and gives a biblical basis for concern. Christian parents need to be equipped to discuss these matters with their children!

**Welcome to Spellbound, where paranormal is the new normal. The big day is quickly approaching for Emma Hart. The best laid plans go awry, however, when a potion causes her to lose important memories. Without Emma's crucial memories, the coven worries that their hard work to undo the curse on Spellbound will remain at a standstill. It's all wands on deck as Emma's friends rally to get to the bottom of the mystery potion. Will Emma recover her memories in time to walk down the aisle and save Spellbound? A not-to-miss book for readers of the series! All Spell Breaks Loose is the 10th book in the Spellbound paranormal cozy mystery series. This is a full-length, humorous cozy mystery novel.**

**When a Hollywood movie starts filming in Savannah, magical baker Katie Lightfoot and her witches' coven snag parts as extras until murder takes a starring role, forcing them to conjure up a killer before someone else gets the axe. Original.**

**The Well of Loneliness, first published in 1928, is a timeless portrayal of lesbian love. The thinly disguised story of Hall's own life, it was banned outright upon publication and almost ruined her literary career as the subject was that of an obscenity trial and forbidden at the time in England. The novel tells the story of Stephen, an ideal child of aristocratic parents—a fencer, a horse rider and a keen scholar. Stephen grows to be a war hero, a bestselling writer and a loyal, protective lover. But Stephen is a woman, and is attracted to women. As her ambitions drive her, and society incarcerates her, Stephen is forced into desperate actions. Although Gordon's attitude toward her own sexuality is anguished, the novel presents lesbianism as natural and makes a plea for greater tolerance. It became an international bestseller, and for decades was the single most famous lesbian novel.**
