A fresh new look for this modern classic by the Newbery-Award winning and bestselling author of Where the Mountain Meets the Moon Pacy is back! The beloved heroine of The Year of the Dog and The Year of the Rat has returned in a brand new story. This summer, Pacy's family is going to Taiwan for an entire month to visit family and prepare for their grandmother's 60th birthday celebration. Pacy's parents have signed her up for a Chinese painting class, and at first she's excited. This is a new way to explore her art talent! But everything about the trip is harder than she thought it would be--she looks like everyone else but can't speak the language, she has trouble following the art teacher's instructions, and it's difficult to make friends in her class. At least the dumplings are delicious... As the month passes by, Pacy eats chicken feet (by accident!), gets blessed by a

fortune teller, searches for her true identity, and grows closer to those who matter most.

Jeff Anderson and literacy coach Whitney La Rocca take you into primary and intermediate classrooms where students are curious about language, engage with the world around them, and notice and experiment with the conventions all writers use. Instead of chanting grammar rules or completing countless convention worksheets, we invite young writers to explore conventions as special effects devices that activate meaning. Our students study authentic texts and come to recognize these "patterns of power"--the essential grammar conventions that readers and writers require to make meaning. The first part of the book introduces a vibrant approach to grammar instruction and sets up what you need to immerse yourself in the Patterns of Power process, inviting students to experiment and play with language. The second part of the book offers over seventy practical, ready-to-use lessons, including: Extensive support materials Over 100 mentor sentences, curated for grades 1-5 Student work samples Tips and power notes to facilitate your own knowledge and learning Examples for application In Patterns of Power Jeff and Whitney suggest that taking just five minutes from your reading workshop and five minutes from your writing workshop to focus on how the conventions connect reading and writing will miraculously affect your students' understanding of how language works for readers and writers.

It's one of education's greatest challenges: How do we shape our youngest students, who often are just learning how to hold a pencil, into capable writers within the span of a single school year? Text Structures from Nursery Rhymes offers the solution: a clear and actionable framework for guiding young students to write successfully in any style, from narrative to descriptive to persuasive. The key to the strategy lies in using familiar text structures to break down a story into its main components — for example, "Where I was," "Who I saw," and "What I thought" — in order to immediately thrust students into the role of the writer. This groundbreaking book provides 53 lessons, each centered around a classic nursery rhyme, and all the tools you'll need to Capitalize on the story's rhythm and rhyme to make an instant connection with your students Convey the story's text structure using the lesson's whimsical illustrations, providing a visual model that resonates with children Lead the classroom in creating new stories — in words, pictures, or both — utilizing the text structure you've defined Put each nursery rhyme to work as a springboard for important language-arts topics Fine-tune your approach at every step based on your preferred teaching style and students' progress Put Text Structures from Nursery Rhymes to work in your classroom and discover how text structures, already a remarkable success in later grades, can also have a profound impact on younger students' progress. Bonus! Includes eight downloadable paper dolls—1 man, 1 woman, 1 girl, 1 boy, and 4 animals. Your students can use the paper dolls to retell the nursery rhymes, illustrate their own stories based on a nursery rhyme, or even to act out stories from other books in your classroom library.
