The Dog Fancier

When it comes to popular dog breeds, Goldendoodles are all the rage these days—and for good reason! This breed combines the adorable playfulness of the Golden Retriever with the intelligence (and low-shed coat) of the Poodle. This dog makes a great companion for owners in different types of homes. Your Goldendoodle may be the star pupil of the obedience class, a champion Frisbee player, or the best at cuddling on the couch at the end of the day. There's no limit as to what these dogs can accomplish with the right training and care. However, no new dog comes with an instruction manual. If you've never owned a Goldendoodle before, there are some things you'll want to know about the breed before you bring your dog home. This book will give you a step-by-step guide to everything you ever wanted to know about Goldendoodles. Find answers to questions like: Is a Goldendoodle the right dog for me? Should I buy from a breeder or rescue? I brought my Goldendoodle home. What now? How can I best train my Goldendoodle? What are some common mistakes should I avoid? At the same time, you'll read plenty of reasons why you should choose a Goldendoodle as your next pet. Chapters include all the basics such as: Introduction to Goldendoodles Choosing a Goldendoodle Preparing your Household for your Goldendoodle Bringing Your Goldendoodle Home Puppy Parenting Housetraining Socializing with People and Animals Goldendoodles and Your Other Pets Exercise Training your Goldendoodle Dealing With Unwanted Behaviors Basic Commands Advanced Commands Traveling with Goldendoodles Grooming your Goldendoodle Nutrition and Healthcare This book will also point out a few issues to look out for, so you won't feel so overwhelmed when working with a new puppy. Raising a perfect Goldendoodle is never easy, but the chapters on training will guide you through some common issues with Goldendoodles and give you ideas for how to problem-solve any issue that arises. This guide is a must-read if you're even just considering adding a Goldendoodle to your family. Once you bring your dog home, you'll be glad you spent time preparing for the arrival of your pup. After all, this is a special breed that deserves the very best!

Jodi has been well respected as an educator in the grooming industry for many years. She is one of the top pet stylists in the world winning multiple titles included World Grand Champion and Best American Groomer. She is here to share her knowledge in this extraordinary book.With over 190 breeds recognized by the American Kennel Club along with individual breed-specific grooming instructions, it can become very overwhelming for new groomers to retain the information. Straight to the Point is the solution to learning about pattern lines, which simplifies the learning process. Whether the patterns are set tight or left more natural, the patterns are set in the same fashion. Once a groomer understands basic patterns he or she will be able to groom any breed with ease.The dogs pictured in this book are top winning show dogs presenting the correct profile according to their breed standards. Jodi chose to illustrate this way for several reasons. First, a show dog presents an excellent representation of the breed and how it should be groomed per the breed standard. Second, the reader will be able to see the realistic depth and dimensions of the coat. Last, it will give the reader a vision of the pattern in a realistic view and will be a great reference source when grooming each breed.Once the groomer understands correct pattern placement, it can easily be applied to pet trims. A pet dog does not have to be groomed using show techniques, i.e., hand stripping, to present the proper breed profile. With proper pattern placement and techniques described in this text, the groomer will be able to present a well-balanced, well-blended pet trim to the pet owner.

Thirty-one original designs present spectacular combinations of natural elements – from flora to fauna – in eye-opening, full-page patterns. Illustrations are printed on only one side of the perforated pages for easy removal and display. Previously published as NatureScapes.

Based on the runaway web phenomenon (dogshamingdotcom), Dog Shaming features the most hilarious, most shameful, and never-before-seen doggie misdeeds. Our dogs are our best friends. They are always happy to see us. They comfort us in our times of need. They also eat our shoes, stain our carpets, and embarrass us in front of our guests. Dog owners everywhere have found their outlet in Dog Shaming, where they can confess their dogs' biggest (and often grossest!) sins, which turn out to be recognizably universal—complete with snapshots of ridiculously cute but shamed pups who don't seem capable of humping humans, pooping on

pillows, or snagging steak straight from a grill. So share in the shaming and laugh through your frustration as Dog Shaming reminds us that unconditional love goes both ways.
