

## **Star Conqueror An Epic Space Adventure**

A former evil villain is out to save the realm he once tried to conquer in this “action-packed” debut fantasy with “an intriguingly twisty plot” (Booklist). In the realm of Imphallion, there once was a nightmare known only as the Terror of the East. Nigh invulnerable in his magical black armor and aided by unholy minions, he laid waste to all in his path on his all-consuming quest to take control of the land. But at the crucial moment, his will failed. His army fell. And taking a young noblewoman hostage, he vanished without a trace. Years later, Corvis Rebaine is a simple man, content with his loving wife and children. The terrible deeds of his past life are dead and buried along with his former name—until his daughter is taken by a maniacal young warlord looking to complete the Terror’s conquest. Now, spurred to action by a newborn fury, Rebaine must do the unthinkable—don the dark armor once again, gather his once-loyal minions, and fight to save both the family he loves and the country he once almost destroyed. And all who stand in his way will have one final thought before death . . . The Terror has returned. “Fans of Joe Abercrombie, Scott Lynch and Patrick Rothfuss will find Ari Marmell much to their liking.” —SF Site

Explores the Invasion of Normandy of World War II. Authoritative text, colorful illustrations, illuminating sidebars, and questions to prompt critical thinking make this an exciting and informative read.

The Guildsmen

*It is AD 312. Rome teeters on the brink of war. Constantine's army is on the move. On the Rhine frontier, Brandulf Rex, a pagan Germanic barbarian, joins the Roman army as a spy and special forces operative. Down in Rome, Junia Flavia, the lovely and pious daughter of a nominally Christian senator, finds herself embroiled in anti-Christian politics as she works on behalf of the church. As armies converge and forces beyond Rex's and Flavia's controls threaten to destroy everything they have worked for, these two people from different worlds will have to work together to bring down the evil Emperor*

## Read Online Star Conqueror An Epic Space Adventure

*Maxentius. But his villainous plans and devious henchmen are not easily overcome. Will the barbarian warrior and the senator's daughter live to see the Empire bow the knee to Christ? Or will their part in the story of Constantine's rise meet an untimely and brutal end? Travel back to one of the most pivotal eras in history--a time when devotion to the pagan gods was fading and the Roman Empire was being conquered by the sign of the cross.*

*You may know that Logan Lerman became instantly popular after starring in the hit indie movie *The Perks of Being a Wallflower*. But did you know that he: ? has starred in three action movies? ? arrived three whole weeks before shooting started for *Perks* to get ready for his role? ? loves music and plays everything from the piano and guitar to a ukulele? Want to know more about the life of this talented actor? Read on to learn all about Logan's childhood, nickname, breakthrough performances, passions, upcoming projects, and more!*

*I am a lesser, a servant-world resident, a nobody. The Blades came from space. They conquered Earth in a day. That was long before my time. But they left something behind. It was an accident. A forgotten artifact. Something that wasn't supposed to react to lessers. Something that infected me. It's made me insatiable. I crave something I can never have – until I meet him. The grim reaper of the conquerors. Cloaked in assassin's gray, metal scythes fused to his wrist-bones, he can't stop his body from reacting to mine. Good. Now I – the confused, the broken, the lesser – am intertwined with the deadliest male in the universe. And he's just starting to realize what he's been denied... From the author of the *Lords of Atlantis* and *Onyx Dragons* comes a dazzling new series full of unique alien shifters, fierce passion, and loyal warriors who find their fated mates in the stars. Each full-length book is a complete romance with an epic happily-ever-after. Claim your conqueror today! This book features steamy love scenes, alien conquerors, protective heros, fated mates, soul mates, alien shifters, love potions, different worlds,*

The Perks of Being an Action Star

How Portugal Forged the First Global Empire

*This rich and exciting sci-fi trilogy follows the search of one man—raised to be the ultimate general, the penultimate killing machine—for his own humanity and for the son he's never known. The final conflict is about to begin.... The Forbidden Borders form a seemingly unassailable gravity-powered barrier, cutting humankind off from the wider universe, confining rival empires to a few star systems, and leaving them to strive endlessly against one another for total control. But now the weakest have fallen, only two mighty empires remain, and each must once again turn to the man both fear more than they fear one another. The man each is determined to hire—or, failing that, to assassinate—Staffa kar Therma, Lord Commander of the Companions. Trained to be the ultimate killing machine, the penultimate general, Staffa has led his crack Companion mercenary troops to victory time and again. Throughout the human*

*worlds, the Lord Commander is cursed as the Star Butcher, bringer of death and destruction. And never before has he turned his back from undertaking a new contract. But along with his most recent victory has come a discovery that will have repercussions throughout all the star systems within the Forbidden Borders. For Staffa has learned that the son stolen from him in infancy may still be alive, and nothing will stand between Staffa and the search for his son—even though his quest may well lead to his own destruction....*

*William I (Old Norman: Williame I; Old English: Willelm I; c. 1028[1] - 9 September 1087), usually known as William the Conqueror and sometimes William the Bastard, [2][a] was the first Norman King of England, reigning from 1066 until his death in 1087. The descendant of Viking raiders, he had been Duke of Normandy since 1035. After a long struggle to establish his power, by 1060 his hold on Normandy was secure, and he launched the Norman conquest of England in 1066. The rest of his life was marked by struggles to consolidate his hold over England and his continental lands and by difficulties with his eldest son*

**What would you do if an evil empress was enslaving the galaxy? Well, kick her ass, free the slaves, and roar defiantly. Well, you would if you were a dragon. When David Briggs beats the final level of Star Conqueror, that's exactly what happens to him. Gaining the power to become a fire-breathing dragon and recruited by alien freedom fighters, he has one chance to save the galaxy. There's just one problem. To stop her, he will have to break the mind control of a million super-hot female warriors, storm a hundred planets, and fight through armies of mechs. Then again, you know what they say, if you want to save the world, you better bring a dragon. Please Note: This novel contains a harem. You have been warned. In Conquerors, New York Times bestselling author Roger Crowley gives us the epic story of the emergence of Portugal, a small, poor nation that enjoyed a century of maritime supremacy thanks to the daring and navigational skill of its explorers—a tactical advantage no other country could match. Portugal's discovery of a sea route to India, campaign of imperial conquest over Muslim rulers, and domination of the spice trade would forever disrupt the Mediterranean and build the first global economy. Crowley relies on letters and eyewitness testimony to tell the story of tiny Portugal's rapid and breathtaking rise to power. Conquerors reveals the Império Português in all of its splendor and ferocity, bringing to life the personalities of the enterprising and fanatical house of Aviz. Figures such as King**

**Manuel “the Fortunate,” João II “the Perfect Prince,” marauding governor Afonso de Albuquerque, and explorer Vasco da Gama juggled their private ambitions and the public aims of the empire, often suffering astonishing losses in pursuit of a global fortune. Also central to the story of Portugal’s ascent was its drive to eradicate Islamic culture and establish a Christian empire in the Indian Ocean. Portuguese explorers pushed deep into the African continent in search of the mythical Christian king Prester John, and they ruthlessly besieged Indian port cities in their attempts to monopolize trade. The discovery of a route to India around the horn of Africa was not only a brilliant breakthrough in navigation but heralded a complete upset of the world order. For the next century, no European empire was more ambitious, no rulers more rapacious than the kings of Portugal. In the process they created the first long-range maritime empire and set in motion the forces of globalization that now shape our world. At Crowley’s hand, the complete story of the Portuguese empire and the human cost of its ambition can finally be told. Praise for *Conquerors* “Excellent . . . Crowley’s interpretations are nuanced and fair.”—The Christian Science Monitor “In a riveting narrative, Crowley chronicles Portugal’s horrifically violent trajectory from ‘impoverished, marginal’ nation to European power, vying with Spain and Venice to dominate the spice trade.”—Kirkus Reviews (starred review) “Brings to life the Portuguese explorers . . . perfect for anyone who likes a high seas tale.”—Publishers Weekly “Readers of Crowley’s previous books will not be disappointed by this exciting tale of sea battles, land campaigns and shipwrecks. . . . Crowley makes a good case for**

reclaiming Portugal's significance as forger of the first global empire."—The Daily Telegraph "Crowley has shown a rare gift for combining compelling narrative with lightly worn academic thoroughness as well as for balancing the human with the geopolitical—qualities on display here. The story he has to tell may be a thrilling one but not every historian could tell it so thrillingly."—Michael Prodger, Financial Times "A fast-moving and highly readable narrative . . . [Crowley's] detailed reconstruction of events is based on a close reading of the works of the chroniclers, notably Barros and Correa, whose accounts were written in the tradition of the chronicles of chivalry."—History Today

2430 A.D.—a time somewhat farther beyond our present-day era than we are beyond Columbus' discovery of America. My desire has been to create for you the impression that you have suddenly been plunged forward into that time—to give you the feeling Columbus might have had could he have read a novel of our present-day life."

This definitive biography of one of history's most influential father-son duos tells the story of two rulers who gripped the world -- and their rise and fall from power. Alexander the Great's conquests staggered the world. He led his army across thousands of miles, overthrowing the greatest empires of his time and building a new one in their place. He claimed to be the son of a god, but he was actually the son of Philip II of Macedon. Philip inherited a minor kingdom that was on the verge of dismemberment, but despite his youth and inexperience, he made Macedonia dominant throughout Greece. It was Philip who created the armies that Alexander led into war against Persia. In *Philip and Alexander*, classical historian Adrian Goldsworthy shows

## Read Online Star Conqueror An Epic Space Adventure

that without the work and influence of his father, Alexander could not have achieved so much. This is the groundbreaking biography of two men who together conquered the world. Throughout his Avengers' run, Steve Englehart slowly built the mysterious Mantis into one of '70s Marvel's most intriguing characters. Here, her tale reaches its cosmic climax in a saga spanning space and time--"The Celestial Madonna!" When Kang the Conqueror arrives, the action begins. Before it's over, Kang, Rama-Tut and Immortus will have you time-twisted in two. And that's just for starters! The origin of the Vision is revealed and he and the Scarlet Witch wed. Then, the Avengers put out a call for new members. Beast, Hellcat and Moondragon join, while Captain America, Yellowjacket and the Wasp return. Each will be tested in a second war with Kang and the Squadron Sinister. It's a classic conflict that teams the Avengers with the Marvel heroes of the Old West! COLLECTING: Avengers (1963) 129-149, Giant-Size Avengers (1974) 2-4; material from Giant-Size Avengers (1974) 5, Marvel Treasury Edition (1974) 7,

FOOM (1973) 12

After a terrible war, medieval England is under the watchful eye of The Guild, formed centuries past to ensure that society has a chance to rebuild slowly and safely. Adept at playing many roles, its powerful Guildsmen - at times warriors, wizards or spies - serve as judges and executioners to protect the fragile society. Their plans are thrown into turmoil by an invading force that no-one saw coming...a Japanese fleet, bringing with it fanatical samurai, deadly ninjas and powerful sorcerers. Worse, they have managed to awaken their long-dead heroes, including the Miyamoto Musashi, Japan's greatest swordsman, and the fearsome Winter Dragon. Unable to stop the initial Japanese attacks, the Guild recalls some of England's own dead heroes: William the Conqueror, Merlin and Robin Hood joining the fight against the invaders. Arden and Carron, two of the Guild's finest, are forced by the Guild Council to sit back and watch as the invaders spread across England. As the situation becomes more desperate, and the old English heroes

hands-on study for young minds. Combining projects, pictures, and sidebars with an authoritative biography, children will develop an understanding of the Reformation, Shakespearean England, and how Elizabeth's 45-year reign set the stage for the English Renaissance and marshaled her country into a chief military power. Providing 21 activities, from singing a madrigal and growing a knot garden to creating a period costume--complete with a neck ruff and a cloak for the queen's court--readers will experience a sliver of life in the Elizabethan age. For those who wish to delve deeper, a time line, online resources, and a reading list are included to aid in further study.

Texas Jack: America's First Cowboy Star is a biography of John B. "Texas Jack" Omohundro, the first well-known cowboy in America. A Confederate scout and spy from Virginia, Jack left for Texas within weeks of Lee's surrender at Appomattox. In Texas, he became first a cowboy and then a trail boss, jobs that would inform the rest of his life. Jack lead cattle on the Chisholm and Goodnight-Loving trails to New Mexico, California, Kansas and Nebraska. In 1868 he met James B. "Wild Bill" Hickok in Kansas and then William F. "Buffalo Bill" Cody

in Nebraska at the end of the first major cattle drive to North Platte. Texas Jack and Buffalo Bill became friends, and soon the scout and the cowboy became the subjects of a series of dime novels written by Ned Buntline.

In the 1920s, life was good for most Americans-and great for many. Prosperity built on the new economic premise of buy now, pay later ruled the decade known as the Roaring Twenties. Then the bubble burst, and America s house of cards came tumbling down. With stunning suddenness, the stock market Crash of 29 revealed the flaws in America s economy and plunged the nation into the worst depression it had ever known. The troubled citizenry called on its newly elected president to lead it out of economic chaos. Franklin Delano Roosevelt, the thirty-second president of the United States, stood forth to meet the challenge. At his inauguration in March 1933, he told the American people they had nothing to fear but fear itself. FDR calmed their fears and embarked on a whirlwind program of domestic reform. His program became known as the New Deal. It empowered the government like never before-and changed the face of America forever.
