

Star Trek Episode Guide

An independent, unofficial critique of all of the episodes of the first season of the television show Star Trek: The Next Generation. Includes cast lists, episode titles and air dates, summary and critique as well as information on the Star Trek universe

An annotated list of reference works in the fields of science fiction, fantasy, and horror fiction.

Fourth in the series of STAR TREK ILLUSTRATED HANDBOOKS, this guide takes an in-depth look at the space station Deep Space 9 and the starship U.S.S. Defiant. The perfect gift for the Star Trek fan in your life! Exploring the former Cardassian space station in detail, this volume looks at Deep Space 9’s history and operation under the command of Captain Benjamin Sisko of the United Federation of Planets. The chapters feature the station, the warship the U.S.S. Defiant, and the small, multi-purpose runabouts used as transport by the crew. With technical information from official sources, annotated exterior views and isometric illustrations of key locations, this handbook provides an extraordinary reference guide to 24th century Federation life on the diplomatic outpost. With technical information from official sources, annotated exterior views and isometric illustrations of key locations, this volume provides an extraordinary reference guide to 24th century Federation life on the diplomatic outpost.

"This is a complete history of I Spy and the profound change it evoked in broadcasting, social ideals and racial equality. Rich with interviews and photographs, it discusses I Spy's unique approach to race, co-starring interracial actors as equals. A complete episode guide includes writers, directors, cast, crew, plot synopsis and commentary"--Provided by publisher.

The World of Star Trek

Featuring a Complete Guide to the Original Episodes : from the Magazine for Star Trek Fans

The Best of Trek #11

Continuing the milestone 50th anniversary celebration of Star Trek—a brand-new novel of The Original Series featuring James T. Kirk, Spock, and the crew of the USS Enterprise! Investigating a series of violent raids by a mysterious predator, James T. Kirk discovers that these events share a startling connection with the First Federation, a friendly but secretive civilization contacted early in the USS Enterprise’s five-year mission. Traveling to the First Federation in search of answers, Kirk suddenly comes under attack from these strange marauders. Seeking refuge, the starship finds its way to the true home of the First Federation, an astonishing collection of worlds hidden from the galaxy beyond. The inhabitants of this isolated planet are not outsiders, and some accuse Kirk and his crew for bringing the wrath of their ancient enemy down upon them. When an attempt to stave off disaster goes tragically wrong, Kirk is held fully accountable, and Commander Spock learns there are consequences that threaten this civilization. If Kirk and Spock cannot convince the First Federation’s leaders to overcome their fears, the resulting catastrophe could doom them all!

When the beloved and now iconic original Star Trek show was cancelled in 1969, and went into syndication, nobody was expecting how much fan support was out there for the Enterprise and its crew. As it became clear to CBS that there were still fans out there for further adventures, they debuted a Saturday morning cartoon that continued that epic five-year mission, with a number of episodes penned by science fiction notables. The Star Trek Animated Show was produced by Gene Roddenberry and featured a virtually every named star, including William Shatner Leonard Nimoy, George Takei, Nichelle Nichols, and the rest of the crew in 22 animated episodes that are considered canon by Trekkies the world around. This book is the first to document each episode lovingly and authoritatively described by authors who had astonishing access to behind-the-scenes tales, original scripts, and the talent who made it all happen. CONTENTS Beyond the Farthest Star Yesteryear One of Our Planets A Star Signa Signal More Tribbles, More Troubles The Survivor Behind the Scenes: Returning Cast The Infinite Vulcan The Magicks of Megas-Tu Once Upon a Planet Mudd’s Passion The Terratin Incident Behind the Scenes: Music The Time Trap The Amber Alert The Slaver Weapon The Eye of the Beholder The Jihad Behind the Scenes: Animation The Pirates of Orion The Practical Joker Albatross How Sharper Than a Serpent’s Tooth The Counter Clock Incident Series Legacy

Starring internationally renowned actors Martin Landau, Barbara Bain, Barry Morse and Catherine Schell, the British-made Space: 1999 was the only truly original space adventure of the mid-1970s. Sandwiched between the demise of the original Star Trek and the opening of the Stars Wars series on the big screen, Space: 1999 featured a richly-visualized world where space was terrifying and mysterious, where not all problems were solvable by technology and the space travelers were very human. Space: 1999 show’s conception in 1973 to its cancellation in 1977, this reference work covers each of the 48 episodes in depth, including a full plot synopsis, writer, director, guest star credits, and critical commentary that examines both the episode and the show’s similar plotlines. The popularity of Space: 1999 memorabilia and its many fan clubs are fully discussed, along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show’s abrupt cancellation.

Revised and updated to include material from Star Trek VI - The undiscovered country.

The Star Trek Compendium

Reference Guide to Science Fiction, Fantasy, and Horror

An Episode Guide and Complete History of the Mid-1970s Science Fiction Television Series

The Routledge Handbook of Star Trek offers a synopic overview of Star Trek, its history, its influence, and the scholarly response to the franchise, as well as possibilities for further study. This volume aims to bridge the fields of science fiction and (trans)media studies, bringing together the many ways in which Star Trek franchising, fandom, storytelling, politics, history, and society have been represented. Seeking to propel further scholarly engagement, this Handbook offers new critical insights into the vast range of Star Trek texts, narrative strategies, audience responses, and theoretical themes and issues. This compilation includes both established and emerging scholars to foster a spirit of communal, trans-generational growth in the field and to present diversity to a traditional realm of science fiction studies.

Whether rocketing to other worlds or galloping through time, science fiction television has often featured the best of the medium. The genre’s broad appeal allows youngsters to enjoy fantastic premises and far out stories, while offering adults a sublime way to view the human experience in a dramatic perspective. From Alien Nation to World of Giants, this reference work provides comprehensive episode guides and cast and production credits for 62 science fiction series that were aired from 1959 through 1989. For each episode, a brief synopsis is given, along with the writer and director of the show and the guest cast. Using extensive research and interviews with writers, directors, actors, stuntmen and many of the show’s creators, an essay about each of the shows is also provided, covering such issues as its genesis and its network and syndication histories.

Star Trek: The Next Generation blended speculative science fiction and space opera in its portrayal of communication. Multiple modes of communication used between characters are presented and the multilevel tapestry of communication in the series is critical in its appeal. This book proposes that these patterns of communication reveal a foundational philosophy of Star Trek (while enticing millions of viewers). These patterns serve both to cause strong empathetic connections with characters and to impel viewers to form relationships with the show, explaining their extreme devotion.

The official parody guide to the unaired eighth season of Star Trek: The Next Generation, based on the popular @TNG_S8 Twitter account from creator Mike McMahan! In the basement of the Star Trek archives, behind shelves of U.S.S. Enterprise NCC-1701-D models, bags of wigs, and bins of plastic phasers, sits a dusty cardboard box. Inside is a pile of VHS tapes that contain never-before-seen episodes and behind-the-scenes footage for something truly amazing. The world thinks there are only seven seasons of Star Trek: The Next Generation, but there’s one more. A secret season. Actually, not really. But that didn’t stop Mike McMahan, creator of the parody Twitter account @TNG_S8, from making a guide full of: REAL* TNG SEASON 8 FACTS AND STORIES! REAL* TNG SEASON 8 DIALOGUE AND IMAGES! (* Again, not really, of course. This is humor. Sorry.) So impress your friends and bewilder your enemies with your newfound knowledge of these very lost Star Trek episodes! Engage!™, ®, & © 2015 CBS Studios, Inc. STAR TREK and related marks and logos are trademarks of CBS Studios, Inc. All Rights Reserved.

The Routledge Handbook of Star Trek

Programme Guide

Star Trek was first beamed into peoples homes in 1966 and when it went off the air three years later it was on its way to being the most successful failure in television history. Along the way it spawned nine feature films, three new television series, novels, books, video and audio tapes, records, computer games, merchandising tie-ins, fan clubs and conventions. Gibberman has summarized 25 years of just about everything written about Star Trek including details about the stars and guest-stars and information about the making of the television series and feature films. This work lists over 1,300 English-language articles about every aspect of the phenomenon; fully indexed.

In The World of Star Trek, David Gerrold opens up dialogue on the people, places, and events that made Star Trek one of the most popular series ever. Gerrold discusses what was successful and what wasn't, offering personal interviews with the series' legendary stars and dissecting the trends that developed throughout the seasons. The complete inside story of what happened behind the scenes of the Star Trek universe, from scriptwriters' memos to special effects and more, The World of Star Trek is the companion all Trekkies need for the most all-encompassing breakdown and analysis of Star Trek.

Star Trek and its progeny, Star Trek: the Next Generation and Star Trek: Deep Space Nine constitute a popular science fiction television phenomenon. The Next Generation was number one in the US syndicated TV ratings almost every week, and Star Trek book regularly feature among the top ten science fiction best-sellers.

Star Trek Episode & Video Guide

"Hailing frequencies open"

Star Trek: the Official Guide to the Animated Series

For over 40 years Star Trek has made a phenomenal cultural impact. Now more popular than ever - J.J. Abrams' reinvented Star Trek movie was one of the box office hits of 2009, grossing \$385 million worldwide - the 'franchise' continues to have cultural, social and political resonance around the world. Star Trek has changed not just the way we look at space but also our own world. It gave the culture a lexicon of catchphrases, from "Beam me up, Scotty" to Dr McCoy's many complaints beginning "I'm a doctor, not a [...]!" Much of the 'future' technology depicted on Star Trek has come to feature in everyday life, from the communicator-like mobile phone to computer touch screens now taken for granted. Many of the world's most prominent scientists were inspired to pursue their careers (as were many writers and artists) due to an early exposure to Star Trek. In A Brief Guide to Star Trek, expert Brian J Robb charts the rise and rise of the show and explores its impact our culture. Executive Officer Korie had faced and defeated seemingly invincible Morthan battleships, elusive bio-computer imps, and dreaded Morthan assassins. It would be on the starship Norway, however, that he would meet his greatest challenge-a challenge that could change the outcome of a war and the destiny of humankind. The latest installment of the Star Wolf series, this third galactic struggle concludes the popular trilogy with a rescue mission that is far from routine. Never before published, Blood and Fire is the long-awaited conclusion to the Star Wolf series.

In unabashed celebration of Captain James T. Kirk ’ s singular fighting skills, Star Trek: Kirk Fu Manual is every Starfleet cadet’s must-have training guide for surviving the final frontier. As captain of the legendary U.S.S. Enterprise, James T. Kirk engaged in his share of fisticuffs, besting opponents with a slick combination of moves and guile that remains unmatched. Is there anyone you ’ d rather have watching your back as you take on Klingons, alien gladiators, genetically engineered supermen, and even the occasional giant walking reptile? Kirk Fu is a series of unarmed combat techniques developed by one of Starfleet ’ s most celebrated starship captains over several years of encounters with alien species on any number of strange new worlds. A blend of various fighting styles, Kirk Fu incorporates elements of several Earth-based martial arts forms as well as cruder methods employed in bars and back alleys on planets throughout the galaxy. It is as unorthodox in practice as it is unbelievable to behold. Including excerpts from Kirk ’ s own notes and personal logs, the Star Trek: Kirk Fu Manual is the perfect training guide for surviving the depths of space. With proper training and practice, every Starfleet cadet can become one with Kirk Fu. Spanning the epic science fiction franchise ’ s fifty-one-year history, a breathtaking collection of the most compelling Star Trek facts and trivia, including events from both on and off-screen, available in 100 concise lists. Since Gene Roddenberry ’ s original series first aired in 1966, Star Trek has become a pop culture phenomenon, and one of the largest global properties of all time. Entertaining and fun, Star Trek: The Book of Lists catalogs the most compelling facts about the original series and its spin-offs, as well as its thirteen films, gathered together and broken down into one hundred lists, including: Historical Figure Cameos Crew Crossovers Memorable Deaths Intergalactic Threats, Enemies, and Villains Compiling a galaxy’s worth of information in one handy digest, Star Trek: The Book of Lists is a fascinating historical record of the Star Trek universe for both hardcore fans and causal viewers.

The Complete Star Trek the Next Generation

Star Trek: The Official Guide to the Animated Series

An Unofficial, Independent Guide with Critiques

Offers reviews and ratings of every episode of the four "Star Trek" television series, and the complete movie series

In the future, a heroic captain and his crew explore the Galaxy in a really fast spacecraft. The crew’s standing orders are: "...to explore strange new worlds, to seek out new life and new civilizations, to boldly go where no man has gone before."™ Simple, straight to the point, and what’s all the fuss? Why do news crews always seem to find someone, somewhere dressed up in a Star Trek costume? What could be so interesting to so many people? Star Trek 101 is the answer. You’ll learn just a little about the heroes (Captain Kirk being the most famous), the villains (Klingons have a thirst for conquest), and the important aliens (Vulcans live their lives by logic). In the handy recaps for all things Star Trek, you’ll discover that the television shows and movies run the gamut from action-adventure to comedy. Essential episodes are offered for your consideration. Star Trek 101 is a quick primer of the television shows and movies that carry the Star Trek name.

A new selection of articles from "Trek" magazine provides an inside look at the popular television series, its characters, the "Star Trek" movies, and other facets of the "Star Trek" phenomenon

Here at last, are the most-wanted recipes, to demystify the pizza-making process, and the world of Italian food. Reflecting the fresh, simple feel of PizzaExpress approach to food, with lots of integrated colour pictures, the book will also provide plenty of inspiration for making at home, going beyond what it is possible to offer at the restaurants. Starting with the basics such as making pizza dough and selecting the finest ingredients, there are also more complex combinations and topping ideas for pasta dishes, healthy and delicious, to complete the meal.

Star Trek: Discovery: Wonderlands

An Unauthorised Review of the Trek Universe on Television and Film : Season Summaries, Characters, Episodes, Movies

The Official Episode Guide

The Unofficial Guide to Voyager

An Annotated Guide to Resources on the Development, the Phenomenon, the People, the Television Series, the Films, the Novels, and the Recordings

The first and only guide to the beloved and star-studded Star Trek: The Animated Series, the in-canon (mostly) continuation of the iconic Star Trek: Original Series. Star Trek: The Animated Series (TAS) was a critical success, airing 22 episodes over two seasons and earning the franchise its first Emmy Award in 1975. The show featured the voices of almost the entire original cast, including William Shatner and Leonard Nimoy, along with the original series writers Dorothy Fontana ("Journey to Babel"), David Gerrold ("The Trouble with Tribbles"), acclaimed science-fiction author Larry Niven, and many more. Star Trek: The Official Guide to The Animated Series reveals the efforts it took to translate Star Trek: The Original Series into animated form, with a Databank illustrating how the animated series ties into other Star Trek shows. This book provides fans with behind-the-scenes production documents, never-before-seen art, and all-new interviews with the people who produced the Enterprise's new animated adventures.

It is the twenty-third century. On the planet Vulcan, a crisis of unprecedented proportion has caused the convocation of the planet's ruling council -- and summoned the U.S.S. Enterprise from halfway across the galaxy, to bring Vulcan's most famous son home in its hour of need. As Commander Spock, his father Sarek, and Captain James T. Kirk struggle to preserve Vulcan's future, the planet's innermost secrets are laid before us, from its beginnings millions of years ago to its savage prehistory, from merciless tribal warfare to medieval court intrigue, from the exploration of space to the the development of o'ethia -- the ruling ethic of logic. And Spock -- torn between his duty to Starfleet and the unbreakable ties that bind him to Vulcan -- must find a way to reconcile both his own inner conflict and the external dilemma his planet faces...lest the Federation itself be ripped asunder. Diane Duane, author of three previous bestselling STAR TREK novels and an episode of the new STAR TREK NEXT GENERATION® television series, as well as countless other bestselling science fiction and fantasy novels, has crafted a tale of unprecedented scope and imagination, at once a generations-spanning historical novel and a thrilling science fiction adventure. First published in 1992 and last revised in 1995, this is a fitting record of a show that changed the rules by which television was made. The first adventure drama series ever to run to seven seasons and more than 170 episodes, Star Trek: The Next Generation broke audience records wherever it was shown and remains the most widely viewed and consistently popular of all the Star Trek series. This new edition of the series companion has been brought bang up to date to include not only all seven years of the TV series but also all four films which have featured the Next Generation crew. In addition to Generations (1994), we now have full details of First Contact (1997), Insurrection (1998) and the very latest incarnation, Nemesis (2002). A positive feast of information, the Companion includes complete plot summaries and credits for each individual episode and film. There are fascinating behind-the-scenes glimpses into how each one was made, and in-depth analysis really brings The Next Generation universe to life. Illustrated throughout with more than 150 black and white photographs, this is a truly invaluable reference guide.

A companion to the popular syndicated television show offers a complete show-by-show guide to the series, including plot summaries and behind-the-scenes details.

First Season Episode Guide

Titan #1: Taking Wing

Chronicles the seven-year history of the television series with in-depth synopses, interviews with cast and crew, and photographs and illustrations that span all 176 episodes.

Brent Spiner's explosive and hilarious novel is a personal look at the slightly askew relationship between a celebrity and his fans. If the Coen Brothers were to make a Star Trek movie, involving the complexity of fan obsession and sci-fi, this noir comedy might just be the one. Set in 1991, just as Star Trek: The Next Generation has rocketed the cast to global fame, the young and impressionable actor Brent Spiner receives a mysterious package and a series of disturbing letters, that take him on a terrifying and bizarre journey that enlists Paramount Security, the LAPD, and even the FBI in putting a stop to the danger that has his life and career hanging in the balance. Featuring a cast of characters from Patrick Stewart to Levar Burton to Trek creator Gene Roddenberry, to some completely imagined, this is the fictional autobiography that takes readers into the life of Brent Spiner, and tells an amazing tale about the trappings of celebrity and the fear he has carried with him his entire life. Fan Fiction is a zany love letter to a world in which we all participate, the phenomenon of "Fandom."

William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

An all-new novel based upon the explosive Star Trek TV series! In a desperate attempt to prevent the artificial intelligence known as Control from seizing crucial information that could destroy all sentient life, Commander Michael Burnham donned the "Red Angel" time-travel suit and guided the USS Discovery into the future and out of harm's way. But something has gone terribly wrong, and Burnham has somehow arrived in a place far different from anything she could have imagined—more than nine hundred years out of her time, with Discovery nowhere to be found, and where the mysterious and cataclysmic event known as "the Burn" has utterly decimated Starfleet and, with it, the United Federation of Planets. How then can she possibly exist day-to-day in this strange place? What worlds are out there waiting to be discovered? Do any remnants of Starfleet and the Federation possibly endure? With more questions than answers, Burnham must nevertheless forge new friendships and new alliances if she hopes to survive this future long enough for the Discovery crew to find her....™, ®, & © 2021 CBS Studios, Inc.
