IN A SINGLE MOMENT . . . the lives of three men will be forever changed. In that split second, defined paradoxically by both salvation and loss, they will destroy the world and then restore it. Much had come before, and much would come after, but nothing would color their lives more than that one, isolated instant on the edge of forever. IN A SINGLE MOMENT . . . James T. Kirk, displaced in time, allows the love of his life to die in a traffic accident, thereby preserving Earth's history. Returning to the present, he continues a storied career as a starship captain, opening up the galaxy. But as he wanders among the stars, the incandescence that once filled his heart remains elusive. IN A SINGLE MOMENT . . . that haunts James T. Kirk throughout his life, he preserved the timeline at the cost of his happiness. Now, facing his own death, the very fabric of existence collapses across years and light-years, forcing him to race against -- and through -- time itself, until full circle to that one bright star by which his life has always steered.

From the embers of his early childhood among Earth's blossoming interstellar colonies, to the terrifying conflagration that led him back to the world of his birth: from the mentor who would ignite young Chris's desire to return to the stars, to the career he blazed in Starfleet that would end in supreme sacrifice -- the path of Pike's astonishing life leads through fire again and again. But even amid the ashes of Talos IV, the forbidden world on which he was out the remainder of his days, the dreams smoldering still within his aging, radiation-ravaged breast fan the flames of Pike's spirit to accomplish one final task...
