An in-depth celebration of the romantic comedy's modern golden era and its role in our culture, tracking the genre from its heyday in the '80s and the '90s, its unfortunate decline in the 2000s, and its explosive reemergence in the age of streaming, featuring exclusive interviews with the directors, writers, and stars of the iconic films that defined the genre. No Hollywood genre has been more misunderstood—or more unfairly under-appreciated—than the romantic comedy. Funny, charming, and reliably crowd-pleasing, rom-coms were the essential backbone of the Hollywood landscape, launching the careers of many of Hollywood's most talented actors and filmmakers, such as Julia Roberts and Matthew McConaughey, and providing many of the yet limited creative opportunities women had in Hollywood. But despite—or perhaps because of—all that, the rom-com has routinely been overlooked by the Academy Awards or snobbishly dismissed by critics. In From Hollywood with Love, culture writer and GQ contributor Scott Meslow seeks to right this wrong, celebrating and analyzing rom-coms with the appreciative, insightful critical lens they've always deserved. Beginning with the golden era of the romantic comedy—spanning from the late '80s to the mid-'00s with the breakthrough of films such as When Harry Met Sally—to the rise of streaming and the long-overdue push for diversity setting the course for films such as the groundbreaking, franchise-spawning Crazy Rich Asians, Meslow examines the evolution of the genre through its many iterations, from its establishment of new tropes, the Austen and Shakespeare rewrites, the many love triangles, and even the occasional brave decision to do away with the happily ever after. Featuring original black-and-white sketches of iconic movie scenes and exclusive interviews with the actors and filmmakers behind our most beloved rom-coms, From Hollywood with Love constructs oral histories of our most celebrated romantic comedies, for an informed and entertaining look at Hollywood's beloved yet most under-appreciated genre.

An Epic Poem

When a distress plea goes up from the isolated planet Minfar, Resistance heroes Rey, Poe and Rose hear the call! Together they will face down a First Order battalion, terrifying flying creatures, and a weapon that could change the course of the war!

A thrilling retelling of the Star Wars saga in the style of classic epic poetry "I look not to myself but to the Force, In which

all things arise and fall away." Journey to a galaxy far, far away like never before--through lyrical verse and meter. Like the tales of Odysseus and Beowulf, the adventures of Luke Skywalker, Han Solo, Princess Leia, Jyn Erso, Obi-Wan Kenobi, Darth Vader, and the Emperor are fraught with legendary battles, iconic heroes, fearsome warriors, sleek ships, and dangerous monsters.

Beginning with Rogue One's rebel heist on Scarif to secure the plans to the Death Star and continuing through the climax of Return of the Jedi, author Jack Mitchell uses the ancient literary form of epic poetry to put a new spin on the Star Wars saga.

Punctuated with stunning illustrations inspired by the terracotta art of Greek antiquity, *The Odyssey of Star Wars: An Epic Poem* presents the greatest myth of the 20th century as it would have been told nearly 3,000 years ago.

Whether it's Luke getting his lightsaber, or Leia chasing Imperial troopers through the forest of Endor, the galaxy is full of adventures! This illustrated chapter book is packed with mini adventures young fans will love, and introduces readers to many of the iconic moments that span the beloved Star Wars saga.

As a cargo ship rockets across the galaxy to Canto Bight, the deckhands on board trade stories about legendary Jedi Knight Luke Skywalker. But are the stories of iconic and mysterious Luke Skywalker true, or merely tall tales passed from one corner of the galaxy to another? Is Skywalker really a famous Jedi hero, an elaborate charlatan, or even part droid? The deckhands will have to decide for themselves when they hear *The Legends of Luke Skywalker*. A collection of myths and tall-tales about the legendary Jedi Luke Skywalker, written by Nebula, Hugo, and World Fantasy award-winning author Ken Liu.
