In his new novel, Paulo Coelho, bestselling author of The Alchemist and Adultery, brings to life one of history's most enigmatic women: Mata Hari. HER ONLY CRIME WAS TO BE AN INDEPENDENT WOMAN When Mata Hari arrived in Paris she was penniless. Within months she was the most celebrated woman in the city. As a dancer, she shocked and delighted audiences; as a courtesan, she bewitched the era's richest and most powerful men. But as paranoia consumed a country at war, Mata Hari's lifestyle brought her under suspicion. In 1917, she was arrested in her hotel room on the Champs Elysees, and accused of espionage. Told in Mata Hari's voice through her final letter, The Spy is the unforgettable story of a woman who dared to defy convention and who paid the ultimate price.

*The latest novel from the #1 internationally best-selling author of The Alchemist. There is nothing wrong with anxiety. Although we cannot control God’s time, it is part of the human condition to want to receive the thing we are waiting for as quickly as possible. Or to drive away whatever is causing our fear. . . . Anxiety was born in the very same moment as mankind. And since we will never be able to master it, we will have to learn to live with it—just as we have learned to live with storms. * * * July 14, 1099. Jerusalem awaits the invasion of live crusaders who have surrounded the city’s gates. There, inside the ancient city’s walls, men and women of every age and every faith have gathered to hear the wise words of a mysterious man known only as the Copt. He has summoned the townspeople to address their fears with truth: “Tomorrow, harmony will become discord. Joy will be replaced by grief. Peace will give way to war. . . . None of us can know what tomorrow will hold, because each day has its good and its bad moments. So, when you ask your questions, forget about the troops outside and the fear inside. Our task is not to leave a record of what happened on this date for those who will inherit the Earth; history will take care of that. Therefore, we will speak about our daily lives, about the difficulties we have had to face.” The people begin with questions about defeat, struggle, and the nature of their enemies; they contemplate the will to change and the virtues of loyalty and solitude; and they ultimately turn to questions of beauty, love, wisdom, sex, elegance, and what the future holds. “What is success?” poses the Copt. “It is being able to go to bed each night with your soul at peace.”* * * Now, these many centuries later, the wise man’s answers are a record of the human values that have endured throughout time. And, in Paulo Coelho’s hands, The Manuscript Found in Accra reveals that who we are, what we fear, and what we hope for the future come from the knowledge and belief that can be found within us, and not from the adversity that surrounds us. This eBook edition includes a Reading Group Guide.*

Veronika Decides to Die

Brida

The Violin Conspiracy

New York Times Bestseller “In Brida, my third novel, which I wrote just after The Alchemist, I tell the story of a young woman who dives into sorcery and her experiences with different magical traditions. I explore many themes that are dear to me, such as the Great Mother, pagan religions, and the perceptions of love.” -- Paulo Coelho
This is the spellbinding tale of Brida, a beautiful young Irish woman, and her quest for knowledge. On her journey, she meets a wise man who teaches her about overcoming her fears, and a woman who teaches her ancient rituals. They see in her a gift, but must let Brida make her own voyage of discovery.

“A highly original, moving, and ultimately life-affirming book.” – Sunday Mirror (London) Twenty-four-year-old Veronika seems to have everything – youth and beauty, boyfriends and a loving family, a fulfilling job. But something is missing in her life. So, one cold November morning. She takes a handful of sleeping pills expecting to never wake up. But she does—at a mental hospital where she is told that she has only days to live. Inspired by events in Coelho’s own life, Veronika Decides to Die questions the meaning of madness and celebrates individuals who do not fit into patterns society considers to be normal. Bold and illuminating, it is a dazzling portrait of a young woman at the crossroads of despair and liberation, and a poetic, exuberant appreciation of each day as a renewed opportunity. An old man walks into the town of Chelm asking for food. The townspeople claim they have nothing to share, but the man explains that he can make enough food for everyone with just a stone. The townspeople are intrigued and watch the man as he creates a pot of delicious matzoh ball soup. As he begins to cook, he asks for one ingredient and then another, which the townspeople provide. In the end, they have unknowingly contributed to making a Seder feast for all to share!

"My heart is afraid that it will have to suffer," the boy told the alchemist one night as they looked up at the moonless sky." Tell your heart that the fear of suffering is worse than the suffering itself. And that no heart has ever suffered when it goes in search of its dreams." Every few decades a book is published that changes the lives of its readers forever. The Alchemist is such a book. With over a million and a half copies sold around the world, The Alchemist has already established itself as a modern classic, universally admired. Paulo Coelho's charming fable, now available in English for the first time, will enchant and inspire an even wider audience of readers for generations to come. The Alchemist is the magical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure as extravagant as any ever found. From his home in Spain he journeys to the markets of Tangiers and across the Egyptian desert to a fateful encounter with the alchemist. The story of the treasures Santiago finds along the way teaches us, as only a few stories have done, about the essential wisdom of listening to our hearts, learning to read the omens strewn along life's path, and, above all, following our dreams.

Life

A classic masterwork of spiritual tension and realization from Paulo Coelho, this powerful story of one man’s battle with self-doubt and fear is now available in a beautiful new package from HarperOne. An essential volume alongside Coelho’s other bestselling and influential books, such as The Alchemist, The Pilgrimage, Brida, and The Winner Stands Alone, the searing and unforgettable narrative in The Valkyries asks the questions most central to all literature—and all of humanity’s quest for understanding. Why is it that we destroy the things we love most? And how can we learn to let go of the past and believe in the future?

The bestselling “quackbuster” and “tireless tub-thumper against pseudoscience” fishes for the facts in a flood of misinformation (Maclean’s). Eat this and live to 100. Don’t, and die. Today, hyperboles dominate the media, which makes parsing science from fiction an arduous task when deciding what to eat, what chemicals to avoid, and what’s best for the environment. In Is That a Fact?, bestselling author Dr. Joe Schwarcz carefully navigates through the storm of misinformation to help us separate fact from folly and shrewdness from foolishness. Are GMOs really harmful? Or could they help developing countries? Which “miracle weight-loss foods” gained popularity through exuberant data dredging? Is BPA dangerous or just a victim of unforgiving media hype? Is organic better? Schwarcz questions the reliability and motives of “experts” in this “easy-to-understand yet critical look at what’s fact and what’s plain nonsense. “Takes its readers through the carnival of pseudoscience, the morass of half-truths and, finally, the relatively safe road of reproducible scientific knowledge. This journey is made all the more enjoyable by Dr. Schwarcz’s surgical use of words and his mastery of public writing . . . [He] can always be counted on to write about the chemistry of the world in a way that is both entertaining and educational.” —Cracked Science “Written with a light touch and refreshing humor, this book provides a solid, authoritative starting point for anyone beginning to look at the world with a skeptical eye and a refresher for those further along that path.” —Library Journal

Fidelity and Infidelity in Animals and People

A great master once said, "The shortest distance between a human being and truth is a story." In Experiencing Spirituality, Ernest Kurtz and Katherine Ketcham take readers on a journey through storytelling as a means of self-discovery. Recounting and interpreting great wisdom stories from all ages and all cultures, as well as telling many of their own, the authors shed light on such experiences as awe, wonder, humor, confusion, and forgiveness. In story after story, seekers look to those whose lives reveal a special quality—sometimes called spirituality—and ask the masters what they must do to attain that same quality. The answer is simple: "Come, follow me, and see how I live." Experiencing Spirituality teaches through the example of human experience.
