Strategic Management (2020) is a 325-page open educational resource designed as an introduction to the key topics and themes of strategic management. The open textbook is intended for a senior capstone course in an undergraduate business program and suitable for a wide range of undergraduate business students including those majoring in marketing, management, business administration, accounting, finance, real estate, business information technology, and hospitality and tourism. The text presents examples of familiar companies and personalities to illustrate the different strategies used by today's firms and how they go about implementing those strategies. It includes case studies, end of section key takeaways, exercises, and links to external videos, and an end-of-book glossary. The text is ideal for courses which focus on how organizations operate at the strategic level to be successful. Students will learn

how to conduct case analyses, measure organizational performance, and conduct external and internal analyses.

This book offers innovative ideas and frameworks for sustainable strategizing to advance business by scaling-up its positive impact, which is so urgently needed at this time in the 21st century. It shows practitioners how to effectively deal with socio-ecological systems' disruptions to their operating environments and play an active role in transforming markets toward a sustainable future. In short, the book demonstrates how to make business sense of sustainability, highlighting new approaches and examples that translate sustainability into strategy and action. The ultimate goal is to provide a path toward a thriving future for both business and society. This book was written for strategy practitioners and decision makers who want to understand why sustainable
