Online Library Strategic Narratives Communication

China's Communication of the Belt and Road Initiative will appeal to students and scholars of politics, international relations, communication, and Asian studies globally.

Online Library Strategic Narratives Communication

This book shows that political narratives can promote or thwart the prospects for international cooperation and are major factors in international negotiation processes in the 21st century.

Online Library Strategic Narratives Communication

Power And The New World
Order Routledge Studies In
Global Information Politics And
Society

In a world that is experiencing waves of right-wing and left-wing populism, international cooperation has become increasingly difficult. This volume focuses on how the intersubjective identities of

Online Library Strategic Narratives Communication

political parties and narratives shape their respective values, interests and negotiating behaviors and strategies.

Through a series of comparative case studies, the book explains how and why

Online Library Strategic Narratives Communication

narratives contribute to negotiation failure or deadlock in some circumstances and why, in others, they do not because a new narrative that garners public and political support has emerged through

Online Library Strategic Narratives Communication

the process of negotiation.
The book also examines how
narratives interact with
negotiation principles, and
alter the bargaining range of a
negotiation, including the
ability to make concessions.

Online Library Strategic Narratives Communication

This book will be of much interest to students of international negotiation, economics, security studies and international relations.

This book examines how we design
and deliver health communication
messages relating to outbreaks,
epidemics, and pandemics. We have

Online Library Strategic Narratives Communication

experienced major changes to how the public receives and searches for information about health crises over the last twelve decades with the ongoing shift from text/broadcast-based to digital messaging and social media. Both health theories and practices are examined as it applies to

Online Library Strategic Narratives Communication

Power And The New World
Order, Routledge Studies In
Global Information Politics And
Society

testing, tracking, hoarding,
therapeutics, and vaccines with case
studies. Challenges to communicate
about health to diverse audiences
(including the science illiterate) and
across (both Western and developing
economies) have been complicated by
politics, norms and mores, personal

Online Library Strategic Narratives Communication

heuristics, and biases, such as mortality salience, news avoidance, and quarantine fatigue. Issues of economic development and land use, trade and transportation, and even climate change have increased the exposure of human populations to infectious diseases making risk and

Online Library Strategic Narratives Communication

resilience more pressing. The book has been designed to support health communicators and public health management professionals, students, and interested stakeholders and university libraries.

The book is concerned with narrative in digital media that changes

Online Library Strategic Narratives Communication

according to user input—Interactive Digital Narrative (IDN). It provides a broad overview of current issues and future directions in this multi-disciplinary field that includes humanities-based and computational perspectives. It assembles the voices of leading researchers and

Online Library Strategic Narratives Communication

practitioners like Janet Murray, Marie-Laure Ryan, Scott Rettberg and Martin Rieser. In three sections, it covers history, theoretical perspectives and varieties of practice including narrative game design, with a special focus on changes in the power relationship between audience and author enabled

Online Library Strategic Narratives Communication

Power And The New World
Order, Routledge Studies In
Global Information Politics And
Security

by interactivity. After discussing the historical development of diverse forms, the book presents theoretical standpoints including a semiotic perspective, a proposal for a specific theoretical framework and an inquiry into the role of artificial intelligence. Finally, it analyses varieties of current

Online Library Strategic Narratives Communication

practice from digital poetry to location-based applications, artistic experiments and expanded remakes of older narrative game titles.

This book analyses digital diplomacy as a form of change management in international politics. The recent spread of digital initiatives in foreign

Online Library Strategic Narratives Communication

ministries is often argued to be nothing less than a revolution in the practice of diplomacy. In some respects this revolution is long overdue. Digital technology has changed the ways firms conduct business, individuals conduct social relations, and states conduct governance internally, but

Online Library Strategic Narratives Communication

states are only just realizing its potential to change the ways all aspects of interstate interactions are conducted. In particular, the adoption of digital diplomacy (i.e., the use of social media for diplomatic purposes) has been implicated in changing practices of how diplomats engage in

Online Library Strategic Narratives Communication Power And The New World Order Routledge Studies In Global Information Politics And Society

information management, public diplomacy, strategy planning, international negotiations or even crisis management. Despite these significant changes and the promise that digital diplomacy offers, little is known, from an analytical perspective, about how digital diplomacy works.

Online Library Strategic Narratives Communication

This volume, the first of its kind, brings together established scholars and experienced policy-makers to bridge this analytical gap. The objective of the book is to theorize what digital diplomacy is, assess its relationship to traditional forms of diplomacy, examine the latent power dynamics

Online Library Strategic Narratives Communication

Power And The New World
Order Routledge Studies In
Global Information Politics And
Society

inherent in digital diplomacy, and assess the conditions under which digital diplomacy informs, regulates, or constrains foreign policy. Organized around a common theme of investigating digital diplomacy as a form of change management in the international system, it combines

Society

policymakers are concerned with understanding what is happening. This book is the first to develop a systematic framework to understand how political actors seek to shape order through narrative projection in this new environment. To explain

Online Library Strategic Narratives Communication

Power And The New World
Order Routledge Studies In
Global Information Politics And
Society

the changing world order – the rise of the BRICS, the dilemmas of climate change, poverty and terrorism, the intractability of conflict – the authors explore how actors form and project narratives and how third parties interpret and

Online Library Strategic Narratives Communication

interact with these narratives. The concept of strategic narrative draws together the most salient of international relations concepts, including the links between power and ideas; international and domestic; and state and non-state

Online Library Strategic Narratives Communication

actors. The book is anchored around four themes: order, actors, uncertainty, and contestation.

Through these, Strategic Narratives shows both the possibilities and the limits of communication and power, and makes an important contribution

*theoretical and methodological grounding
in metaphor allows for an alternative
perspective on strategic communication
but also a robust discussion of both
persuasion and other kinds of related
discursive processes at work in political
communication, including narrative,
identification, and ideology. The volume*

Online Library Strategic Narratives Communication

integrates case studies from prominent political discourses, including those of George W. Bush, Jr., Tony Blair, and Barack Obama, to highlight the crucial role of persuasion management and sustainability in the public sphere and the ways in which it might inform political action and change in a positive way.

Online Library Strategic Narratives Communication

Broadening our perception of the possibilities of persuasion and strategic communication, this dynamic volume is key reading for students and scholars in communication studies, political science, rhetoric, and cognitive linguistics.

This book examines the concept of new public diplomacy against empirical data

Online Library Strategic Narratives Communication

derived from three country case studies, in order to offer a systematic assessment of policy and practice in the early 21st century. The new public diplomacy (PD) is a major paradigm shift in international political communication. Globalisation and a new media landscape challenge traditional foreign ministry 'gatekeeper'

Online Library Strategic Narratives Communication

structures, and foreign ministries can no longer lay claim to being sole or dominant actors in communicating foreign policy.

This demands new ways of elucidating foreign policy to a range of nongovernmental international actors, and new ways of evaluating the influence of these communicative efforts. The author

Online Library Strategic Narratives Communication

investigates the methods and strategies used by five foreign ministries and cultural institutes in three countries as they attempt to adapt their PD practices to the demands of the new public diplomacy environment. Drawing upon case studies of US, British, and Swedish efforts, each chapter covers national policy, current activities,

Online Library Strategic
Narratives Communication

evaluation methods, and examples of individual campaigns. This book will be of much interest to students of public diplomacy, foreign policy, political communication, media studies and international relations in general.
