Study & Master Physical Sciences Grade 12 has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Physical Sciences.

"This book is designed to help students organize their thinking about psychology at a conceptual level. The focus on behaviour and empiricism has produced a text that is better organized, has fewer chapters, and is somewhat shorter than many of the leading books. The beginning of each section includes learning objectives; throughout the body of each section are key terms in bold followed by their definitions in italics; key takeaways, and exercises and critical thinking activities end each section"--BCcampus website.

From best-selling author Holly Webb comes a brand new series full of mystery and intrigue following the adventures of a very determined heroine and her dog! Holly Webb fans will be thrilled to pieces to discover the adventures of Maisie Hitchins, the pluckiest little detective in Victorian London. Maisie Hitchins lives in her grandmother's boarding house, longing for adventure. She idolizes the famous detective, Gilbert Carrington, and follows his every case. But Maisie is about to be given the opportunity of a lifetime: her own mystery to solve! In the first book in this fantastic new series, Maisie rescues a puppy in peril whilst running an errand, and adopts him. She decides to investigate the puppy's original cruel owner, but instead gets tangled up in an intriguing plot involving stolen sausages, pilfered halfpennies and a fast-paced bicycle chase. The streets of Victorian London are never safe, but Maisie's on the case!
