Brain Quest Workbook: Grade 1

Summer Brain Quest: Between Grades K & 1

Weekly Reader: Summer Express (Between Grades Prek & K) Workbook

Now first- and second-graders can really sharpen their skills. Announcing Brain Quest Math and Brain Quest Reading, a natural extension of Brain Quest into single-subject tutorials. Using the same curriculum-based, question-and-answer format that has made Brain Quest America's #1 educational bestseller with over 16 million copies in print, Math and Reading concentrate on the two subjects that are of paramount importance for parents, teachers, and especially the kids. Math is as focused as flash cards, but with far more range, interactivity, and educational value. Each grade comprises two decks. 1st Grade has five questions to a card, covering Numeration, or the basics of numbers; Bits & Pieces, including shapes and equivalents; Computation-addition and subtraction; Measurements; and Problem-Solving. 2nd Grade, with seven questions to a card, adds two new categories to the original five-Super Computation, which has more complicated operations, and Fun with Numbers. Reading takes a thorough approach to working on the fundamentals of reading and language arts. First comes an original one-page story illustrated in full-color, with 56 stories per grade. Following the story card is a comprehension card, quizzing the reader about the story, its characters, and content. Following that card is a second question card-five questions for 1st Grade, seven for 2nd Grade-on Grammar, Word Choice, Phonics, Vocabulary, Extensions, and Mixed Bag. A strong foundation in math, a strong foundation in reading-that's what elementary education is all about. Making it fun to learn is what Brain Quest is all about-that, and reinforcing the idea that It's O.K. to Be Smart!

Kids will practice learning numbers by counting and circling X-wing starfighters and clone troopers. Master place values by sorting groups of Wookiees. There are math problemsNYoda is holding 7 lightsabers. 5 of the lightsabers are blue. The rest are green. How many green lightsabers is he holding? And Language ArtsNCircle the correct homophone in this sentence: Luke is a Jedi knight/night. Learn well, you will.

In 5 years, Steve Kamb has transformed himself from wanna-be daydreamer into a real-life superhero and actually turned his life into a gigantic video game: flying stunt planes in New Zealand, gambling in a tuxedo at the Casino de Monte-Carlo, and even finding Nemo on the Great Barrier Reef. To help him accomplish all of these goals, he built a system that allowed him to complete quests, take on boss battles, earn experience points, and literally level up his life. If you have always dreamed of adventure and growth but can't seem to leave your hobbit-hole, Level Up Your Life is for you. Kamb will teach you exactly how to use your favorite video games, books, and movies as inspiration for adventure rather than an escape from the grind of everyday life. Hundreds of thousands of everyday Joes and Jills have joined Steve's Rebellion through his popular website, NerdFitness.com, and leveled up their lives—losing weight, getting stronger, and living better. In Level Up Your Life, you'll meet more than a dozen of these members of The Rebellion: men and women, young and old, single and married, from all walks of life who have created superhero versions of themselves to live adventurously and happily. Within this guide, you'll follow in their footsteps and learn exactly how to: • Create your own "Alter Ego" with real-life super powers • Build your own Epic Quest List, broken into categories and difficulty levels • Hack your productivity habits to start making progress • Train your body for any adventure • Build in rewards and accountability that will actually motivate you to succeed • Travel the world freely (and cheaply) • Recruit the right allies to your side and find powerful mentors for guidance Adventure is out there, and the world needs more heroes. Will you heed the call?

NEW YORK TIMES BESTSELLER • A modern American epic set against the panorama of contemporary politics and culture—a hurtling, page-turning mystery that is equal parts The Great Gatsby and The Bonfire of the Vanities NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • PBS • HARPER'S BAZAAR • ESQUIRE • FINANCIAL TIMES • THE TIMES OF INDIA On the day of Barack Obama's inauguration, an enigmatic billionaire from foreign shores takes up residence in the architectural jewel of "the Gardens," a cloistered community in New York's Greenwich Village. The neighborhood is a bubble within a bubble, and the residents are immediately intrigued by the eccentric newcomer and his family. Along with his improbable name, untraceable accent, and unmistakable whiff of danger, Nero Golden has brought along his three adult sons: agoraphobic, alcoholic Petya, a brilliant recluse with a tortured mind; Apu, the flamboyant artist, sexually and spiritually omnivorous, famous on twenty blocks; and D, at twenty-two the baby of the family, harboring an explosive secret even from himself. There is no mother, no wife; at least not until Vasilisa, a sleek Russian expat, snags the septuagenarian Nero, becoming the queen to his king—a queen in want of an heir. Our guide to the Goldens' world is their neighbor René, an ambitious young filmmaker. Researching a movie about the Goldens, he ingratiates himself into their household. Seduced by their mystique, he is inevitably implicated in their quarrels, their infidelities, and, indeed, their crimes. Meanwhile, like a bad joke, a certain comic-book villain embarks upon a crass presidential run that turns New York upside-down. Set against the strange and exuberant backdrop of current American culture and politics, The Golden House also marks Salman Rushdie's triumphant and exciting return to realism. The result is a modern epic of love and terrorism, loss and reinvention—a powerful, timely story told with the daring and panache that make Salman Rushdie a force of light in our dark new age. Praise for The Golden House "[A] modern masterpiece . . . telling a story full of wonder and leaving you marveling at how it ever came out of the author's head."—Associated Press "Wildly satiric and yet piercingly real . . . If F. Scott Fitzgerald, Homer, Euripides, and Shakespeare collaborated on a contemporary fall-of-an-empire epic set in New York City, the result would be The Golden House."—Poets & Writers "A tonic addition to American—no, world!—literature . . . a Greek tragedy with Indian roots and New York coordinates."—San Francisco Chronicle
