My First Urdu Book (Huroof e Tahaji) by AJR Kids is a book that has colourful illustrations of the Urdu alphabets associating them with a respective word. We have made learning fun with the chosen illustrations of the words along with their Urdu alphabets.

This book demonstrates the central role of "ʿadʿth" scholars of the third/ninth century in the articulation of Sunnʿ Islam. Special attention is devoted to the critical opinions of al-Dhahabʿ, Ibn Saʿd, Ibn Ma n, and Ibn ʿanbal.

### A Contribution to the Decoding of the Language of the Koran

Surah Yaseen is also know as the heart of the Quran. This pdf contains scans from a very rare book and details a powerful method of reading Surah Yaseen in such a manner that you can overcome any of your obstacles if you follow that method. It requires a minimum duration of 40 days of continuous application of this method for the effects to start becoming visible.

The book is in Urdu and Arabic

This is a survey of Muslim economic thinking in the last two decades of the 20th century in Arabic, Urdu and English.

This fascinating and important book attempts to investigate the nature of the seven Ahruf in which the Qur'an

has been revealed and the reason for the variations in readings among the Qurraa of the Quran. It studies, examines, and discusses: the revelation of the Qur'an in the seven ahurf concluding that they represent seven linguistical ways of recitation; the compilation of the Quran during the lifetime of the Prophet and the preservation of the Quran in the memories of the Companions as well as in written form, the compilation during the time of Abu Bakr, and the further compilation during the time of Uthman; the problem of naskh to demonstrate the completeness and trustworthiness of the Quran and that no verses are missing or were read and abrogated by naskh al-tilawah either with or without hukm; the Uthmanic masahif and their

Throughout its history the Koran has presented problems of interpretation. Some scholars estimate that at least a quarter of the text is obscure in meaning, not only for Western translators but even native Arabic

speakers, who struggle with the archaic vocabulary that is no longer used in modern Arabic. In this in-depth study of the language of the Koran, scholar Christoph Luxenberg dispels much of the mystery surrounding numerous hitherto unclear passages. The key, as Luxenberg shows exhaustively, is to understand that Aramaic--the language of most Middle Eastern Jews and Christians of the pre-Islamic era--had a pervasive influence on the development of the Arabic text of the Koran. For a thousand years preceding the advent of Islam, Aramaic (or Syriac as it was sometimes called) was the lingua franca of many parts of the Near East. It was the native language of the first

Christian evangelists and the main liturgical language of the early Christian churches from Syria to Iran. Based on this historical context and a profound knowledge of Semitic languages, Luxenberg clarifies many thorny textual puzzles. Perhaps his most interesting argument is that the passage often translated as referring to the "virgins" that are believed to greet the departed faithful in paradise was long ago misunderstood. In fact, knowledge of ancient Christian hymns in Aramaic suggests that the word in question refers to "grapes" that the departed will enjoy in a paradisiacal garden. Luxenberg discusses many other similar fascinating instances where Aramaic vocabulary and concepts influenced the text of the

Koran This highly erudite work makes a significant contribution to the study of the Koran and the history of Islamic origins.

What does Islam say about poetry, singing, musical instruments, musicians, and the business of music? What is the truth about the much-publicized "music controversy" in Islam? This book demystifies the issue of music in Islam. More than six hundred references and more than a hundred twenty biographical notes on the authorities quoted add to the value of a discussion that is comprehensive without being boring, and detailed without being confusing. New reprint contains foreword by late Dr. Mahmud Ahmad Ghazi.
