It is too often accepted that during the 19th and early 20th centuries it was the male writers who developed and pushed the boundaries of the weird tale, with women writers following in their wake--but this is far from the truth. This new anthology follows the instrumental contributions made by women writers to the weird tale, and revives the lost authors of the early pulp magazines along with the often overlooked works of familiar authors. See the darker side of The Secret Garden author Frances Hodgson Burnett and the sensitively-drawn nightmares of M. Corelli and Violet Quirk. Hear the captivating voices of Weird Tales magazine contributors Sophie Wenzel Ellis, Greye La Spina, and Margara Clair, and bow down to the sensational, surreal, and challenging writers who broke down the barriers of the day. Featuring material never before republished, from the abyssal depths of the British Library vaults.

Conclusion to the side-story! Tales of the Abyss: Jade's Secret Memories is a manga side-story of the Tales of the Abyss video game license. The game, a property, a video game RPG much like the Final Fantasy franchise, has spun off dozens of successful sub-properties in Japan and the US over the past two decades. This manga adaptation from the POV of one of the series most popular characters, Jade the Necromancer, is timed to be released alongside the US release of the series' anime adaptation.

Edge of the Abyss

This is a compilation of short horror stories I've written over the years. Tales of horror and dread filled with a touch of sadness and fury. Some are connected, and some can't possibly be so. The ideas written here, although fictional in their exterior, share all a common real-life essence. As most movies might say: they are all based off true stories. What's real and what's not is for you to discover, for better or worse.

This is me Robbing the Bank is a compilation of short stories considered 'legal tales from the abyss'. It takes you into the world of a street lawyer armed with wit and little else. Attorney Mike Dunn, starting his legal career wanting to be a highly perfumed barrister. He quickly realized that he was more suited to be the vigorous defender of lost causes. With little more than a guilty client anticipating a miracle, he learned to waltz in and out of courtrooms throughout the Midwest, cleaning up self-imposed messes that quickly became his fault; depending on the outcome. Once there was a disgruntled husband who tried to hire a hit-man to kill his ex-wife, only to find out that there are no hit-men, only undercover cops. What else can you do while you are in prison for the attempt? Well, of course, hire a second one! He was certain that he would not hire a cop again. He was right. This time it turned out to be an FBI agent. Then there was the jealous girlfriend, who drove drunk to her boyfriend's house to catch him with another woman. She saw a car sitting right in front of his house and decided that the only thing she could do in that situation was to ram the car. So, she rammed, backed up and rammed and rammed and rammed. Turns out her boyfriend was alone. It was the neighbor's car.
