Taxes for Small Business

This is our eighth edition (2020 Edition).How can I avoid self-employment taxes? This simple question was the inspiration for creating an article describing the benefits of an S Corporation. That original article, which was about four pages long, quickly became a series of KnowledgeBase articles on WCG (formerly Watson CPA Group) website. The articles touched on basic topics such as how to elect S Corp status, shareholder payroll, reasonable salary determination and liability protection. Those broad topics demanded much more information, both horizontally by spanning into more related issues, and vertically by digging deep into the granular yet riveting levels of the tax code. Beyond general S Corp benefits, our 2020 edition of this book will show Entity Structures, and Custom Multi-Entity Arrangements<sup>2</sup>. The Fallacy of Nevada Corps<sup>3</sup>. State Taxes, Nexus, FBA Problems, and Liability <sup>4</sup>. S Corp Benefits, Tax Savings <sup>5</sup>. Avoiding Self-Employment Taxes<sup>6</sup>. The 185 Reasons an S Corp or LLC Might Stink<sup>7</sup>. Forming and Operating an S Corp<sup>8</sup>. Late S Corp Election<sup>9</sup>. Determining Reasonable S Corp Shareholder Salary<sup>10</sup>. Section 199A Business Tax Deduction<sup>11</sup>. Tax Deductions, Fringe Benefits, Kids on Payroll and Cars<sup>12</sup>. Properly Paying for Health Insurance<sup>13</sup>. Small Business Retirement Planning with Your S CorpEach week we receive several phone calls and email from small business owners and other CPAs across the country who have read our Taxpayer's Comprehensive Guide to LLCs S Corps and praised the wealth of information. Regardless of your current situation, whether you are considering starting your business or entertaining a contracting gig, or you are an experienced business owner, the contents of this book are for you. This book is written with the general taxpayer in mind. Too many resources simply regurgitate complex tax code without explanation. While in some cases tax code and court opinions are duplicated verbatim because of precision of the words, this book strives to explain many technical concepts in layperson terms with some added humor and opinions. We believe you will find this book educational as well as amusing.

Small business taxes taxing you out? For most business owners, their single biggest "expense" (and headache) is dealing with

their taxes. And while the just passed Congressional tax bill reduced taxes for many of the estimated 30 million small business owners in the U.S., the nation's taxes continue to be complex. Not being up-to-speed on tax rules and strategies can lead to mistakes that cost business owners thousands of dollars in fines and penalties every year. Small Business Taxes For Dummies assists both current and aspiring small business owners with important tax planning issues, including complete coverage of tax law changes taking effect in 2018, creating an ongoing tax routine, dealing with the IRS, and navigating audits and notices. Includes coverage of issues influencing incorporated small businesses, partnerships, and LLCs Offers expanded coverage of other business taxes including payroll and sales taxes Provides websites and other online tax resources Gives guidance to millennials juggling multiple gigs If you're a current or aspiring small business owner looking for the most up-to-date tax planning issues, this book keeps you covered.

Taxes For Small Businesses Finally Simplified - Learn The Important Things Without The Fluff \*\*\*Read For Free With Kindle Unlimited! - Bonus Included In The Book!\*\*\* Did you know: the typical small business owner works three to four months just to earn enough profit to pay taxes? Whether you've been in business for several decades or are breaking ground as a new entrepreneur, taxes are a significant expenditure. They must be accounted for and incorporated into your business plan from the very beginning. Failing to account for taxes when planning, budgeting, and assessing revenue goals for a business is like failing to account for the expense of your rent or mortgage; it's an absurdly hefty expenditure that must be understood, tracked, and, whenever possible, paid for on time. With Taxes for Small Businesses QuickStart Guide, you will come to understand taxes from the inside out. This book has been specifically designed with ease of learning in mind to ensure you don't get stuck, lost, or lose hope when trying to understand small business taxes. Never again will you need to waste your time searching the internet or watching videos. Become a small business tax expert who fully grasps the ins and outs of taxes for all types of small businesses. This knowledge will help you not only in your current business creation but all other future business endeavors. What You'll Learn... **Wouldn't you love to abolish the IRS . . .Keep all the money in your paycheck . . .Pay taxes on what you spend, not what you earn . . .And eliminate all the fraud, hassle, and waste of our current system? Then the FairTax is for you. In the face of the outlandish American tax burden, talk-radio firebrand Neal Boortz and Congressman John Linder are leading the charge to phase out our current, unfair system and enact the FairTax Plan-replacing the federal income tax and withholding system with a simple 23 percent retail sales tax. This dramatic revision of the current system, which would eliminate the reviled IRS, has already caught fire in the American heartland, with more than 600,000 taxpayers signing on in support of the plan. As Boortz and Linder reveal in this first book on the FairTax, this radical but eminently sensible plan would end the annual national nightmare of filing income tax returns, while at the same time enlarging the federal tax base by collecting sales tax from every retail consumer in the country. The FairTax, they argue, would transform the fearsome bureaucracy of the IRS into a more transparent, accountable—and equitable—tax collection system. Endorsed by scores of leading economists—and supported by a huge and growing grassroots movement—the FairTax Plan could revolutionize the way America pays for itself.**

**Do you want to save time, make your accounting easier and ultimately increase profits? QuickBooks can help you do that by saving on bookkeeping costs and giving you the data you need to analyze your business to take it to the next level. QuickBooks Online is the world's most popular accounting software for small business owners. And like with any new software there is a learning curve, but you don't have to do it all on your own. QuickStart Your Quickbooks aims to take you from a complete novice to a confident intermediate user on a timeline that works with your schedule. The step-by-step guide makes the information digestible and easy to implement immediately. Inside you'll find: Over 250 pages of tips, tricks, and actionable steps you can take today. Images to help you through every step of the process. How to customize your setup specifically to your business and make maximum use of QBO's many features. Step by step instructions on how to do everyday tasks such as invoicing, expenses, journal entries and banking. A comprehensive review to setting up and using Canadian sales tax filing. A review of reports that every business owner should use to maximize profits and efficiencies. A glossary of common accounting terminology and best practices every small business owner should know. And so much more! Learn everything that every beginner needs to know, increase your profitability, and take control of your small business finances with QuickStart Your QuickBooks. Note: This book is based on the Canadian version of QBO, but in most respects the accounting concepts within are widely applicable to all countries. In addition, it does not review QBO payroll, as I believe there are better options out there at a similar price point. Finally, I do not cover some advanced features such as budgeting, time tracking, multicurrency, projects and mileage. These topics will be covered in my next Advanced QBO book.**

***The Tax Rules Have Changed. Your Business Should, Too. The Tax Cut and Jobs Act of 2017 marks the biggest tax reform in more than 30 years. The changes to the tax code are complex (especially for the small-business owner), but you don't have to go it alone. CPA and Attorney Mark J. Kohler delivers a comprehensive analysis of the new tax and legal structure you desperately need to help make the new tax law work for you. In this revised edition of The Tax and Legal Playbook, Kohler reveals clear-cut truths about tax and legal planning and delivers a practical, play-by-play guide that helps you build wealth, save on taxes, and protect your assets. Using real-world case studies, tax-savvy tips, game plans, and discussion points, Kohler coaches you through the complexities of the tax game of the small-business owner. You'll also learn how to: Examine your business needs and pick the right business entity for you Build your personal and corporate credit in eight steps Implement affordable asset protection strategies Take advantage of underutilized business tax deductions Pick the right health-care, retirement, and estate plans Bring on partners and investors the right way Plan for your future with self-directed retirement funds Reading from cover to cover or refer to each chapter as needed, you will come away wiser and better equipped to make the best decisions for your business, your family, and yourself.***

***Find all of the following, explained in plain-English with no legal jargon: Business Taxation 101: A brief primer on tax topics in general, especially as they apply to businesses. Home Office Deduction: How to ensure you qualify for it and how to calculate it. Estimated Tax payments: When and how to pay them, as well as an easy way to calculate each payment. Self-Employment Tax: What it is, why it exists, and how to calculate it. Business Retirement Plans: What the different types are, and which one is best for you. Numerous Business Deductions: Several deductions explained in detail, including how to make sure you can qualify to take them and how to maximize them. Audit Protection: Learn what records you need to keep (and how long to keep them) in order to protect yourself in case of an audit.***

If you're a business owner wanting to learn more about taxes without going through boring textbooks, then keep reading... Benjamin Franklin once said that "in life, only two things are certain: death and taxes." He wasn't exaggerating about the latter. And because you must deal with taxes for as long as you live and earn money, you must get it right every time. Unlike any other infractions or violations, tax-related offenses have major repercussions. At a minimum, you will pay fines and expenses. But if your tax violations are serious, you may end up in jail. Think about this: the infamous mafia gangster boss Al Capone was indicted and sent to prison not because of his violent crimes, but because of tax violations. Hence, you must take your taxes very seriously. So, what does it take to manage your taxes successfully and avoid the massive inconveniences associated with being flagged by the Internal Revenue Service for tax violations? There are so many answers to this question, but they can be summed up in one term: tax accounting. And that is what this book is all about. Written with non-accountant entrepreneurs in mind, this book can help you learn important tax accounting principles for ensuring optimal tax management in your business. These include: What tax accounting is. Important tax accounting guidelines. The difference between accounting and bookkeeping. How to claim tax deductions legally. How to choose the right business entity. How to manage payroll tax. Discover if you need an S corporation or a C corporation. And much, much more! By the time you're finished with this book, you'll be armed with sufficient knowledge to ensure proper management of your businesses' income taxes. And while you can never avoid taxes, what you'll learn here can make you and the IRS the best of friends. So, grab your copy of this book now and start your journey towards optimal tax management for your small business.

**THE ULTIMATE GUIDE TO ACCOUNTING FOR STUDENTS, BUSINESS OWNERS, & FINANCE PROFESSIONALS!** Meet Josh Bauerle, reluctant accounting student turned super CPA and author of the *Accounting QuickStart Guide, 3rd Edition*. *The Payroll Book is the only book that demystifies payroll with clear, concise, and real-world examples on how to tackle the process. "The Payroll Book will be a valuable resource for the small business owner as well as for the entrepreneur planning a new venture. Thorough, well-organized, and thoughtfully written, this practical guide is an essential tool for managing the payroll process." —Marilyn K. Wiley, Dean, College of Business, University of North Texas "Failing to comply with the withholding, tax remittance, and report filing requirements in handling business payroll carries a high cost. Charles' book will guide entrepreneurs through the minefields of payroll processing and reporting in language that business owners can understand. Whether you already own or are planning to start your own business, The Payroll Book is an essential tool."*

*—James A. Smith, Past President and Chairman, Texas Society of CPAs "If accounting is something you have not paid keen attention to in your startup, then this book can demystify the whole thing for you and then some! Logically set-up and highly practical in its approach! I highly recommend this book for any startup, entrepreneur, and, frankly, anyone thinking about starting a business. That said, if you already started a business it's just as important—this is a must-read!" —Hubert Zajicek, CEO, Co-founder and Partner, Health Wildcatters "Wow! This is the most comprehensive book of its kind. I have worked in payroll for over 25 years, and I would recommend this book as a reference to anyone who has a hand in payroll. From the novice just entering the field to the seasoned veteran, there is something in this book for everyone." —Romeo Chicco, President, PayMaster*

*Stop Overpaying The IRS & Learn How To Save Lots Of Money Every Year! If you want to understand more about filing taxes and the different ways that you can increase the amount of money that you have at the end of the year, then this book is for you. "One thing is clear: The Founding Fathers never intended a nation where citizens would pay nearly half of everything they earn to the government." - Ron Paul Do you agree with the quote above? If so, you have to check out this book. Inside you'll learn all about how income tax works, and ways that you can legally reduce the money that you pay to the IRS each year to the minimum. Find out what Taxes for Beginners can do for you and your life. Thank you and have a great day!*

Starting a business or becoming self employed opens up a whole new world of tax considerations. This book will guide you through the fundamentals to ensure that you pay the taxes you need to but no more than that. In learning about the different types of tax and the sorts of deductions that businesses are entitled to you can have a better understanding of your small business tax and save time and money. Our tax companion: Makes sure you don't miss any deductions by providing a comprehensive list of expenses that you as a small business or self employed owner claim, and explains them in detail with easy to follow examples Explains simply the key basic tax concepts that every taxpayer should know Provides details on how to do your accounting and what you need before preparing your tax return Takes you step by step through the process of completing the T2125 business tax return schedule along with examples Explores the more complex sections such as capital cost allowance, motor vehicle/car and home office expenses Takes you through the process of understanding and completing your GST/HST returns plus a special appendix on provincial sales taxes Discusses eligibility of common expenses that are less straightforward

Taxation not only pays for public goods and services; it is also a key ingredient in the social contract between citizens and the economy. How taxes are raised and spent can determine a government's very legitimacy. Holding governments accountable encourages the effective administration of tax revenues and, more widely, good public financial management. This book includes: INCOME TAX 101 CONTRACTORS, SELF-EMPLOYED, SOLE TRADERS, AND FREELANCERS GET A FAT CHEQUE! REFUNDS & REBATES COMPANY STRUCTURE AND BUSINESS TAX HOW TO START UP YOUR OWN BUSINESS EYES ON THE PRIZE LAPTOP LIFESTYLE YES, ACCOUNTING MAKES YOU MONEY And much more

Taxes For Small Businesses Quickstart Guide: Methods To Save On Business Taxes

Taxes for Small Businesses

A guide for businesspeople covers such essentials as financial statements, balance sheets, liabilities, assets, and income statements.

Are you thinking about starting a business but are confused by the taxes? Do you already own a business and need to know the tax repercussions of having employees versus outsourcing to contractors? Are you confused on depreciation and how to use it to your tax advantage? Not sure which accounting software to use? Do you need an accountant or can you do your taxes yourself? Find the answers to these questions and more As a small business owner, you have a lot on your mind. Worries consist of how to increase sales, how much inventory to keep, and whether or not to rent office space. While these concerns are important, they're not as important as managing your taxes, which is an aspect of your small business that involves both profitability and legal compliance issues. If you don't handle your small business' taxes correctly, you can count on the almighty Internal Revenue Service or IRS to come knocking, nay, banging at your small business' door to make things really hard and costly for you. That's why consistent and efficient tax management for your small business is something that you need to learn. In this book you will learn: How to manage your small business taxes How to improve your standing with the almighty IRS How to maximize your profits Which business structure is best for you? How your choice of business structure will effect your taxes How to plan tax management The different types of taxes your business will have to pay How your chose of accounting methods can change your tax implications Whether not to hire a professional The basic elements of computing for your business income tax returns. In addition: This book features a lengthy discussion on the issue of depreciation and how to maximize that as a tax-deductible expense. You'll learn how to manage your small business' payroll taxes, should you decide to or are already employing people to help you run your business. This is another crucial area where most small business owners tend to struggle with and often need assistance in. Don't wait until the IRS starts knocking - or banging - down your small business's doors before you take action. Buy this book now and learn how to manage your small business's taxes effectively and continue staying on the good side of the almighty IRS! Download your copy today!

Are taxes driving you crazy? Are you unable to tell the difference between a deduction and a reduction? Taxes have a reputation of being complex but the truth is that many small business owners are thinking about taxes all wrong! In this book, Peterson demystifies some of the most common points about taxation and walks you through preparing your tax return. Actually, getting your business on the right side of its tax burden is easier than you think. But you'll need an effective tax strategy for your business to stay in the good graces of the IRS. With Taxes for Small Business you'll learn how to lay the groundwork of a sustainable business tax strategy to grow your business, protect your profits, and minimize your tax liabilities. *Say goodbye to scratching your head in confusion This book on taxes could be the answer you're looking for... Filing taxes is something every business in America needs to do and there is a lot that needs to be learned in this process. It does not matter if you are self-employed or own a limited liability company (LLC). You need to know what the difference is regarding taxes and how to get the most out of your return. Payroll taxes may seem scary. However, you will start to see how simple they are as you read through Chapter 2 of this book. Do you know what deductions you can make as an individual taxpayer and as a business? There are so many tax breaks for a small business that you need to consider. You will see the updated information for deductions and credits that are available to you based on the new GOP tax bill. Best of all, learn how to make the new tax bill work for you so you can maximize your deductions. With the help of this book, you will learn how you can get through those grueling audits and survive the pressure of Uncle Sam and his squad of tax informants. If you have not filed the previous year's taxes, then you may want to check out Chapter 5 as we discuss IRS survival and this particular issue. In chapter 6, you will learn how to make your business taxes work for your business. As a special bonus, in chapter 7, you'll get examples of each of the IRS forms discussed throughout the chapters so you can see what they look like and their purpose. Here are just some of the topics that are discussed in this book: Differences Between LLC and Self-Employed Taxes Payroll Taxes and How to Best Manage Them Knowing Your Tax Deductions, Exemptions and Credits Capital Gains and Losses Your Business and the IRS Making Your Business Taxes Work for You Forms for Success So, what are you waiting for? Get the book now and start your learning!*

*Offers techniques and strategies for increasing income while cutting work time in half, and includes advice for leading a more fulfilling life.*

*You've likely heard about the gig economy but might be wondering exactly what it entails. It's easy to assume that driving for Uber or renting your house through Airbnb are the extent of your options, but the gig economy actually offers a much wider slate of opportunities. Whether you have a 9-to-5 job and are looking to pick up some extra income, or you're a recent graduate who's eager to earn as much as you want on your own time, the gig economy can offer the freedom and flexibility you're seeking. [?]In Gigworker, Brett Helling provides the essential primer on the gig economy: how it evolved to where it's at now, and where it's headed in the future. He'll show you that it's possible to replace your full-time income with multiple gigs, or balance 9-to-5 work with a 5-to-9 side gig. You'll come away with a new zeal for the gig economy, ready to dive into the options at your fingertips and make money doing what you love.*
