Twenty-eight years after its original release, The Clash 's London Calling was inducted into the Grammy Hall of Fame as a “ recording of lasting qualitative or historical significance. ” It topped polls on both sides of the Atlantic for the best album of the seventies (and eighties) and in publications as wide-ranging as Rolling Stone, VIBE, Pitchfork, and NME, and it regularly hits the top ten on greatest-albums-of-all-time-lists. Even its cover—the instantly recognizable image of Paul Simonon smashing his bass guitar—has attained iconic status, inspiring countless

imitations and even being voted the best rock 'n' roll photograph ever by Q magazine. Now the breakthrough album from the foremost band of the punk era gets the close critical eye it deserves. Marcus Gray examines London Calling from every vantage imaginable, from the recording sessions and the state of the world it was recorded in to the album's long afterlife, bringing new levels of understanding to one of punk rock's greatest achievements. Leaving no detail unexplored, he provides a song-by-song breakdown covering when each was written and where, what inspired each song, and what in turn each song inspired, making this book a must-read for Clash fans.

(Book). TASCAM: 30 Years of Recording Evolution is an informative, archival book devoted to the company's groundbreaking product line and the people who created it. Recalling the company's perennial leadership role in the music and pro audio industries ("firsts" include the 1/2-inch 8-track recorder, the Portastudio and the digital DA-88) with a glimpse towards the future, this book warmly portrays key past and present employees by re-visiting the landmark

products they've built together since 1974. Quotes from respected musicians and producers who have trusted TASCAM gear for seminal recordings including Bo Diddley, Jim Keltner and Alan Parsons are sprinkled throughout this timeline-based book. Learn how TASCAM products changed the way musicians captured their ideas and empowered a new generation of songwriters and engineers. "Wow! The first classic piece of TASCAM gear I had was the first 4-track Portastudio. That thing allowed me to put so many classic P-Funk song ideas down that I can't even count 'em." Bootsy Collins, Bassist/Songwriter
