Catalog of the Avery Memorial Architectural Library of Columbia University: Vand - Zz

Here for the first time is a complete visual handbook designed for architects, builders, students, and anyone else interested in wood-frame construction. Inside you'll find hundreds of meticulous drawings illustrating every detail you might ever want to know about when building wood, whether you're building basement walls or framing a chimney opening. This wealth of visual information is mined from actual jobsites.

Special attention is given throughout to durability and to energy efficiency.

Solid, Accessible Coverage of the Basics of Wood Structure Design This invaluable guide provides a complete and practical introduction to the design of wood structures for buildings. Written to be easily understood by readers with limited experience in engineering mechanics, structural analysis, or advanced mathematics, the book includes: A comprehensive review of structural properties, including density, elasticity, defects, lumber gradings, and use classification A straightforward discussion of

design methods and criteria—stress, strength, design values, loading, bracing, and more Extensive material on wood sections, from beam functions, behavior, and design to wood decks and wood columns Information based on current industry standards and construction practices Many building design examples, plus helpful study aids and references Equally suited to classroom use or independent study. Simplified Design of Wood Structures, Fifth Edition is a superb resource for aspiring and

practicing architects and engineers.

The Cornerstone Biblical Commentary series provides students, pastors, and laypeople with up-to-date, accessible evangelical scholarship on the Old and New Testaments. Presenting the message for each passage, as well as an overview of other issues relevant to the text, each volume equips pastors and Christian leaders with exegetical and theological knowledge so they can better understand and apply God's Word. This

volume includes the entire NLT text of Leviticus, Numbers, and Deuteronomy. Other features: Provides pastors, teachers, and students with up-to-date evangelical scholarship. Both exegetical and translation commentary. Part of an 18-volume collection. Features New Living Translation Text. David Baker, Ph.D., University of London, is professor of Old Testament and Semitic languages at Ashland Theological Seminary in

Ohio. He serves as editor for the Evangelical Theological Society's Dissertation series and Studies series. He has authored several articles/books, including the NIV Application Commentary on Joel, Obadiah, and Malachi and The Face of Old Testament Studies: A Survey of Contemporary Approaches. Dr. Baker served as a Leviticus reviewer for the New Living Translation. Dale Brueggemann, Ph.D., Westminster Theological

Seminary, pastored in Idaho throughout the 1970s. He has taught at Valley Forge Christian College in Philadelphia, and at Central Bible College in Missouri. Eugene H. Merrill, Ph.D., Columbia University, is Distinguished Professor of Old Testament Studies at Dallas Theological Seminary in Texas and Distinguished Professor of Old Testament Interpretation at The Southern Baptist Theological Seminary in Kentucky. He is

currently director of Eurasia education services for Assemblies of God World Missions, and he has been heavily involved in ministry in Europe, Asia, and the Middle East. He is the author of several articles/books, including a commentary on Deuteronomy in the New American Commentary series and the Deuteronomy study notes for the NLT Study Bible. He also served as a Deuteronomy reviewer for the New Living Translation.
