#1 New York Times bestselling author John C. Maxwell's latest book will enhance the lives of leaders, professionals, and anyone who wants to achieve success and personal growth. We often treat the word capacity as if it were a natural law of limitation. Unfortunately, most of us are much more comfortable defining what we perceive as off limits rather than what's really possible. Could it be that many of us have failed to expand our potential because we have allowed what we perceive as capacity to define us? What if our limits are not really our limits? In his newest book, John Maxwell identifies 17 core capacities. Some of these are abilities we all already possess, such as energy, creativity and leadership. Others are aspects of our lives controlled by our choices, like our attitudes, character, and intentionality. Maxwell examines each of these capacities, and provides clear and actionable advice on how you can increase your potential in each. He will guide you on how to identify, grow, and apply your critical capacities. Once you've blown the "cap" off your capacities, you'll find yourself more successful—and fulfilled—in your daily life.

More than ever, people are talking about leadership. But much of today's discourse is advancing the same old misconceptions. In *The Book on Leadership*, best-selling author, pastor, and teacher John MacArthur sets the record straight: Leadership does not come from a job title. It isn't a matter of personality or charisma. And it isn't the same thing as iron-fisted authority. True leadership—the kind that refuses to bend to a shifting, fickle world—comes from a much deeper source. Based on the writings of one of the most effective spiritual leaders of all time—the apostle Paul—MacArthur presents the "26 Characteristics of a True Leader." Whether you are a business leader, civic leader, church leader, parent, teacher, or student, the life of Paul will empower you to unleash your own capacity for leadership.

The Universal Laws of Success

John C. Maxwell, #1 New York Times bestselling author, helps readers take the first steps to living a life that matters in INTENTIONAL LIVING. We all have a longing to be significant. We want to make a contribution, to be a part of something noble and purposeful. But many people wrongly believe significance is unattainable. They worry that it's too big for them to achieve. That they have to have an amazing idea, be a certain age, have a lot of money, or be powerful or famous to make a real difference. The good news is that none of those things is necessary for you to achieve significance and create a lasting legacy. The only thing you need to achieve significance is to be intentional. And to do that, all you need to do is start. You can't make an impact sitting still and doing nothing. Every major accomplishment that's ever been achieved started with a first step. Sometimes it's hard; other times it's easy, but no matter what, you have to do it if you want to get anywhere in life. In INTENTIONAL LIVING, John Maxwell will help you take that first step, and the ones that follow, on your personal path through a life that matters.

forbidding Tsangpo Gorge, deep in the Himalayas and veiled by a colossal waterfall. Nineteenth-century accounts of this fabled waterfall inspired a series of ill-fated European expeditions that ended prematurely in 1925 when the intrepid British plant collector Frank Kingdon-Ward penetrated all but a five-mile section of the Tsangpo's innermost gorge and declared that the falls were no more than a "religious myth" and a "romance of geography." The heart of the Tsangpo Gorge remained a blank spot on the map of world exploration until world-class climber and Buddhist scholar Ian Baker delved into the legends. Whatever cryptic Tibetan scrolls or past explorers had said about the Tsangpo's innermost gorge, Baker determined, could be verified only by exploring the uncharted five-mile gap. After several years of encountering sheer cliffs, maelstroms of impassable white water, and dense leech-infested jungles, on the last of a series of extraordinary expeditions, Baker and his National Geographic-sponsored team reached the depths of the Tsangpo Gorge. They made news worldwide by finding there a 108-foot-high waterfall, the legendary grail of Western explorers and Tibetan seekers alike. The Heart of the World is one of the most captivating stories of exploration and discovery in recent memory—an extraordinary journey to one of the wildest and most inaccessible places on earth and a pilgrimage to the heart of the Tibetan Buddhist faith. Discover new possibilities for your life when you begin dreaming bigger dreams and living with more faith.

"A book is a conversation between the author and reader," says Maxwell. "It's been ten years since I wrote The 21 Laws of Leadership. I've grown a lot since then. I've taught these laws in dozens of countries around the world. This new edition gives me the opportunity to share what I've learned." What's challenging your leadership? The Bible has an answer! If you're trying to influence even one person, you are a leader. And that means you're facing challenges. The more you lead, the greater the number of challenges you face. How do you solve them? Dr. John C. Maxwell has been exploring these issues and helping leaders with them for decades. Where did Maxwell, recently named the #1 leadership and management expert in the world by Inc. magazine, gain such insight into leadership? From the Bible! John asserts that the Bible is the greatest leadership book that has ever been written. In this study, John addresses twenty-one of the most common issues leaders face. Starting with internal issues such as identity, purpose, pride, and self-leadership, and moving on to others such as criticism, change, diversity, teamwork and recruiting, John shows how leaders in the Bible addressed these issues with boldness and clarity, or, conversely, how they failed to lead. Either way, the lessons are clear. You can improve your leadership for not only your own sake, but also for that of your team and those you serve. In this twenty-one lesson study, John guides you through Scriptures that reveal the challenges leaders face and the solutions available to them. Each lesson includes: THE ISSUE DEFINED: a brief description and introduction to the Issue CASE STUDIES: THREE BIBLICAL STUDIES: including leaders such as Joseph, Moses, Ruth, David, Nehemiah, Peter, Titus, and Jesus—that reveal and illustrate the Issue STUDY QUESTIONS: reflection and application questions to help you dig into the stories of the men and women in Scripture and learn from them LEADERSHIP INSIGHT AND REFLECTION: questions to help you assess and improve your own leadership skills TAKING ACTION: practical takeaways and direction to help you incorporate each lesson into your daily life GROUP DISCUSSION QUESTIONS: questions to help you learn and process the Bible study material with other like-minded people who want to grow in leadership Start with the issues where you most need help, complete the entire study as a course in problem solving, or meet with your team, using it as their next training in leadership development. 21 Leadership Issues in the Bible can help you become a better leader in any area of your life as you seek to influence others for Christ.

God loves you just the way you are, but he refuses to leave you there. He wants you to be just like Jesus. Can you think of a better offer? In Just Like Jesus, pastor and bestselling author Max Lucado reminds us that being just like Jesus feels like an impossible goal until we accept one simple truth: God loves us. Jesus felt no guilt; God wants you to feel no guilt. Jesus had no bad habits; God wants to do away with yours.

Jesus had no fears; God wants the same for you. Jesus had no anxiety about death; you needn't either. God's desire, his plan, his ultimate goal is to make you into the image of Christ. Not only does God love each of us exactly as we are, he wants us, little by little, to become like him. He doesn't love us and leave us alone; he loves us enough to live within us, making our hearts his home. But doing so requires a bit of sprucing up, remodeling, refurnishing. Why? Because he wants us to have a heart like his too. Just Like Jesus will teach you how far God will go to transform us into his likeness. Along the way, Max addresses questions that might arise as you examine the peaceful, passionate, and pure heart of Christ, including: How do we know that God wants us to be made in his image? How does this change occur? If God wants me to be just like Jesus, why do I still seem just like me? In Just Like Jesus, Max gives you the tools you need to better understand God's gracious gift of transformation and restoration, so you, too, can start to live Just Like Jesus.

"This is not just an important but an imperative project: to approach the problem of randomness and success using the state of the art scientific arsenal we have. Barabasi is the person."--Nassim Nicholas Taleb, author of the New York Times bestselling *The Black Swan* and Distinguished Professor of Risk Engineering at NYU An international bestseller In the bestselling tradition of Malcom Gladwell, James Gleick, and Nate Silver, prominent professor L á szl ó Barab á si gives us a trailblazing book that promises to transform the very foundations of how our success-obsessed society approaches their professional careers, life pursuits and long-term goals. Too often, accomplishment does not equal success. We did the work but didn't get the promotion; we played hard but weren't recognized; we had the idea but didn't get the credit. We convince ourselves that talent combined with a strong work ethic is the key to getting ahead, but also realize that combination often fails to yield results, without any deeper understanding as to why. Recognizing this striking disconnect, the author, along with a team of renowned researchers and some of the most advanced data-crunching systems on the planet, dedicated themselves to one goal: uncovering that ever-elusive link between performance and success. Now, based on years of academic research, *The Formula* finally unveils the groundbreaking discoveries of their pioneering study, not only highlighting the scientific and mathematic principles that underpin success, but also revolutionizing our understanding of: Why performance is necessary but not adequate Why "Experts" are often wrong How to assemble a creative team primed for success How to most effectively engage our networks And much more.

While a few people appear to be born leaders, the ability to lead is actually a collection of skills, nearly all of which can be learned and sharpened. Based on his New York Times bestseller *The 21 Irrefutable Laws of Leadership*, author John C. Maxwell presents a daily plan to help you grow as a leader in your personal, professional, and spiritual life.
