Willy Wonka meets The Matrix.”—USA Today • “As one adventure leads expertly to the next, time simply evaporates.”—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he’s jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he’s beset by rivals who’ll kill to take this prize. The race is on—and the only way to survive is to win. A Guide to Researching and Writing about Music

The Associated Press Stylebook 2015

Theory Workbook

An impressive range of jazz styles, from New Orleans to contemporary. All tunes suitable for less experienced players, with pitch range, chords and technical level carefully considered. Tunes in their most commonly played keys, with reliable melodies and chord changes. Comes in B flat, E flat, C Treble-clef and C Bass-clef editions.

Part I deals with the subjects of the Associated Board's Theory syllabus for grades 1-5. This book is intended to help people learning music to understand how music is written down, what the various signs and symbols denote, and what is meant by the common technical words used by musicians. Arising out of this, it provides an introduction to the basic elements in harmony and musical structure.

Covers the basics of Western classical tonal music theory, though it is applicable to a broad range of other music as well. The book covers basic notation of pitch and rhythm, major and minor keys, intervals, chords, harmony, and other concepts essential to a fundamental understanding of tonal music.

Based on the massively popular Web site thisdayinmusic.com, this extraordinary day-by-day diary recounts the musical firsts and lasts, blockbuster albums and chart-topping tunes, and other significant happenings on each of the 365 days of the year.

About the Author Victoria Williams graduated from the University of Leeds with a BA Hons degree in Music in 1995, where she specialised in Musicology. Victoria has been teaching music theory via her website www.mymusictheory.com since 2007, and has students in over 110 countries worldwide. She now specialises in music theory exam training, focusing mainly on the ABRSM music theory exams from grades 1 to 8, but also coaches students of other syllabuses such as AMEB and AP music theory.

Continuing the incredible popularity of Alfred's Basic Adult Piano Course, this new book adapts the same friendly and informative style for adults who wish to teach themselves. With the study guide pages that have been added to introduce the music, it's almost like having a piano teacher beside you as you learn the skills needed to perform popular and familiar music. There are also five bonus pieces: At Last \* Have Yourself a Merry Little Christmas \* Laura \* Over the Rainbow \* Singin' in the Rain. Included is a recording containing the piano part and an engaging arrangement for each of the 65 musical examples. 192 pages.

Many Western composers, including Debussy, Ravel, Messiaen, and Britten, have found inspiration in South East Asia's ancient musical traditions. Contact with a different musical language prompts many questions; this book is an attempt to set the scene and to answer the most essential of these,in as non-technical a way as possible. It focuses on the instruments themselves, set in the context of their musical function and of the history, beliefs, and social customs which the music expresses.

*Music in Words is a compact guide to researching and writing about music, addressing all the issues that anyone who writes about music--from students to professional musicians and critics--may confront when putting together anything from brief program notes to a lengthy thesis. The book is a writing guide and a reference manual in one: the first part, a "how to" section, offers a clear explanation of the purpose of music research and how it is to be done, including basic introductions to the most necessary tools for musical inquiry (with special emphasis on strategic use of the internet), and how they can be accessed and used. The second part is a compendium of information on style and sources for quick reference, including a straightforward presentation of the purpose and use of citation and reference systems as they are applied to and in music. As a whole, the volume gives readers a clear picture of how to write about music at different levels and for different purposes in a handy, thoroughly cross-referenced format. This American edition has been thoroughly revised and expanded, and features an extensive section on writing for the Internet and new sections on writing for jazz, popular music, world musics, and ethnography. Additionally, a companion website presents a broad range of writing samples and links to key resources.*

*Fully revised, this workbook remains the best way to prepare for ABRSM's Grade 5 Theory of Music Exam. Features a clear explanation of music notation, many worked examples and practice exercises, definitions of important words and concepts, specimen exam questions and helpful tips for students.*
