This resource guide aims to assemble within one volume brief details of all the surviving buildings in England and Wales as well as smaller artifacts which may be described collectively as contents. The guide is targeted both at researchers from a variety of disciplines - historical, archaeological and architectural etc. - as well as at individual

to track down items of particular interest. It is also hoped that it will become a standard of reference in libraries. About 580 monastic houses are referred to in the text, the author having visited almost all of them over a period of fifteen years. As far as the author is aware, no comprehensive effort has been made to bring this data together

therefore to fill a significant information gap. Ecclesiastical Chronicle for Scotland. With Impressions of Monastic Seals, Orders of the Religious. List of Abbots and Priors, etc., etc., etc

Abbeys and Pories of Medieval Wales is a comprehensive, illustrated guide to the religious houses of Wales from the twelfth to the sixteenth centuries. It offers a thorough introduction to the history of the monastic orders in Wales (the Benedictines, Cluniacs, Augustinians, Premonstratensians, Cistercians, the military orders, and the friars),

and to the life inside medieval Welsh monasteries and nunneries, as well as providing the histories of almost sixty communities of religious men and women, and descriptions of the standing remains of their buildings. As well as a being a scholarly book, a number of maps, ground plans, and practical information make this moreover an

indispensable guide for visitors to Wales's monastic heritage. The monastic houses of medieval Wales were of great cultural and political, as well as religious significance, yet to many they remain picturesque ruins of a bygone age. This book brings these institutions to life for readers, and locates them firmly within the broader history of Wales

and the Welsh.

At the height of the middle ages, there were hundreds of abbeys and priories throughout England. The ruins of some of those that were destroyed at the time of the Dissolution of the Monasteries are today seen as iconic medieval buildings - such as Fountains Abbey in Yorkshire, designated a World Heritage site, or Tintern Abbey on the river

Wye, immortalised by Wordsworth.
