Tim Euston was willing to risk his life for his nation's independence and his opportunity came when a murder led him into a dangerous involvement with smugglers and spies. It was 1777, the end of the second year of the American Revolution, and the town of Yonkers was on the Neutral Ground - the no man's land that separated the British on Manhattan Island from the Americans to the north. On a cold January night, Tim Euston was thrown in jail - accused of robbery by the man who had his hands on Tim's fourteen-year-old sister, Sadie. Two days later the only adult who could testify to Tim's innocence was found dead. Testimonies of friends were enough to get Tim out of jail but the father of one of these boys was wrongfully convicted. Who was the real killer? Those with motives had alibis, and many just did not care. Both the man killed and the man punished were poor and powerless. But Tim Euston cared. They were his friends. Tim wanted justice

Anthony "Tony" Roddy at age 56 put talk with walk, and walked the talk. Tony is living proof of some harrowing experiences that worked out, while over in Iraq. It wasn't easier once I got back to the states. I found myself divorced after 21 years of marriage. Out for a walk is filled with empowering motivational useful advice, animated by moving stories. With "Esmeralda" my granddaughter's stroller which has been modified to carry all my supplies for the trip, we walked from Wells Beach, Maine, to Imperial Beach, California, between April 19th and December 15th, 2015. I crossed 13 states in 244 days, walking approximately 3,073 miles. The book summarizes the formula for daily peace and happiness. This book is told with style and with a little suspense from state to state. Changing negative criticism to positive thinking is my goal with one step at a time. Dawn Tarnauer's life isn't exactly a success story. Already twice divorced, the young Californian is too busy job-hopping to start a career, her current boyfriend insists on living "off the grid," her Life Coach sister perpetually interferes with incomprehensible affirmations, her eccentric mother is busy promoting the culmination of her life's work: The Every Holiday Tree, and her father is ending his brief third marriage while scheduling two dates for the same night. Dawn's only source of security and comfort, it seems, is Chuck, a pit-bull mix from the pound. So, when her boyfriend announces that he's leaving her for another woman, a despairing Dawn turns to Chuck for solace. "I should have said something sooner," Chuck confides, as he tries to console her. "Couldn't you smell her on his pants?" Dawn is stunned. It's one thing to talk to your

pets, but what do you do when they start talking back? It's not just Chuck, either; she can hear all dogs—and man's best friend has a lot to say. The ever-enthusiastic Chuck offers his tried-and-true advice on the merits of knocking over garbage and strewing it everywhere, auxiliary competitive peeing etiquette, and the curative powers of tossing a ball. Doubtful of her own sanity, Dawn considers that, in the ways of life and love, it might be better to trust Chuck's doggie instincts instead of her own. Filled with sharp wit, biting humor, and canine conversation that would make Doctor Dolittle's jaw drop, Merrill Markoe's engaging, cleverly written novel is about the confusing search for love and the divine acts of dog.

The triumphant conclusion to the trilogy that began with *A Star Called Henry* Watch for Roddy Doyle's new novel, *Smile*, coming in October of 2017 Henry Smart is back. It is 1946, and Henry has crawled into the desert of Utah's Monument Valley to die. He's stumbled onto a film set though, and ends up in Hollywood collaborating with John Ford on a script based on his life. Eventually, Henry finds himself back in Ireland, where he becomes a custodian, and meets up with a woman who may or may not be his long-lost wife. After being injured in a political bombing in Dublin, the secret of his rebel past comes out, and Henry is a national hero. Or are his troubles just beginning? Raucous, colorful, and epic, *The Dead Republic* is the magnificent final act in the life of one of Doyle's most unforgettable characters.

Francis Dempsey and his shell-shocked brother, Michael, are on an ocean liner from Ireland bound for their brother Martin's home in New York City, having stolen a small fortune from the IRA. During the week that follows, the lives of these three brothers collide spectacularly with big-band jazz musicians, a talented but fragile heiress, a Jewish street photographer facing a return to Nazi-occupied Prague, a vengeful mob boss, and the ghosts of their own family's revolutionary past. When Tom Cronin, an erstwhile assassin forced into one last job, tracks the brothers down, their lives begin to fracture. Francis must surrender to blackmail or have his family suffer fatal consequences. Michael, lost and wandering alone, turns to Lilly Bloch, a heartsick artist, to recover his decimated memory. suffused with an electric feeling of hope, caught up in the fervor of the World's Fair and eager for good times after a decade of deprivation. From the smoky jazz joints of Harlem to the opulent Plaza Hotel, from the garrets of vagabonds and artists in the Bowery to the backroom warrens and shadowy warehouses of mobsters in Hell's Kitchen, Brendan Mathews brings the prewar metropolis to vivid, pulsing life. The sweeping, intricate, and ambitious storytelling throughout this remarkable debut reveals an America that blithely hoped it could avoid another catastrophic war and focus instead on the promise of the World's Fair: a peaceful, prosperous "World of Tomorrow."
